INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (this "IP Security Agreement") is entered into as of the 17th day of March, 2014 by and between DEERFIELD PRIVATE DESIGN FUND II, L.P., DEERFIELD PRIVATE DESIGN INTERNATIONAL II, L.P., DEERFIELD SPECIAL SITUATIONS FUND, L.P., and DEERFIELD SPECIAL SITUATIONS INTERNATIONAL MASTER FUND, L.P. (collectively, the "Lenders"), and each of ALPHATEC HOLDINGS, INC., a Delaware corporation, ALPHATEC SPINE, INC., a California corporation, ALPHATEC INTERNATIONAL LLC, a Delaware limited liability company, and ALPHATEC PACIFIC, INC., a Japanese company (each a "Grantor" and collectively, the "Grantors").

RECITALS

A. The Lenders have agreed to make certain advances of money and to extend certain financial accommodations to Alphatec Holdings, Inc. (the "Borrower") (the "Loans") in the amounts and manner set forth in that certain Facility Agreement by and between the Lenders and the Borrower, dated the date hereof (as the same may be amended, modified or supplemented from time to time, the "Loan Agreement"; capitalized terms used herein are used as defined in the Loan Agreement). The Lenders are willing to make the Loans to the Borrower, but only upon the condition, among others, that each Grantor shall grant to the Lenders, a security interest in certain Copyrights, Trademarks, Patents, and Mask Works (as each term is described below) to secure its obligations under the Security Agreement and, in the case of the Borrower only, under the Loan Agreement.

B. Pursuant to the terms of the Security Agreement, each Grantor has granted to the Lenders, a security interest in all of such Grantor's right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral and such Grantor (other than the Borrower) has guaranteed the Obligations of the Borrower to the Lenders.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Security Agreement and, in the case of the Borrower only, under the Loan Agreement, each Grantor hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

1. To secure its obligations under the Security Agreement and, in the case of the Borrower only, under the Loan Agreement, each Grantor grants and pledges to the Lenders, a security interest in all of such Grantor's right, title and interest in, to and under its intellectual property (all of which, together with such intellectual property of the other Grantors, shall collectively be called the "Intellectual Property Collateral"), including, without limitation, the following:

(a) Any and all copyright rights, copyright applications, copyright registrations and like protections in each work or authorship and derivative work thereof, whether published or unpublished and whether or not the same also constitutes a trade secret, now or hereafter existing, created, acquired or held, including without limitation those set forth on Exhibit A attached hereto (collectively, the "Copyrights");

(b) Any and all trade secrets, and any and all intellectual property rights in computer software and computer software products now or hereafter existing, created, acquired or held;

TRADEMARK
REEL: 005245 FRAME: 0574

(c) Any and all design rights that may be available to Grantor now or hereafter existing, created, acquired or held;

(d) All patents, patent applications and like protections including, without limitation, improvements, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same, including without limitation the patents and patent applications set forth on Exhibit B attached hereto (collectively, the "Patents");

(e) Any trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections, and the entire goodwill of the business of Grantor connected with and symbolized by such trademarks, including without limitation those set forth on Exhibit C attached hereto (collectively, the "Trademarks");

(f) All mask works or similar rights available for the protection of semiconductor chips, now owned or hereafter acquired, including, without limitation those set forth on Exhibit D attached hereto (collectively, the "Mask Works");

(g) Any and all claims for damages by way of past, present and future infringements of any of the rights included above, with the right, but not the obligation, to sue for and collect such damages for said use or infringement of the intellectual property rights identified above;

(h) All licenses or other rights to use any of the Copyrights, Patents, Trademarks, or Mask Works and all license fees and royalties arising from such use to the extent permitted by such license or rights;

(i) All amendments, extensions, renewals and extensions of any of the Copyrights, Trademarks, Patents, or Mask Works; and

(j) All proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of any of the foregoing.

2. These security interests are granted in conjunction with the security interests granted to the Lenders, under the Security Agreement. The rights and remedies of Lenders with respect to the security interests granted hereby are in addition to those set forth in the Loan Agreement and Security Agreement, and those which are now or hereafter available to Lenders as a matter of law or equity. Each right, power and remedy of Lenders provided for herein or in the Loan Agreement or Security Agreement, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by Lenders of any one or more of the rights, powers or remedies provided for in this IP Security Agreement, the Loan Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including the Lenders, of any or all other rights, powers or remedies.

3. This IP Security Agreement is a Loan Document. This IP Security Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same IP Security Agreement. Delivery of an executed counterpart of this IP Security Agreement by telefacsimile or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this IP Security Agreement. Any party delivering an executed counterpart of this IP Security Agreement by telefacsimile or other electronic
