TRADEMARK ASSIGNMENT

This Trademark Assignment Agreement ("Agreement"), effective as of January 2, 2014 (the "Effective Date"), is by and between L&M Construction Chemical Inc., a Nebraska corporation having a place of business at 14851 Calhoun Road, Omaha, Nebraska 68152, d/b/a L&M Construction Chemicals Inc. ("Seller"), and LATICRETE International, Inc., a Connecticut corporation having a place of business at One Laticrete Park North, Bethany, CT 06524 ("Buyer"), the purchaser of certain assets of Seller pursuant to an Asset Purchase Agreement between Buyer and Seller, dated as of December 18, 2013 (the "Purchase Agreement"). All capitalized terms used but not otherwise defined herein shall have the meaning given to each such term in the Purchase Agreement.

WHEREAS, pursuant to the Purchase Agreement, Seller has agreed to sell to Buyer, and Buyer has agreed to purchase from Seller, the Purchased Assets (this and other capitalized terms not otherwise defined herein shall have the meaning assigned in the Purchase Agreement) and to enter into certain other arrangements;

WHEREAS, under the terms of the Purchase Agreement, Seller has conveyed, transferred and assigned to Buyer, among other assets, all of Seller's respective right, title and interest in and to all Intellectual Property included in the Purchased Assets, and has agreed to execute and deliver this Agreement; and

WHEREAS, the parties acknowledge that this Agreement may be recorded with governmental authorities including, but not limited to, the U.S. Patent and Trademark Office and the U.S. Copyright Office;

NOW, THEREFORE, in consideration of the foregoing and the other agreements and covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby irrevocably acknowledged, the parties hereto agree as follows:

1. ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS.

1.1 Assignment. Seller hereby assigns, sells, conveys, delivers and transfers to Buyer all of Seller's respective right, title and interest in and to trademarks included in the Purchased Assets as set forth in the attached **SCHEDULE** (including, but not limited to, the Trademark Registrations set forth on Schedule 2.01(c) to the Purchase Agreement and additional Brazilian Trademarks Registrations), together with the goodwill of the Business connected with the use thereof (as applicable) and symbolized thereby, and together with all claims for damages by reason of past infringement thereof, with the right to sue for, and collect the same for Buyer's own use and benefit, in accordance with the Purchase Agreement, and for the use and benefit of Buyer's successors and assigns (collectively, the "**Assigned Trademarks**").

1.2 Further Assurances.

(a) Seller hereby agrees to execute all appropriate, necessary and customary forms and use all commercially reasonable efforts to assist Buyer, at Buyer's request from time to time (the reasonable cost and expense of which shall be paid by Buyer unless such action results from a breach of the Purchase Agreement or this Agreement by Seller), to secure the rights assigned hereby and to obtain and/or transfer patent, copyright, trademark or service mark registrations (and applications therefor), and similar governmental grants confirming or enhancing said rights. Seller will promptly transfer all files and papers in its possession relating to such applications and registrations to Buyer after the execution of this Agreement.

(b) Seller authorizes the Commissioner for Patents, the Commissioner for Trademarks and the Register of Copyrights and any other federal, state and local governmental officials to record and register this Agreement upon request by Buyer. Seller shall take such steps and actions following the date hereof, including the execution of any documents, files, registrations, or other similar items, to ensure that the Assigned Trademarks are properly assigned to Buyer, or any Buyer or successor thereto.

1.3 Terms of the Purchase Agreement. The terms of the Purchase Agreement, including, but not limited to, the representations, warranties, covenants, agreements and indemnities relating to the Assigned Trademarks are incorporated herein by this reference. The parties hereto acknowledge and agree that the representations, warranties, covenants, agreements and indemnities contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.

2. MISCELLANEOUS.

2.1 Amendment. No amendment or waiver of any provision of this Agreement shall be effective unless in writing and executed by the parties hereto, in the case of an amendment, or the party entitled to the benefit of the provision to be so waived, in the case of a waiver.

2.2 Notices. Notices shall be provided to the addresses and in the manner provided in the Purchase Agreement.

2.3 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto, and their respective successors, permitted assigns, heirs, executors and personal representatives.

2.4 Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Connecticut, without giving effect to any choice or conflict of law provision or rule (whether of the State of Connecticut or any other jurisdiction).

2.5 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, email or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement to be effective as of the date first above written.
