Patent Security Agreement

PATENT SECURITY AGREEMENT

THIS SECURITY AGREEMENT is entered into as of August 20, 2013, by and between Namco, LLC, a Delaware limited liability company having its principal place of business at 100 Sanrico Drive, Manchester, Connecticut 06042 (the "**Borrower**"), and Rockland Trust Company, a Massachusetts trust company with a usual place of business at 120 Liberty Street, Brockton, Massachusetts 02301 ("**Bank**").

NOW THEREFORE, in consideration of the premises, Borrower hereby agrees with Bank as follows:

1. Grant of Security Interest. Borrower hereby grants to Bank a first priority security interest in, and conditionally assigns, but does not transfer title to Bank, all of Borrower's right, title and interest in and to the following (collectively, the "**Collateral**") to secure payment and performance of all "Indebtedness" of Borrower to Bank, as such term is defined in the Credit and Security Agreement dated on or about of even date herewith, between Bank and Borrower (as amended, restated, supplemented or otherwise modified from time to time, the "**Loan Agreement**").

The Collateral shall consist of the following:

(a) Each of the patents and patent applications which are presently, or in the future may be, owned, issued, acquired or used (whether pursuant to a license or otherwise) by Borrower, in whole or in part, and all patent rights with respect thereto throughout the world, including all proceeds thereof (including license royalties and proceeds of infringement suits), foreign filing rights and rights to extend such patents and patent rights;

(b) All of Borrower's right, title and interest, in and to the patents and patent applications listed on Schedule A attached hereto, as the same may be updated hereafter from time to time;

(c) All of Borrower's right, title and interest in all patentable inventions, and to file applications for patent under federal patent law or regulation of any foreign country, and to request reexamination and/or reissue of the patents, the right (without obligation) to sue or bring interference proceedings in the name of Borrower or in the name of Bank for past, present and future infringements of the patents, and all rights (but not obligations) corresponding thereto in the United States and any foreign country;

(d) All general intangibles relating to the Collateral; and

(e) All proceeds of any and all of the foregoing (including, without limitation, license royalties and proceeds of infringement suits) and, to the extent not otherwise included, all payments under insurance, or any indemnity, warranty or guaranty payable by reason of loss or damage to or otherwise with respect to the Collateral.

2. Warranties and Representations. Borrower hereby warrants and represents to Bank the following as of the date hereof:

(a) A true and complete schedule setting forth all patents and patent applications owned or controlled by Borrower or licensed to Borrower, together with a summary description and full information in respect of the filing or issuance thereof is set forth on Schedule A;

(b) Each of the patents is valid and enforceable, and there are no pending (or, to the knowledge of Borrower, threatened) claims by any third party that any of the patents are invalid or unenforceable, or that the use of any patents violates the rights of any third person, or of any basis for any such claims;

(c) Borrower is the sole and exclusive owner of the entire and unencumbered right, title and interest in and to each of the patents and patent applications, free and clear of any liens, charges and encumbrances (other than Permitted Liens (as defined in the Loan Agreement)), including, without limitation, pledges, assignments, licenses, shop rights and covenants by Borrower not to sue third persons; and

(d) Except for the filing of financing statements with the Secretary of State of Delaware under the Uniform Commercial Code and filings with the United States Patent and Trademark Office necessary to perfect the security interests created hereunder, no authorization, approval or other action by, and no notice to or filing with, any governmental authority or regulatory body is required either for the grant by Borrower of the security interest hereunder or for the execution, delivery or performance of this Agreement by Borrower or for the perfection of or the exercise by Bank of its rights hereunder to the Collateral in the United States.

3. After-Acquired Patent Rights. If Borrower shall obtain rights to any new patentable inventions or become entitled to the benefit of any patent application or patent for any reissue, divisional or continuation, of any patent, the provisions of this Agreement shall automatically apply thereto. Borrower shall give prompt notice in writing to Bank with respect to any such new patents. Borrower shall bear any expenses incurred in connection with future applications for patent.

4. Litigation and Proceedings. Borrower shall commence and diligently prosecute in its own name, as the real party in interest, for its own benefit, and its own expense, such suits, administrative proceedings or other actions for infringement or other damages as are in its reasonable business judgment necessary to protect the Collateral. Borrower shall provide to Bank any information with respect thereto requested by Bank. Bank shall provide at Borrower's expense all necessary cooperation in connection with any such suit, proceeding or action, including, without limitation, joining as a necessary party. Following Borrower's becoming aware thereof, Borrower shall notify Bank of the institution of, or any adverse determination in, any proceeding in the United States Patent and Trademark Office, or any United States, state or foreign court regarding Borrower's claim of ownership in any of the patents, its right to apply for the same, or its right to keep and maintain such patent rights.

