2. GRANT OF SECURITY INTEREST

2.1. **Security Interest.** To secure the prompt and complete payment and performance of the Secured Obligations when due, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise (including the payment of amounts that would become due but for the operation of the automatic stay under *Section 362(a)* of the Bankruptcy Code or any similar provisions of other applicable laws), each Grantor hereby grants to Secured Party a continuing security interest in, a Lien upon, and a right of set off against, and hereby assigns to Secured Party as security, all personal property of such Grantor, whether now owned or hereafter acquired or existing, and wherever located (together with all other collateral security for the Secured Obligations at any time granted to or held or acquired by Secured Party, collectively, the **"Collateral"**), including:

- (a) Accounts;
- (b) Chattel Paper;

- (c) Commercial Tort Claims;
- (d) Deposit Accounts, Securities Accounts, and Commodity Accounts;
- (e) Documents;
- (f) General Intangibles;
- (g) Goods;
- (h) Instruments;
- (i) Investment Related Property;
- (j) Letter of Credit Rights;
- (k) Money;
- (l) Fixtures;
- (m) Intellectual Property;
- (n) Material Agreements;
- (o) Vehicles;
- (p) to the extent not otherwise included above, all Collateral Records, Collateral Support, and Supporting Obligations relating to any of the foregoing; and
- (q) to the extent not otherwise included above, all accessions to, substitutions for, and all replacements, products, Proceeds of the foregoing, including Proceeds of and unearned premiums with respect to insurance policies, and claims against any Person for loss, damage, or destruction of any Collateral.

If the security interest granted hereby in any rights of any Grantor under any contract included in the Collateral is expressly prohibited by such contract, then the security interest hereby granted therein nonetheless remains effective to the extent allowed by Article 9 of the UCC or other applicable law but is otherwise limited by that prohibition. In addition, the Collateral shall not include the outstanding capital stock of a Controlled Foreign Corporation in excess of 66% of the voting power of all classes of capital stock of such Controlled Foreign Corporation entitled to vote; *provided that* immediately upon the amendment of the Internal Revenue Code to allow the pledge of a greater percentage of the voting power of capital stock in a Controlled Foreign Corporation without adverse tax consequences, the Collateral shall include, and the security interest granted by each Grantor shall attach to, such greater percentage of capital stock of each Controlled Foreign Corporation. Furthermore, notwithstanding any contrary provision, each Grantor agrees that, if, but for the application of this paragraph, granting a security interest in the Collateral would constitute a fraudulent conveyance under 11 U.S.C. § 548 or a fraudulent conveyance or transfer under any state fraudulent conveyance, fraudulent transfer, or similar law in effect from time to time (each a "**fraudulent conveyance**"), then the security interest remains enforceable to the maximum extent possible without causing such security interest to be a fraudulent conveyance, and this Security Agreement is automatically amended to carry out the intent of this sentence.

2.2. Grantors Remain Liable. Notwithstanding anything to the contrary contained herein, (a) each Grantor shall remain liable under the contracts and agreements included in the Collateral to the extent set forth therein to perform all of its respective duties and obligations thereunder to the same extent as if this Security Agreement had not been executed, (b) the exercise by Secured Party of any of

its rights hereunder shall not release any Grantor from any of its duties or obligations under the contracts and agreements included in the Collateral, and (c) Secured Party shall not have any obligation or liability under any of the contracts and agreements included in the Collateral by reason of this Security Agreement, nor shall Secured Party be obligated to perform any of the obligations or duties of any Grantor thereunder or to take any action to collect or enforce any claim for payment assigned hereunder.

2.3. Authorization to File Financing Statements. Each Grantor hereby irrevocably authorizes Secured Party at any time and from time to time to file in any UCC jurisdiction any initial financing statements and amendments thereto that (a) indicate the Collateral (i) as all assets of such Grantor or words of similar effect, regardless of whether any particular asset comprised in the Collateral falls within the scope of Article 9 of the UCC, or (ii) as being of an equal or lesser scope or with greater detail, and (b) contain any other information required by Subchapter E of Article 9 of the UCC for the sufficiency or filing office acceptance of any financing statement or amendment, including (A) whether such Grantor is an organization, the type of organization and any organization identification number issued to such Grantor and (B) in the case of a financing statement filed as a fixture filing or indicating Collateral as as-extracted collateral or timber to be cut, a sufficient description of real property to which the Collateral relates. Each Grantor agrees to furnish any such information to Secured Party promptly upon request.

3. REPRESENTATIONS AND WARRANTIES. Each Grantor represents and warrants to Secured Party that the statements set forth in this ARTICLE III are true and correct as of the date of this Security Agreement. After the date of this Security Agreement, and with respect to any additional Collateral or additional specific descriptions of certain Collateral delivered to Secured Party in the future by Grantors, the representations and warranties set forth below will be true and correct in all material respects as of the date of delivery of such additional Collateral or additional specific descriptions of certain Collateral, except to the extent such representations and warranties specifically relate to an earlier date, in which case such representations and warranties are accurate in all material respects as of such earlier date. The failure of any of these representations or warranties or any description of Collateral therein to be accurate or complete shall not impair the security interest in any such Collateral:

3.1. Credit Agreement. As of the date hereof, each Grantor's representations and warranties in the Loan Documents to which such Grantor is a party are applicable to such Grantor or its assets or operations, and each such representation and warranty is true and correct.

3.2. Title; Authorization; Enforceability; Perfection. (g) **Additional Intellectual Property.** Each Grantor shall, within thirty (30) days of a triggering event, give Secured Party prompt written notice if such Grantor shall obtain rights to or become entitled to the benefit of any Intellectual Property not identified on **Schedule 3.17**. Each

Grantor shall execute and deliver any and all Patent Security Agreements, Copyright Security Agreements, or Trademark Security Agreements, each in form and substance satisfactory to Secured Party, as Secured Party may request to evidence Secured Party's Lien on such Intellectual Property.

(h) **Obligation During Default.** During the existence of an Event of Default, each Grantor shall use its best efforts to obtain any consents, waivers, or agreements necessary to enable Secured Party to exercise its rights and remedies with respect to the Intellectual Property.

