TRADEMARK ASSIGNMENT

This trademark assignment ("Assignment") dated as of May 31, 2013 (the "Effective Date"), is made by and between Greenlight Financial Services, a California corporation ("Assignor"), and Nationstar Mortgage LLC, a Delaware limited liability company ("Assignee").

WITNESSETH:

WHEREAS, Assignor is the record owner of the trademarks and trademark registrations and applications, together with the goodwill of the business connected with the use of, or symbolized by, the foregoing, identified on Schedule A (collectively, the "Trademarks");

WHEREAS, Assignee is the successor to the business to which the Trademarks relate and such business is ongoing and existing; and

WHEREAS, Assignee, Assignor and Joann Pham have entered into an Acquisition Agreement, dated as of May 6, 2013 (the "Acquisition Agreement"), pursuant to which, among other things, Assignor agreed to sell to Assignee or its designated wholly owned subsidiaries, and Assignee agreed to purchase and assume certain assets, including the Trademarks associated with such assets, from Assignor in consideration for the assumption by Assignee of the Assumed Liabilities and payment by Assignee of the Purchase Price and, if applicable, the Holdback Amount (each as defined in the Acquisition Agreement) to Assignor.

NOW, THEREFORE, in consideration of the foregoing and the mutual promises and agreements contained in the Acquisition Agreement and in this Assignment, and for other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Assignment. Assignor hereby assigns to Assignee, and Assignee hereby accepts, all right, title, and interest in and to the Trademarks, including without limitation, all past and present goodwill associated therewith or symbolized thereby, all common law and contractual rights thereto, all registrations that have been or may be granted thereon, all applications for registrations thereof, and all records and files related thereto, together with the right to (i) apply for, make filings with respect to and maintain all registrations, renewals and extensions thereof, (ii) sue and recover damages due or accrued for and defend against all causes of action (either in Law or in equity) including for future, present or past infringements thereof, and for intent-to-use U.S. applications, that portion of the business of Assignor to which such Trademarks pertain, which business is ongoing and existing and (iii) all other rights of any kind whatsoever of Assignor accruing thereunder. The assignments contemplated herein are meant to be absolute assignments and not by way of security.

2. Cooperation. This Assignment has been executed and delivered by the Assignor for the purpose of recording the assignment herein with the appropriate Governmental Authority. Assignor agrees to execute and deliver such other documents and to take all such other actions which the Assignee, its successors and assigns may reasonably request to effect the terms of this Assignment and to execute and deliver any and all affidavits, testimonies, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required to effect the terms of this Assignment or to perfect Assignee's rights, title and interest in and to the Trademarks, including without limitation its recordation in relevant state and national trademark offices.

3. Acquisition Agreement. Nothing in this Assignment shall limit Assignee's rights to the Transferred Intellectual Property under the Acquisition Agreement.

4. General Provisions. Capitalized terms used herein but not defined herein shall have the meanings set forth in the Acquisition Agreement. This Assignment may be executed in any number of counterparts, each of which shall be deemed to be an original, and all of which together shall constitute one and the same instrument. This Assignment along with its Schedule, together with the Acquisition Agreement and the Schedules and Exhibits thereto, constitute the entire understanding and agreement of the parties hereto with respect to the subject matter hereof and supersede all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between and among the parties with respect hereto. In the event of any conflict between the terms of this Assignment and the terms of the Acquisition Agreement, the terms of the Acquisition Agreement shall control. This Assignment may not be supplemented, altered, or modified in any manner except by a writing signed by all parties hereto. The failure of any party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Assignment is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

5. Governing Law; Jurisdiction and Venue. This Agreement shall be governed by and construed in accordance with federal Law, but if federal Law does not provide a rule of decision it shall be governed by and construed in accordance with the Law of the State of New York (excluding any conflict of laws rule or principle under New York Law that might refer the governance or the construction of this Assignment to the Law of another jurisdiction).
