INTELLECTUAL PROPERTY ASSIGNMENT

This INTELLECTUAL PROPERTY ASSIGNMENT ("Assignment Agreement"), dated as of the 23rd day of December, 2013, is by and between ARGANESE INERNATIONAL, LLC, a Connecticut limited liability company with an address of 149 Atlantic Avenue, Westerly, RI, 02891 (hereinafter "Assignor") and CIGARS INTERNATIONAL, INC., a Delaware corporation with an address of 1911 Spillman Drive, Bethlehem, PA 18015 (hereinafter "Assignee").

WHEREAS, Assignor and Assignee are parties to a Trademark License and Purchase Agreement, dated April 1, 2012 (the "Trademark Purchase Agreement"), executed in connection with the sale to Assignee of the federally-registered trademarks more particularly described on Exhibit A attached hereto and other common law trademark rights as more particularly described in the Trademark Purchase Agreement; and

WHEREAS, pursuant to the Trademark Purchase Agreement, Assignor has agreed to transfer and assign its entire right, title and interest in and to intellectual property developed by or on behalf of Assignor, and all intellectual property rights associated therewith, including the federally-registered trademarks, trade dress, copyrights, and trade secrets as specifically set forth on Exhibit A hereto and the common law trademark rights more particularly described in the Trademark Purchase Agreement, which the Assignor acknowledges and agrees is the subject of this Assignment Agreement ("Assigned Intellectual Property").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

Assignor hereby conveys, grants, bargains, sells, transfers, sets over, assigns, releases and delivers unto Assignee, its successors and assigns forever, all present and future worldwide right, title and interest of Assignors in and to the Assigned Intellectual Property, together with all goodwill associated therewith in all media and formats, along with all causes of action, including those for infringement, known or unknown, that have accrued or will accrue, free and clear of any and all encumbrances, liens, charges, claims, community property interests, conditions, equitable interests, options, pledges, security interests, right of first refusals, or restrictions of any kind, including any restrictions on use, voting, transfer, receipt of income, or exercise of any other attribute of ownership. Without limiting the foregoing, Assignee will have the sole and exclusive right to reproduce, publish, display, distribute, alter, revise, improve, enhance, modify, sell, and otherwise fully exploit the Assigned Intellectual Property, or to refrain therefrom, and to grant such rights to others. Further, Assignee will have the sole right to register such Assigned Intellectual Property or refrain therefrom.

Assignor agrees to execute all documents and assist in all proceedings to perfect, register, or record the rights of the Assignee to the Assigned Intellectual Property as conveyed by this Assignment Agreement as Assignee may reasonably deem appropriate and Assignor further agrees to provide statements or testimony in any proceeding in which said Assigned Intellectual Property may be involved. Assignors hereby constitute and appoint Assignee, and its successors and assigns, the true and lawful attorney in fact of Assignor with full power of substitution in the