4.8. **Collateral Notes and Collateral Note Security.** Without the prior written consent of Secured Party, no Grantor may, except in the ordinary course of such Grantor's business for amounts not to exceed \$150,000.00, (a) modify or substitute, or permit the modification, or substitution of, any Collateral Note or any Document evidencing the Collateral Note Security or (b) release any Collateral Note Security unless specifically required by the terms thereof.

4.9. **Instruments; Chattel Paper; and Documents.** Each Grantor will (a) deliver to Secured Party immediately upon execution of this Security Agreement the originals of all Chattel Paper and Instruments (if any then exists), (b) subsequent hereto, hold in trust for Secured Party upon receipt and immediately thereafter deliver to Secured Party any Chattel Paper and Instruments constituting Collateral, (c) mark conspicuously all Chattel Paper and Instruments (other than any delivered to Secured Party) with an appropriate reference to the security interest of Secured Party, and (d) upon Secured Party's request, deliver to Secured Party (and thereafter hold in trust for Secured Party upon receipt and immediately deliver to Secured Party) any Document evidencing or constituting Collateral.

4.10. **Deposit, Commodity, and Securities Accounts.** With respect to any Deposit Account, Commodity Account, or Securities Account, each Grantor shall (a) maintain such accounts at the institutions described on **Schedule 3.10** or such additional institutions as have complied with **clause (b)** hereof; (b) within thirty (30) days of the Closing Date, deliver to each depository bank and security intermediary a letter in form and substance satisfactory to Secured Party with respect to Secured Party's rights in such account and use its best efforts to obtain the execution of such letter by each institution stating that the pledge of such account has been recorded in the books and records of such institution and that Secured Party shall have exclusive Control over such account; (c) deliver to Secured Party all certificates or Instruments, if any, now or hereafter representing or evidencing such accounts, accompanied by duly executed instruments of transfer or assignment in blank, all in form and substance reasonably satisfactory to Secured Party. Without Secured Party's consent, no Grantor shall establish any additional accounts, unless such accounts are subject to Secured Party's exclusive control.

4.11. **Commercial Tort Claims.** If any Grantor at any time holds or acquires a Commercial Tort Claim, such Grantor shall (a) immediately forward to Secured Party written notification of any and all Commercial Tort Claims, including any and all actions, suits and proceedings before any court or Governmental Authority by or affecting such Grantor; and (b) execute and deliver such statements, Documents and notices and do and cause to be done all such things as may be required by Secured Party, or required by law, including all things which may from time to time be necessary under the UCC to fully create, preserve, perfect and protect the priority of Secured Party's security interest in any Commercial Tort Claims.

4.12. **Letters-of-Credit Rights.** If any Grantor is at any time a beneficiary under a letter of credit now or hereafter issued in favor of any Grantor, such Grantor shall promptly notify Secured Party thereof in writing and, at Secured Party's request, such Grantor shall, pursuant to an agreement in form and substance reasonably satisfactory to Secured Party, either (a) arrange for the issuer or any confirmer of such letter of credit to consent to an assignment to Secured Party of the Proceeds of any drawing under the letter of credit or (b) arrange for Secured Party to become the transferee beneficiary of the letter of credit, with Secured Party agreeing, in each case, that the Proceeds of any drawing under the letter of credit are to be applied to the Secured Obligations as provided in the Credit Agreement.

4.13. **Fixtures.** For any Collateral that is a Fixture or an accession which has been attached to real estate or other goods prior to the perfection of the security interest of Secured Party, the applicable Grantor shall furnish Secured Party, upon reasonable demand, a disclaimer of interest in each such Fixture or accession and a consent in writing to the security interest of Secured Party therein, signed by all persons having any interest in such Fixture or accession by virtue of any interest in the real estate or other goods to which such Fixture or accession has been attached.

4.14. **Federal, State or Municipal Claims.** Each Grantor will notify Secured Party of any Collateral which constitutes a claim against a Governmental Authority, or any instrumentality or agency thereof, the assignment of which claim is restricted by federal, state or municipal law.

4.15. **Warehouse Receipts Non-Negotiable.** Each Grantor agrees that if any warehouse receipt or receipt in the nature of a warehouse receipt is issued with respect to any of its inventory, such warehouse receipt or receipt in the nature thereof shall not be "negotiable" (as such term is used in Section 7-104 of the UCC).

4.16. **Mortgagee's and Landlord Waivers.** Each Grantor shall cause each mortgagee of real property owned by such Grantor (upon request by Secured Party) and each landlord of real property leased by such Grantor to execute and deliver Instruments satisfactory in form and substance to Secured Party by which such mortgagee or landlord waives their rights, if any, in the Collateral and permits Secured Party to enter the subject property during the existence of an Event of Default.

4.17. **Lockboxes.** Upon request of Secured Party, each Grantor shall execute and deliver to Secured Party irrevocable lockbox agreements in the form provided by or otherwise acceptable to Secured Party, which agreements shall be accompanied by an acknowledgment by the bank where the lockbox is located of the Lien of Secured Party granted hereunder and of irrevocable instructions to wire all amounts collected therein to a special collateral account at Secured Party.

4.18. **Use and Operation of Collateral.** Should any Collateral come into the possession of Secured Party, Secured Party may use or operate such Collateral for the purpose of preserving it or its value, pursuant to the order of a court of appropriate jurisdiction or in accordance with any other rights held by Secured Party in respect of such Collateral. Each Grantor covenants to promptly reimburse and pay to Secured Party, at Secured Party's request, the amount of all expenses (including the cost of any insurance and payment of taxes or other charges) incurred by Secured Party in connection with its custody and preservation of the Collateral, and all such expenses, costs, taxes, and other charges shall bear interest at the Default Rate until repaid and, together with such interest, shall be payable by Grantors to Secured Party upon demand and shall become part of the Secured Obligations. However, the risk of accidental loss or damage to, or diminution in value of, the Collateral is on Grantors, and Secured Party shall have no liability whatever for failure to obtain or maintain insurance, nor to determine whether any insurance ever in force is adequate as to amount or as to the risks insured. With respect to the Collateral that is in the possession of Secured Party, Secured Party shall have no duty to fix or preserve rights against prior parties to such Collateral and shall never be liable for any failure to use diligence to collect any amount payable in respect of such Collateral, but shall be liable only to account to Grantors for what it may actually collect or receive thereon. The provisions of this subparagraph are applicable whether or not an Event of Default has occurred.