5. Power of Attorney. Borrower grants Bank power of attorney, having the full authority, and in the place of Borrower and in the name of Borrower, upon the occurrence and during the continuance of any Event of Default (as defined in the Loan Agreement), in Bank's discretion to take any action and to execute any instrument which Bank may deem necessary or advisable to

accomplish the purposes of this Agreement, including, without limitation, as may be subject to the provisions of the Loan Agreement:

(a) To endorse Borrower's name on all applications, documents, papers and instruments necessary for Bank to use or maintain the Collateral;

(b) To ask, demand, collect, sue for, recover, impound, receive and give acquittance and receipts for money due or to become due under or in respect of any of the Collateral; and

(c) To file any claims or take any action or institute any proceedings that Bank may deem necessary or desirable for the collection of any of the Collateral or otherwise to enforce Bank's rights with respect to any of the Collateral and to assign, pledge, convey or otherwise transfer title in or dispose of the Collateral to any person.

6. Specific Remedies. Upon the occurrence and during the continuance of any Event of Default (as defined in the Loan Agreement):

(a) Bank may notify licensees to make royalty payments on license agreements directly to Bank;

(b) Bank may sell or assign the Collateral at public or private sale for such amounts, and at such time or times as Bank deems advisable. Any requirement of reasonable notice of any disposition of the Collateral shall be satisfied if such notice is sent to Borrower ten (10) days prior to such disposition. Borrower shall be credited with the net proceeds of such sale only when they are actually received by Bank, and Borrower shall continue to be liable for any deficiency remaining after the Collateral is sold or collected;

(c) If the sale is to be a public sale, Bank shall also give notice of the time and place by publishing a notice one time at least ten (10) calendar days before the date of the sale in a newspaper of general circulation in the county in which the sale is to be held; and

(d) To the maximum extent permitted by applicable law, Bank may be the purchaser of any or all of the Collateral at any public sale and shall be entitled, for the purpose of bidding and making settlement or payment of the purchase price for all or any portion of the Collateral sold at any public sale, to use and apply all or any part of the Indebtedness as a credit on account of the purchase price of any Collateral payable by Bank at such sale.

7. Governing Law. All acts and transactions hereunder and the rights and obligations of the parties hereto shall be governed, construed and interpreted in accordance with the laws of the Commonwealth of Massachusetts.

TRADEMARK SECURITY AGREEMENT

THIS SECURITY AGREEMENT is entered into as of August 20, 2013, by and between Namco, LLC, a Delaware limited liability company having its principal place of business at 100 Sanrico Drive, Manchester, Connecticut 06042 (the "**Borrower**"), and Rockland Trust Company, a Massachusetts trust company with a usual place of business at 120 Liberty Street, Brockton, Massachusetts 02301 ("**Bank**").

NOW THEREFORE, in consideration of the premises, Borrower hereby agrees with Bank as follows:

1. **Grant of Security Interest.** Borrower hereby grants to Bank a first priority security interest in, and conditionally assigns, but does not transfer title to Bank, all of Borrower's right, title and interest in and to the following (collectively, the "**Collateral**") to secure payment and performance of all "Indebtedness" of Borrower to Bank, as such term is defined in the Credit and Security Agreement dated on or about of even date herewith, between Bank and Borrower (as amended, restated, supplemented or otherwise modified from time to time, the "**Loan Agreement**").

The Collateral shall consist of the following:

- (a) Each of the trademarks, and rights and interests protectable as trademarks, which are presently, or in the future may be, owned, created, acquired or used (whether pursuant to a license or otherwise) by Borrower, in whole or in part, and all trademark rights with respect thereto throughout the world, including all proceeds thereof (including license royalties and proceeds of infringement suits), and rights to renew and extend such trademarks and trademark rights;
- (b) All of Borrower's right, title and interest, in and to the trademarks and trademark registrations listed on Schedule A attached hereto, as the same may be updated hereafter from time to time;
- (c) All of Borrower's right, title and interest to register trademark claims under any state or federal trademark law or regulation of any foreign country, and to apply for, renew and extend the trademark registrations and trademark rights, the right (without obligation) to sue or bring opposition or cancellation proceedings in the name of Borrower or in the name of Bank for past, present and future infringements of the trademarks, registrations or trademark rights and all rights (but not obligations) corresponding thereto in the United States and any foreign country, and the associated goodwill;
- (d) All general intangibles and goodwill relating to the Collateral; and
- (e) All proceeds of any and all of the foregoing (including, without limitation, license royalties and proceeds of infringement suits) and, to the extent not otherwise included, all payments under insurance, or any indemnity, warranty or guaranty payable by reason of loss or damage to or otherwise with respect to the Collateral.

Notwithstanding the foregoing, no security interest shall be granted in United States "intent to use" trademark applications to the extent that, and solely during the period which, the grant of a security interest therein would impair the validity or enforceability of such "intent to use" trademark applications under applicable federal law.

