C. Under the terms of the Amended and Restated Guarantee and Collateral Agreement, the Grantors have granted a security interest in certain Collateral, including without limitation certain Intellectual Property of the Grantors to the Administrative Agent, for the benefit of the Secured Parties, and have agreed as a condition thereof to execute this Amended and Restated Intellectual Property Security Agreement for recording with the United States Patent and Trademark Office, the United States Copyright Office, and other applicable Governmental Authorities, which shall amend and restate in its entirety the Intellectual Property Security Agreement, dated as of May 19, 2011 in favor of the Administrative Agent (as amended, supplemented or otherwise modified prior to the date hereof, including by the Intellectual Property Security Agreement (First Supplemental Filing) dated July 13, 2012, the “Existing Intellectual Property Security Agreement”).

(b) (i) all United States patents, patent applications, including, without limitation, each issued patent and patent application identified on Schedule 1, (ii) all inventions and improvements described and claimed therein, (iii) the right to sue or otherwise recover for any and all past, present and future infringements and other violations thereof, (iv) all income, royalties, damages and other payments now and hereafter due and/or payable with respect thereto (including payments under all licenses entered into in connection therewith, and damages and payments for past, present or future infringements thereof) and (v) all reissues, divisions, continuations, continuations-in-part, substitutes, renewals, and extensions thereof, all improvements thereon and all other rights of any kind whatsoever accruing thereunder or pertaining thereto;

(c) (i) all United States copyrights, whether or not the underlying works of authorship have been published, and all copyright registrations and copyright applications, and any renewals or extensions thereof, including each registration identified on Schedule 1, (ii) the right to sue or otherwise recover for any and all past, present and future infringements and other violations thereof, (iii) all income, royalties, damages and other payments now and hereafter due and/or payable with respect thereto (including, without limitation, payments under all licenses entered into in connection therewith, and damages and payments for past, present or future infringements thereof) and (iv) all other rights of any kind whatsoever accruing thereunder or pertaining thereto; and

The execution and delivery of this Amended and Restated Intellectual Property Security Agreement and the consummation of the transactions contemplated hereby are not intended by the parties to be, and shall not constitute (a) a novation or an accord and satisfaction of any obligations under the Existing Intellectual Property Security Agreement to the extent that such obligations are outstanding on the Restatement Effective Date or (b) a termination or release of any prior pledge or security interests granted to the Administrative Agent under the Existing Intellectual Property Security Agreement, but are intended to constitute a restatement and reconfirmation of the prior security interests granted under the Existing Intellectual Property Security Agreement in favor of the Administrative Agent (for the benefit of the Lenders) in and to the Intellectual Property constituting Collateral.