4.19. **Certain Proceeds.** Notwithstanding any contrary provision herein, any and all Proceeds of any Collateral consisting of cash, checks and other non-cash items shall be part of the Collateral hereunder, and shall, if received by any Grantor, be held in trust for the benefit of Secured Party, in accordance with the Loan Documents, and, if required by any of the Loan Documents, shall forthwith be delivered to Secured Party (accompanied by proper instruments of assignment and/or stock and/or bond powers executed by such Grantor in accordance with Secured Party's instructions) to be held subject to the terms of this Security Agreement. Any cash Proceeds of the Collateral which come into the possession of Secured Party during the existence of an Event of Default (including insurance Proceeds) may, at Secured Party's option, be applied in whole or in part to the Secured Obligations (to the extent then due), be released in whole or in part to or on the written instructions of such Grantor for any general

or specific purpose, or be retained in whole or in part by Secured Party as additional Collateral. Except as otherwise expressly set forth above, the provisions of this subparagraph are applicable whether or not an Event of Default has occurred.

4.20. Further Assurances. At any time and from time to time, upon the request of Secured Party, and at the sole expense of Grantors, each Grantor shall promptly execute and deliver all such further Instruments and Documents and take such further actions as Secured Party may deem necessary or desirable (a) to assure Secured Party that its security interests hereunder are perfected with a first priority Lien, and (b) to carry out the provisions and purposes of this Security Agreement, including (i) the filing of such financing statements as Secured Party may require, (ii) executing control agreements with respect to the Collateral, in each case naming Secured Party, as secured party, in form and substance satisfactory to Secured Party, (iii) furnishing to Secured Party from time to time statements and schedules further identifying and describing the Collateral and such other reports in connection with the Collateral as Secured Party may reasonably request, all in reasonable detail, (iv) the deposit of all certificates of title issuable with respect to any of the Collateral and noting thereon the security interest hereunder, and (v) taking all actions required by law in any relevant UCC, or by other law as applicable in any foreign jurisdiction. A carbon, photographic, or other reproduction of this Security Agreement or of any financing statement covering the Collateral or any part thereof shall be sufficient as a financing statement and may be filed as a financing statement.

4.21. Additional Grantors. Upon the execution and delivery by any person of a security agreement supplement in form and substance satisfactory to Secured Party (each a "**Security Agreement Supplement**"), (a) such person (an "**Additional Grantor**") shall be and become a Grantor hereunder and each reference in this Security Agreement and the other Loan Documents to "Grantor" shall also mean and be a reference to such person, and (b) the supplemental **Schedules 3.5, 3.6, 3.10, and 3.17** attached to each Security Agreement Supplement shall be incorporated into and become a part of **Schedules 3.5, 3.6, 3.10, and 3.17** respectively, hereto, and Secured Party may attach such supplemental exhibits to such Schedules; each reference to such Schedules means a reference to such Schedules as supplemented pursuant to each Security Agreement Supplement.

5. REMEDIES UPON EVENT OF DEFAULT

5.1. Remedies. During the existence of an Event of Default under the Credit Agreement or any other Loan Document, Secured Party may exercise any or all of the following rights and remedies:

(a) **Contractual Remedies.** Those rights and remedies provided in this Security Agreement, the Credit Agreement, or any other Loan Document, *provided that this Section 5.1(a)* shall not limit any rights or remedies available to Secured Party prior to the occurrence of an Event of Default.

(b) **Legal Remedies.** Those rights and remedies available to a secured party under the UCC (whether or not the UCC applies to the affected Collateral) or under any other applicable law (including any law governing the exercise of a bank's right of setoff or bankers' lien) when a debtor is in default under a security agreement.

(c) **Disposition of Collateral.** Without notice except as specifically provided in **Section 5.2(c)** or elsewhere herein, sell, lease, assign, grant an option or options to purchase or otherwise dispose of the Collateral or any part thereof in one or more parcels at public or private sale, for cash, on credit or for future delivery, and upon such other terms as Secured Party may deem commercially reasonable. Neither Secured Party's compliance with any applicable state or federal law in the conduct of such sale, nor its disclaimer of any warranties relating to the Collateral, shall be considered to affect the commercial reasonableness of such sale. Each Grantor hereby waives (to the extent permitted by applicable law) all rights of redemption, stay and/or appraisal which it now has or may at any time in the future have under any rule of law or statute now existing or hereafter enacted.

(d) **Distributions.** During the existence of an Event of Default, all payments and distributions made to any Grantor upon or with respect to the Collateral shall be paid or delivered to Secured Party, and each Grantor agrees to take all such action as Secured Party may deem necessary or appropriate to cause all such payments and distributions to be made to Secured Party. Further, Secured Party shall have the right, at any time during the existence of any Event of Default, to notify and direct any issuer to thereafter make all payments, dividends, and any other distributions payable in respect thereof directly to Secured Party. Such issuer shall be fully protected in relying on the written statement of Secured Party that it then holds a security interest which entitles it to receive such payments and distributions. Any and all Money and other property paid over to or received by Secured Party hereunder shall be retained by Secured Party as additional collateral hereunder and may be applied in accordance with **Section 5.10** hereof.

(e) **Use of Premises.** Secured Party shall be entitled to occupy and use any premises owned or leased by any Grantor where any of the Collateral or any records relating to the Collateral are located until the Secured Obligations are paid or the Collateral is removed therefrom, whichever first occurs, without any obligation to pay such Grantor for such use and occupancy.

5.2. Grantors' Obligations During Event of Default. Upon the request of Secured Party during the existence of an Event of Default, each Grantor will:

(a) **Assembly of Collateral.** Assemble and make available to Secured Party the Collateral and all records relating thereto at any place or places specified by Secured Party.

