## **TRADEMARK ASSIGNMENT AND ASSUMPTION AGREEMENT**

This Trademark Assignment and Assumption Agreement (“Assignment”) is made on this 4<sup>th</sup> day of December, 2013, between Pro-Line International, Inc., a Delaware corporation (“Assignor”), and STRENGTH OF NATURE, LLC, a Georgia limited liability company (“Assignee”). All capitalized terms used in this Assignment and not otherwise defined herein shall have the respective meanings ascribed to such terms in the Asset Purchase Agreement (the “Asset Purchase Agreement”), dated November 15, 2013, by and between Conopco, Inc., a New York corporation (the “Company”) and Assignee.

**WHEREAS**, Assignor is the owner of all right, title and interest in and to the Transferred Trademarks listed on the attached Schedule A, the applications and/or registrations therefor, and the common law rights therein, as well as the goodwill associated with the business symbolized by the Transferred Trademarks (collectively, the “Marks”);

**WHEREAS**, Assignee is desirous of acquiring all of Assignor’s rights in and to the Marks; and

**WHEREAS**, this Assignment may be recorded by Assignee in its sole discretion as it deems appropriate with the applicable governmental office or administrative agency.

**NOW, THEREFORE**, for the good and valuable consideration set out in the Asset Purchase Agreement, the receipt and adequacy of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over to Assignee, its entire right, title, and interest in and to the Marks; and

Said Marks to be held and enjoyed by the above-named Assignee, for Assignee’s own use and benefit, and for Assignee’s successors and assigns to the full end of the terms for which said trademarks may be granted, including any renewals thereof, as fully and entirely as the same would have been held by the undersigned Assignor had this assignment and sale not been made; and for the aforesaid consideration Assignor hereby covenants, agrees and undertakes to execute, whenever reasonably requested in writing by the above-named Assignee, all trademarks registrations, assignments, lawful oaths and any other papers which are provided to it by the Assignee and which are reasonably necessary or desirable for securing to Assignee or for maintaining for Assignee the Marks hereby assigned, at the sole cost and expense of Assignee. Each party acknowledges that, in entering into this Agreement, it has not relied on, and shall have no right or remedy in respect of, any statement, representation or warranty other than as expressly set out in the Asset Purchase Agreement.

The interpretation and performance of this Assignment shall be governed by and in accordance with the laws of the State of New York without regard to such State’s conflicts of law principles (other than Section 5-1401 of the General Obligations Law of the State of New York).