2. Warranties and Representations. Borrower hereby warrants and represents to Bank the following as of the date hereof:

(a) A true and complete schedule setting forth all federal trademark registrations owned or controlled by Borrower or licensed to Borrower, together with a summary description and full information in respect of the filing or issuance thereof is set forth on Schedule A;

(b) Except as indicated on Schedule A, each of the trademarks and trademark registrations is valid and enforceable, and there are no pending (or, to the knowledge of Borrower, threatened) claims by any third party that any of the trademarks are invalid or unenforceable, or that the use of any trademarks violates the rights of any third person, or of any basis for any such claims;

(c) Borrower is the sole and exclusive owner of the entire and unencumbered right, title and interest in and to each of the trademarks and trademark registrations free and clear of any liens, charges and encumbrances (other than Permitted Liens (as defined in the Loan Agreement)), including, without limitation, pledges, assignments, licenses, shop rights and covenants by Borrower not to sue third persons; and

(d) Except for the filing of financing statements with the Secretary of State of Delaware under the Uniform Commercial Code and filings with the United States Patent and Trademark Office necessary to perfect the security interests created hereunder, no authorization, approval or other action by, and no notice to or filing with, any governmental authority or regulatory body is required either for the grant by Borrower of the security interest hereunder or for the execution, delivery or performance of this Agreement by Borrower or for the perfection of or the exercise by Bank of its rights hereunder to the Collateral in the United States.

3 Covenants. Borrower agrees that it has used consistent standards of quality and will continue to use standards of quality consistent with Borrower's past practices in the manufacture, sale and delivery of products and services sold or delivered under or in connection with the trademarks, including, to the extent applicable, in the operation and maintenance of its merchandising operations, and will continue to maintain the validity of the trademarks.

4. After-Acquired Trademark Rights. If Borrower shall obtain rights to any new trademarks, the provisions of this Agreement shall automatically apply thereto. Borrower shall give prompt notice in writing to Bank with respect to any such new trademarks. Borrower shall bear any expenses incurred in connection with future applications for trademark registration.

5. Litigation and Proceedings. Borrower shall commence and diligently prosecute in its own name, as the real party in interest, for its own benefit, and its own expense, such suits, administrative proceedings or other actions for infringement or other damages as are in its reasonable business judgment necessary to protect the Collateral. Borrower shall provide to Bank any information with respect thereto requested by Bank. Bank shall provide at Borrower's

expense all necessary cooperation in connection with any such suit, proceeding or action, including, without limitation, joining as a necessary party. Following Borrower's becoming aware thereof, Borrower shall notify Bank of the institution of, or any adverse determination in, any proceeding in the United States Patent and Trademark Office, or any United States, state or foreign court regarding Borrower's claim of ownership in any of such trademarks, its right to apply for the same, or its right to keep and maintain such trademark rights.

6. Power of Attorney. Borrower grants Bank power of attorney, having the full authority, and in the place of Borrower and in the name of Borrower, upon the occurrence and during the continuance of any Event of Default (as defined in the Loan Agreement), in Bank's discretion to take any action and to execute any instrument which Bank may deem necessary or advisable to accomplish the purposes of this Agreement, including, without limitation, as may be subject to the provisions of the Loan Agreement:

(a) To endorse Borrower's name on all applications, documents, papers and instruments necessary for Bank to use or maintain the Collateral;

(b) To ask, demand, collect, sue for, recover, impound, receive and give acquittance and receipts for money due or to become due under or in respect of any of the Collateral; and

(c) To file any claims or take any action or institute any proceedings that Bank may deem necessary or desirable for the collection of any of the Collateral or otherwise to enforce Bank's rights with respect to any of the Collateral and to assign, pledge, convey or otherwise transfer title in or dispose of the Collateral to any person.

7. Specific Remedies. Upon the occurrence and during the continuance of any Event of Default (as defined in the Loan Agreement):

(a) Bank may notify licensees to make royalty payments on license agreements directly to Bank;

(b) Bank may sell or assign the Collateral and associated goodwill at public or private sale for such amounts, and at such time or times as Bank deems advisable. Any requirement of reasonable notice of any disposition of the Collateral shall be satisfied if such notice is sent to Borrower ten (10) days prior to such disposition. Borrower shall be credited with the net proceeds of such sale only when they are actually received by Bank, and Borrower shall continue to be liable for any deficiency remaining after the Collateral is sold or collected;

(c) If the sale is to be a public sale, Bank shall also give notice of the time and place by publishing a notice one time at least ten (10) calendar days before the date of the sale in a newspaper of general circulation in the county in which the sale is to be held; and

(d) To the maximum extent permitted by applicable law, Bank may be the purchaser of any or all of the Collateral and associated goodwill at any public sale and shall be entitled, for the purpose of bidding and making settlement or payment of the purchase price for all or any portion of the Collateral sold at any public sale, to use and apply all or any part of the Indebtedness as a credit on account of the purchase price of any Collateral payable by Bank at such sale.