(b) **Secured Party Access.** Permit Secured Party, by Secured Party's representatives and agents, to enter any premises where all or any part of the Collateral, or the books and records relating thereto, or both, are located, to take possession of all or any part of the Collateral and to remove all or any part of the Collateral.

(c) **Notice of Disposition of Collateral.** Each Grantor hereby waives notice of the time and place of any public sale or the time after which any private sale or other disposition of all or any part of the Collateral may be made. To the extent such notice may not be waived under applicable law, any notice made shall be deemed reasonable if sent to any Grantor, addressed as set forth in **Section 6.13**, at least ten (10) days prior to (i) the date of any such public sale or (ii) the time after which any such private sale or other disposition may be made. Secured Party shall not be obligated to make any sale or other disposition of the Collateral regardless of notice having been given. Subject to the provisions of applicable law, Secured Party may postpone or cause the postponement of the sale of all or any portion of the Collateral by announcement at the time and place of such sale, and such sale may, without further notice, to the extent permitted by law, be made at the time and place to which the sale was postponed, or Secured Party may further postpone such sale by announcement made at such time and place.

5.3. Condition of Collateral; Warranties. Secured Party has no obligation to clean-up or otherwise prepare the Collateral for sale. Secured Party may sell the Collateral without giving any warranties as to the Collateral. Secured Party may specifically disclaim any warranties of title or the like. This procedure will not be considered adversely to affect the commercial reasonableness of any sale of the Collateral.

5.4. Collection of Receivables. During the existence of an Event of Default, Secured Party may at any time in its sole discretion, by giving Grantors written notice, elect to require that the Receivables be paid directly to Secured Party. In such event, each Grantor shall, and shall permit Secured Party to, promptly notify the Account Debtors under the Receivables of Secured Party's interest therein and direct such Account Debtors to make payment of all amounts then or thereafter due under the Receivables directly to Secured Party. Upon receipt of any such notice from Secured Party, each Grantor shall thereafter hold in trust for Secured Party, all amounts and Proceeds received by it with respect to the Receivables and immediately and at all times thereafter deliver to Secured Party all such amounts

and Proceeds in the same form as so received, whether by cash, check, draft or otherwise, with any necessary endorsements. Secured Party shall hold and apply funds so received as provided by the terms of **Section 5.10**. If during the existence of an Event of Default, any Account Debtor fails or refuses to make payment on any Collateral when due, Secured Party is authorized, in its sole discretion, either in its own name or in the name of Grantors, to take such action as Secured Party shall deem appropriate for the collection of any amounts owed with respect to Collateral or upon which a delinquency exists. Each Grantor agrees that Secured Party may at any time and from time to time, during the existence of an Event of Default, compromise with the obligor on any Receivable, accept in full payment of any Receivable such amount as Secured Party in its sole discretion shall determine or abandon any Receivable, and any such action by Secured Party shall be commercially reasonable so long as Secured Party acts in good faith based on information known to it at the time it takes any such action. Regardless of any other provision hereof, however, Secured Party shall never be liable for its failure to collect, or for its failure to exercise diligence in the collection of, any amounts owed with respect to Collateral, nor shall it be under any duty whatsoever to anyone except Grantors to account for funds that it shall actually receive hereunder.

5.5. Cash Collateral Account. During the existence of an Event of Default, Secured Party shall have, and each Grantor hereby grants to Secured Party, the right and authority to transfer all funds on deposit in the Deposit Accounts to a "**Cash Collateral Account**" (herein so called) maintained with a depository institution acceptable to Secured Party and subject to the exclusive direction, domain, and Control of Secured Party, and no disbursements or withdrawals shall be permitted to be made by any Grantor from such Cash Collateral Account. Such Cash Collateral Account shall be subject to the security interest in favor of Secured Party herein created, and each Grantor hereby grants a security interest to Secured Party in and to, such Cash Collateral Account and all checks, drafts, and other items ever received by any Grantor for deposit therein. Furthermore, during the existence of an Event of Default, Secured Party shall have the right, at any time in its discretion without notice to any Grantor, (a) to transfer to or to register in the name of Secured Party or nominee any certificates of deposit or deposit instruments constituting Deposit Accounts and shall have the right to exchange such certificates or Instruments representing Deposit Accounts for certificates or Instruments of smaller or larger denominations and (b) to take and apply against the Obligations any and all funds then or thereafter on deposit in the Cash Collateral Account or otherwise constituting Deposit Accounts.

5.6. Intellectual Property. For purposes of enabling Secured Party to exercise its rights and remedies under this Security Agreement and enabling Secured Party and its successors and assigns to enjoy the full benefits of the Collateral as provided herein, each Grantor hereby grants to Secured Party an irrevocable, nonexclusive license (exercisable without payment of royalty or other compensation to any Grantor) to use, license, or sublicense any of the Intellectual Property during the existence of an Event of Default. Each Grantor shall provide Secured Party with reasonable access to all media in which any of the Intellectual Property may be recorded or stored and all computer programs used for the completion or printout thereof. This license shall also inure to the benefit of all successors, assigns, and transferees of Secured Party. During the existence of an Event of Default, Secured Party may require that Grantors assign all of their right, title, and interest in and to the Intellectual Property or any part thereof to Secured Party or such other person as Secured Party may designate pursuant to Documents satisfactory to Secured Party. If no Event of Default exists, Grantors shall have the exclusive, non-transferable right and license to use the Intellectual Property in the ordinary course of business and the exclusive right to grant to other persons licenses and sublicenses with respect to the Intellectual Property for full and fair consideration.

5.7. Record Ownership of Securities. During the existence of an Event of Default, Secured Party at any time may have any Collateral that is Pledged Equity Interests and that is in the possession of Secured Party, or its nominee or nominees, registered in its name, or in the name of its nominee or nominees, as Secured Party; and, as to any Collateral that is Pledged Equity Interests so registered, Secured Party shall execute and deliver (or cause to be executed and delivered) to the applicable Grantor all such proxies, powers of attorney, dividend coupons or orders, and other Documents as such Grantor may reasonably request for the purpose of enabling such Grantor to exercise the voting rights and powers which it is entitled to exercise under this Security Agreement or to receive the dividends and other

distributions and payments in respect of such Collateral that is Pledged Equity Interests or Proceeds thereof which it is authorized to receive and retain under this Security Agreement.

5.8. Investment Related Property. Each Grantor recognizes that, by reason of certain prohibitions contained in the Securities Act of 1933, as amended, and the rules and regulations promulgated thereunder (collectively, the "**Securities Act**") and applicable state securities laws, Secured Party may be compelled, with respect to any sale of all or any part of the Investment Related Property conducted without prior registration or qualification of such Investment Related Property under the Securities Act and/or such state securities laws, to limit purchasers to those who will agree, among other things, to acquire the Investment Related Property for their own account, for investment and not with a view to the distribution or resale thereof. Each Grantor acknowledges that any such private sale may be at prices and on terms less favorable than those obtainable through a public sale without such restrictions (including a public offering made pursuant to a registration statement under the Securities Act) and, notwithstanding such circumstances, each Grantor agrees that any such private sale shall be deemed to have been made in a commercially reasonable manner and that Secured Party shall have no obligation to engage in public sales and no obligation to delay the sale of any Investment Related Property for the period of time necessary to permit the issuer thereof to register it for a form of public sale requiring registration under the Securities Act or under applicable state securities laws, even if such issuer would, or should, agree to so register it. If, during the existence of an Event of Default, Secured Party determines to exercise its right to sell any or all of the Investment Related Property, upon written request, each Grantor shall and shall cause each issuer of any Pledged Equity Interests to be sold hereunder from time to time to furnish to Secured Party all such information as Secured Party may reasonably request and that Grantor has in its possession or control or may lawfully obtain in order to determine the number and nature of interest, shares or other Instruments included in the Investment Related Property which may be sold by Secured Party in exempt transactions under the Securities Act and the rules and regulations of the Securities and Exchange Commission thereunder. In case of any sale of all or any part of the Investment Related Property on credit or for future delivery, such Collateral so sold may be retained by Secured Party until the selling price is paid by the purchaser thereof, but Secured Party shall not incur any liability in case of the failure of such purchaser to take up and pay for such assets so sold and in case of any such failure, such Collateral may again be sold upon like notice. Secured Party, instead of exercising the power of sale herein conferred upon it, may, during the existence of an Event of Default, proceed by a suit or suits at law or in equity to foreclose security interests created hereunder and sell such Investment Related Property, or any portion thereof, under a judgment or decree of a court or courts of competent jurisdiction.

5.9. Sales on Credit. If Secured Party sells any of the Collateral upon credit, Grantors will be credited only with payments actually made by the purchaser, received by Secured Party, and applied to the indebtedness of the purchaser. In the event the purchaser fails to pay for the Collateral, Secured Party may resell the Collateral and Grantors shall be credited with the Proceeds of the sale.

5.10. Application of Proceeds. During the existence of an Event of Default, the Proceeds of the Collateral shall be applied by Secured Party to payment of the Secured Obligations in such manner and order as Secured Party may elect in its sole discretion. If the Proceeds of any sale or other disposition of the Collateral are insufficient to pay all the Secured Obligations, Grantors shall be liable for the deficiency and the fees of any attorneys employed by Secured Party to collect such deficiency.

5.11. Power of Attorney. Each Grantor hereby appoints Secured Party and Secured Party's designee as its attorney, with power: (a) during the existence of an Event of Default, to endorse such Grantor's name on any checks, notes, acceptances, money orders, or other forms of payment or security that come into Secured Party's possession; (b) to sign such Grantor's name on any invoice, bill of lading, warehouse receipt, or other negotiable or non-negotiable Document constituting Collateral, on drafts against customers, on assignments of Accounts, on notices of assignment, financing statements, and other public records, and to file any such financing statements by electronic means with or without a signature as authorized or required by applicable law or filing procedure; (c) during the existence of an Event of Default, to notify the post office authorities to change the address for delivery of any Grantor's mail to an address designated by Secured Party and to receive, open, and dispose of all mail addressed

to any Grantor; (d) to send requests for verification of Accounts to customers or Account Debtors; (e) during the existence of an Event of Default, to complete in any Grantor's name or Secured Party's name, any order, sale, or transaction, obtain the necessary Documents in connection therewith, and collect the Proceeds thereof; (f) to clear Inventory through customs in any Grantor's name, Secured Party's name, or the name of Secured Party's designee, and to sign and deliver to customs officials powers of attorney in any Grantor's name for such purpose; (g) to the extent that any Grantor's authorization given in **Section 2.3** of this Security Agreement is not sufficient, to file such financing statements with respect to this Security Agreement, with or without such Grantor's signature, or to file a photocopy of this Security Agreement in substitution for a financing statement, as Secured Party may deem appropriate and to execute in such Grantor's name such financing statements and amendments thereto and continuation statements which may require such Grantor's signature; and (h) subject to the terms and conditions of this Security Agreement and, if applicable, after Secured Party has determined that any Grantor has failed to take any action required under the Credit Agreement, this Security Agreement or any other Loan Documents, to do all things reasonably necessary to carry out the terms and conditions of the Credit Agreement and this Security Agreement. Each Grantor ratifies and approves all acts of such attorney. None of Lender or Secured Party nor their attorneys will be liable for any acts or omissions or for any error of judgment or mistake of fact or law except for their willful misconduct, gross negligence, or violation of law as determined by a court of competent jurisdiction in final and nonappealable judgment. This power, being coupled with an interest, is irrevocable until this Security Agreement is terminated in accordance with **Section 6.16**.

6. GENERAL PROVISIONS

6.1. Joint and Several Obligations of Grantors and Additional Grantors.

(a) Each Grantor and each Additional Grantor is accepting joint and several liability hereunder with other persons that have executed or will execute a Security Agreement in consideration of the financial accommodation to be provided by the holders of the Secured Obligations, for the mutual benefit, directly and indirectly, of Grantor and each Additional Grantor and in consideration of the undertakings of each Grantor and each Additional Grantor to accept joint and several liability for the Obligations of each of them.

(b) Each Grantor and each Additional Grantor jointly and severally hereby irrevocably and unconditionally accept, not merely as a surety but also as a co-debtor, joint and several liability with each Grantor and each other Additional Grantor with respect to the payment and performance of all of the Secured Obligations, it being the intention of the parties hereto that all the Secured Obligations shall be the joint and several Obligations of each Grantor and each Additional Grantor without preferences or distinction among them.

6.2. Limitation of Obligations.

(a) The provisions of this Security Agreement are severable, and in any action or proceeding involving any applicable law affecting the rights of creditors generally, if the Obligations of any Grantor under this Security Agreement would otherwise be held or determined to be avoidable, invalid or unenforceable on account of the amount of such Grantor's liability under this Security Agreement, then, notwithstanding any other provision of this Security Agreement to the contrary, the amount of such liability shall, without any further action by Grantors or Secured Party, be automatically limited and reduced to the highest amount that is valid and enforceable as determined in such action or proceeding (such highest amount determined hereunder being the relevant Grantor's "**Maximum Liability**"). This **Section 6.2** with respect to the Maximum Liability of each Grantor is intended solely to preserve the rights of Secured Party hereunder to the maximum extent not subject to avoidance under applicable law, and none of Grantors or any other Person shall have any right or claim under this **Section 6.2(a)** with respect to the Maximum Liability, except to the extent necessary to ensure that the Obligations of Grantors hereunder shall not be rendered voidable under applicable law.

(b) Each Grantor agrees that the Secured Obligations may at any time and from time to time exceed the Maximum Liability of such Grantor, and may exceed the aggregate Maximum Liability of all other Grantors, without impairing this Security Agreement or affecting the rights and remedies of Secured Party. Nothing in this **Section 6.2(b)** shall be construed to increase any Grantor's Obligations hereunder beyond its Maximum Liability.

(c) Notwithstanding any or all of the Secured Obligations becoming unenforceable against any Grantor or the determination that any or all of the Secured Obligations shall have become discharged, disallowed, invalid, illegal, void or otherwise unenforceable as against any Grantor (whether by operation of any present or future law or by order of any court or governmental agency), the Secured Obligations shall, for the purposes of this Security Agreement, continue to be outstanding and in full force and effect.

6.3. NO RELEASE OF GRANTORS. THE OBLIGATIONS OF GRANTORS UNDER THIS SECURITY AGREEMENT SHALL NOT BE REDUCED, LIMITED OR TERMINATED, NOR SHALL GRANTORS BE DISCHARGED FROM ANY OBLIGATION HEREUNDER, FOR ANY REASON WHATSOEVER (other than pursuant to **Section 6.16**), including (and whether or not the same shall have occurred or failed to occur once or more than once and whether or not Grantors shall have received notice thereof):

(a) (i) any increase in the principal amount of, or interest rate applicable to, (ii) any extension of the time of payment, observance or performance of, (iii) any other amendment or modification of any of the other terms and provisions of, (iv) any release, composition or settlement (whether by way of acceptance of a plan of reorganization or otherwise) of, (v) any subordination (whether present or future or contractual or otherwise) of, or (vi) any discharge, disallowance, invalidity, illegality, voidness or other unenforceability of, the Secured Obligations;

(b) (i) any failure to obtain, (ii) any release, composition or settlement of, (iii) any amendment or modification of any of the terms and provisions of, (iv) any subordination of, or (v) any discharge, disallowance, invalidity, illegality, voidness or other unenforceability of, any Loan Documents;

(c) (i) any failure to obtain or any release of, any failure to protect or preserve, (ii) any release, compromise, settlement or extension of the time of payment of any Obligations constituting, (iii) any failure to perfect or maintain the perfection or priority of any Lien upon, (iv) any subordination of any Lien upon, or (v) any discharge, disallowance, invalidity, illegality, voidness or other unenforceability of any Lien or intended Lien upon, any collateral now or hereafter securing, the Secured Obligations or any other guaranties thereof;

(d) any termination of or change in any relationship between Grantors and Secured Party or the addition or release of any Grantor, any other grantor, or any other Obligated Party;

(e) any exercise of, or any failure or election not to exercise, delay in the exercise of, waiver of, or forbearance of or other indulgence with respect to, any right, remedy or power available to Secured Party, including (i) any election not to or failure to exercise any right of setoff, recoupment or counterclaim, (ii) any election of remedies effected by Secured Party, including the foreclosure upon any real estate constituting collateral, whether or not such election affects the right to obtain a deficiency judgment, and (iii) any election by Secured Party in any proceeding under the Bankruptcy Code of the application of *Section 1111(b)(2)* of the Bankruptcy Code; and

(f) ANY OTHER ACT OR FAILURE TO ACT OR ANY OTHER EVENT OR CIRCUMSTANCE THAT (i) VARIES THE RISK OF GRANTORS UNDER THIS SECURITY AGREEMENT OR (ii) BUT FOR THE PROVISIONS HEREOF, WOULD, AS A MATTER OF STATUTE OR RULE OF LAW OR EQUITY, OPERATE TO REDUCE, LIMIT OR TERMINATE

THE OBLIGATIONS OF GRANTORS HEREUNDER OR DISCHARGE GRANTORS FROM ANY OBLIGATION HEREUNDER.

6.4. Subordination of Certain Claims. Any and all rights and claims of Grantors against any other Person or property, arising by reason of any payment by any Grantors to Secured Party pursuant to the provisions, or in respect, of this Security Agreement shall be subordinate, junior and subject in right of payment to the prior and indefeasible payment in full of all Secured Obligations to Secured Party, and until such time, Grantors defer all rights of subrogation, contribution or any similar right they may hold with respect to such Person and until such time agree not to enforce any such right or remedy Grantors may now or hereafter have against any such Person or property, any endorser or any other grantor of all or any part of the Secured Obligations and any right to participate in, or benefit from, any security given to Secured Party to secure any of the Secured Obligations. All Liens and security interests of Grantors, whether now or hereafter arising and howsoever existing, in assets of Grantors or any assets securing the Secured Obligations shall be and hereby are subordinated to the rights and interests of Secured Party and in those assets until the prior and indefeasible final payment in full of all Secured Obligations to Secured Party. If any amount shall be paid to any Grantor contrary to the provisions of this **Section 6.4** at any time when any of the Secured Obligations shall not have been indefeasibly paid in full, such amount shall be held in trust for the benefit of Secured Party and shall forthwith be turned over in kind in the form received to Secured Party (duly endorsed if necessary) to be credited and applied against the Secured Obligations, whether matured or unmatured, in accordance with the terms of the Credit Agreement.

6.5. Recovered Payments. The Secured Obligations shall be deemed not to have been paid, observed or performed, and Grantors' Obligations under this Security Agreement in respect thereof shall continue and not be discharged, to the extent that any payment, observance or performance thereof by any Grantor is recovered from or paid over by or for the account of Secured Party for any reason, including as a preference or fraudulent transfer or by virtue of any subordination (whether present or future or contractual or otherwise) of the Secured Obligations, whether such recovery or payment over is effected by any judgment, decree or order of any court or governmental agency, by any plan of reorganization or by settlement or compromise by Secured Party (whether or not consented to by Grantors) of any claim for any such recovery or payment over. Each Grantor hereby expressly waives the benefit of any applicable statute of limitations and agrees that it shall be liable hereunder whenever such a recovery or payment over occurs.

6.6. No Waiver. No delay or omission of Secured Party to exercise any right or remedy granted under this Security Agreement shall impair such right or remedy or be construed to be a waiver of any Event of Default, or an acquiescence therein, and any single or partial exercise of any such right or remedy shall not preclude any other or further exercise thereof or the exercise of any other right or remedy. No waiver, amendment or other variation of the terms, conditions or provisions of this Security Agreement whatsoever shall be valid unless in writing signed by Secured Party and then only to the extent in such writing specifically set forth. All rights and remedies contained in this Security Agreement or by law afforded shall be cumulative and all shall be available to Secured Party until the Secured Obligations have been paid in full.

6.7. Secured Party Performance of Grantors' Obligations. Without having any obligation to do so, Secured Party may perform or pay any Obligation which any Grantor has agreed to perform or pay in this Security Agreement and each Grantor shall, jointly and severally, reimburse Secured Party for any amounts paid by Secured Party pursuant to this **Section 6.7**. Each Grantor's Obligation to reimburse Secured Party pursuant to the preceding sentence shall be a Secured Obligation payable on demand.

6.8. Specific Performance of Certain Covenants. Each Grantor acknowledges and agrees that a breach of any of the covenants contained in **Sections 4.2(d), 4.2(f), 4.9, 4.17, 5.4, 5.5, 5.6, 5.10, 5.11, or 6.9** will cause irreparable injury to Secured Party, that Secured Party has no adequate remedy at law in respect of such breaches and therefore agrees, without limiting the right of Secured Party to seek and obtain specific performance of other Obligations of such Grantor contained in this Security

Agreement, that the covenants of such Grantor contained in the Sections referred to in this **Section 6.8** shall be specifically enforceable against such Grantor.

6.9. **Dispositions Not Authorized.** No Grantor is authorized to sell or otherwise dispose of the Collateral except as set forth in **Section 4.2(e)** and notwithstanding any course of dealing between any Grantor and Secured Party or other conduct of Secured Party, no authorization to sell or otherwise dispose of the Collateral (except as set forth in **Section 4.2(e)**) shall be binding upon Secured Party unless such authorization is in writing signed by Secured Party.

6.10. **Waivers.** Except to the extent expressly otherwise provided herein or in other Loan Documents and to the fullest extent permitted by applicable law, each Grantor waives (a) any right to require Secured Party to proceed against any other Person, to exhaust its rights in Collateral, or to pursue any other right which Secured Party or any Lender may have; (b) with respect to the Secured Obligations, presentment and demand for payment, protest, notice of protest and nonpayment, notice of intent to accelerate, and notice of acceleration; and (c) all rights of marshaling in respect of any and all of the Collateral.

6.11. **Benefit of Agreement.** The terms and provisions of this Security Agreement shall be binding upon and inure to the benefit of Grantors, Secured Party and their respective successors and assigns, except that no Grantor shall have the right to assign its rights or delegate its Obligations under this Security Agreement or any interest herein, without the prior written consent of Secured Party.

6.12. **Survival.** All representations and warranties of each Grantor contained in this Security Agreement shall survive the execution and delivery of this Security Agreement. Without prejudice to the survival of any other Obligation of each Grantor hereunder, the Obligations of each Grantor under **Sections 6.14** and **6.18** shall survive termination of this Security Agreement.

6.13. **Sending Notices.** Whenever any notice is required or permitted to be given under the terms of this Security Agreement, the same shall, except as otherwise expressly provided for in this Security Agreement, be given in writing, and sent by: (a) certified mail, return receipt requested, postage prepaid; (b) a national overnight delivery service; (c) hand delivery with written receipt acknowledged; or (d) facsimile, followed by a copy sent in accordance with **clause (b)** or **(c)** of this **Section 6.13** sent the same day as the facsimile, in each case to the address or facsimile number (together with a contemporaneous copy to each copied addressee), as applicable, set forth on the signature page to this Security Agreement or in the Credit Agreement. Lender and Grantors shall not conduct communications contemplated by this Security Agreement by electronic mail or other electronic means, except by facsimile transmission as expressly provided in this **Section 6.13**, and the use of the phrase "in writing" or the word "written" shall not be construed to include electronic communications except by facsimile transmissions as expressly provided in this **Section 6.13**. Any notice required or given hereunder shall be deemed received the same Business Day if sent by hand delivery or facsimile, the next Business Day if sent by overnight courier, or three (3) Business Days after posting if sent by certified mail, return receipt requested; *provided that* any notice received after 5:00 p.m. Texas time on any Business Day or received on any day that is not a Business Day shall be deemed to have been received on the following Business Day.

6.14. **Taxes and Expenses.** Any taxes (including income taxes) payable or ruled payable by federal or state authority in respect of this Security Agreement shall be paid by each Grantor, together with interest and penalties, if any. Grantors shall jointly and severally reimburse Secured Party for any and all out-of-pocket expenses and internal charges (including reasonable attorneys', auditors' and accountants' fees and reasonable time charges of attorneys, paralegals, auditors and accountants who may be employees of Secured Party) paid or incurred by Secured Party in connection with the preparation, execution, delivery, and administration, of this Security Agreement and in the audit, analysis, administration, collection, preservation or sale of the Collateral (including the expenses and charges associated with any periodic or special audit of the Collateral). In addition, Grantors shall be jointly and severally obligated to pay all of the costs and expenses incurred by Secured Party, including reasonable attorneys' fees and court costs, in obtaining or liquidating the Collateral, in enforcing payment of the

Secured Obligations, or in the prosecution or defense of any action or proceeding by or against Secured Party or any Grantor concerning any matter arising out of or connected with this Security Agreement, any Collateral or the Secured Obligations, including any of the foregoing arising in, arising under or related to a case under any bankruptcy, insolvency or similar law. Any and all costs and expenses incurred by each Grantor in the performance of actions required pursuant to the terms hereof shall be borne solely by such Grantor.

6.15. **Headings.** The title of and section headings in this Security Agreement are for convenience of reference only, and shall not govern the interpretation of any of the terms and provisions of this Security Agreement.

6.16. **Termination.** This Security Agreement shall continue in effect (notwithstanding the fact that from time to time there may be no Secured Obligations outstanding) until (a) the Credit Agreement has terminated pursuant to its express terms and (b) all of the Secured Obligations have been indefeasibly paid and performed in full and no commitments of Secured Party which would give rise to any Secured Obligations are outstanding; *provided that* the termination of this Security Agreement under this **Section 6.16** is subject to **Section 6.5**.

6.17. **GOVERNING LAW.** THIS SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF TEXAS, BUT GIVING EFFECT TO FEDERAL LAWS APPLICABLE TO NATIONAL BANKS.

6.18. **Indemnity.** Each Grantor does hereby assume all liability for the Collateral, for the security interest of Secured Party, and for any use, possession, maintenance, and management of, all or any of the Collateral, including any taxes arising as a result of, or in connection with, the transactions contemplated herein, and agrees to assume liability for, and to indemnify and hold Secured Party and its respective successors, assigns, agents, attorneys, and employees harmless from and against, any and all claims, causes of action, or liability, for injuries to or deaths of persons and damage to property, howsoever arising from or incident to such use, possession, maintenance, and management, whether such persons be agents or employees of any Grantor or of third parties, or such damage be to property of any Grantor or of others. Each Grantor does hereby indemnify, save, and hold Secured Party and its respective successors, assigns, agents, attorneys, and employees harmless from and against, and covenants to defend Secured Party against, any and all third-party losses, damages, claims, costs, penalties, liabilities, and expenses (collectively, "**Claims**"), including court costs and attorneys' fees, and any of the foregoing, **ARISING FROM THE NEGLIGENCE OF SECURED PARTY OR ANY OF ITS OFFICERS, EMPLOYEES, AGENTS, ADVISORS, OR REPRESENTATIVES**, howsoever arising or incurred because of, incident to, or with respect to Collateral or any use, possession, maintenance, or management thereof; *provided, however*, that the indemnity set forth in this **Section 6.18** will not apply to Claims caused by the gross negligence or willful misconduct of Secured Party or any of its officers, employees, agents, advisors, or representatives, as determined by a court of competent jurisdiction in final and nonappealable judgment.

6.19. **FINAL AGREEMENT.** THIS AGREEMENT REPRESENTS THE FINAL AGREEMENT BETWEEN THE PARTIES WITH RESPECT TO THE SUBJECT MATTER HEREOF AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS, OR SUBSEQUENT ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

Schedule 3.17 to Security Agreement

Tradenames and corporate names:

“ABM”, “Advantage Business Media” “Advantage”, “Advantage Media”, and “Advantage Media Holdings” are the material tradenames used in connection with the Company and its Subsidiaries. If the Company and/or its Subsidiaries have any tradename or trademark rights with respect to “ABM”, “Advantage Business Media” “Advantage”, “Advantage Media”, or “Advantage Media Holdings”, these would be included “as is”, except to the extent federally registered in the US or as a corporate name in and with a state.

Customer Lists:

Statistics was ABM’s list provider until May 12, 2013. Effective May 12, 2013, Infogroup is ABM’s list provider. ABM entered in an agreement with Statistics/Infogroup to process the rentals of its subscriber lists. Statistics/Infogroup processes most requests for use of the customer lists and bills the “list recipients” directly. Statistics/Infogroup collects outstanding accounts receivable balances. Statistics/Infogroup receives 30% for all sales made on behalf of ABM. This 30% is deducted from the gross sales and net sales are remitted to ABM upon collection.

The Company and/or its Subsidiaries make normal, customary deletions from circulation lists whenever requested by customers who ask to be removed.

In the summer of 2013, ABM conducted an internal circulation audit to test the quality and validity of circulation names for non-BPA titles and found that approximately 22% of the total circulation names for affected publications were invalid. ABM replaced the invalid names, except where circulation was adjusted, with qualified non-requestor names effective with the next print issue to be published, which was October 2013 for most brands. The demographics of these new names were substantially similar to the replaced names.

The Company and/or its Subsidiaries makes use of customer lists of third parties pursuant to list sharing and/or list rental agreements and use of such lists is subject to the list owner’s privacy policies and the Company’s and/or its Subsidiaries’ use is restricted pursuant to the terms of those list rental/sharing agreements.

Social Media:

Social media such as Facebook and Twitter accounts that Employees use personally are sometimes used by Employees to promote the business of the Company or its Subsidiaries. Such personal social media accounts are subject to the policies and rules of the social media platforms and are not policed nor controlled by Company or its Subsidiaries and are not owed by the Company or its Subsidiaries.

Intellectual Property Exceptions and Issues:

The Company's and its Subsidiaries' form of agreement with respect to Confidential and Proprietary Information has been signed by all current Employees. ¹ Titles and registration numbers are as they appear in the Copyright Office's online List of Titles. The titles are in truncated form and registration numbers omit the zeros appearing immediately after the letters "TX". To perform an online search for a registration number, add zeros between the "TX" and listed number such that ten (10) digits appear to the right of the "TX". (For example, TX 765-099 would be searched as TX0000765099).
