WHEREAS, Assignor is the owner of the entire right, title and interest in and to certain trademark rights, including without limitation, the trademarks identified on Schedule A attached hereto, as well as any other common law or unregistered trademarks used by Assignee (collectively, the "Marks") and the goodwill of the business with which the Marks have been used; and

WHEREAS, Assignor, the wholly-owned subsidiary of Assignee, is being merged into Assignee, and therefore the Parties desire herein to transfer the entire right, title and interest in and to the Marks and the business and the goodwill of the business in connection with which the Marks have been used, to Assignee.

NOW, THEREFORE, in consideration of the mutual promises and covenants hereinafter set forth, the sufficiency of which are hereby acknowledged by both Parties, the undersigned Parties, intending to be legally bound, agree as follows:

1. The preamble shall form part of this Agreement and the representations and warranties of the Parties.
2. Assignment. Assignor hereby sells, assigns, transfers and sets over to Assignee, its successors and assigns, the entire right, title, and interest of Assignor in and to said Marks, including any renewals and extensions of the registrations that are or may be secured, now or hereafter in effect, together with the business and goodwill of the business in connection with which the aforesaid Marks have been used, and including (a) all income, royalties and rights to payment with respect to the Marks, and (b) all claims for damages by reason of past, present or future infringement or other unauthorized use of the Marks with the right to sue for, and collect the same for the Assignee's own use and enjoyment.
3. Further Assurances. The Assignor shall provide to the Assignee reasonable cooperation and assistance at the Assignee's request, without charge but at the Assignee's expense (including the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required): (a) in the preparation and prosecution of any application for registration or any application for renewal of a registration covering the Marks, (b) in the prosecution or defense of any cancellation, opposition, infringement or other proceedings that may arise in connection with the Marks, including, but not limited to, testifying as to any facts relating to the Marks assigned herein, (c) in obtaining any additional trademark protection for the Marks that the Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or for any or all countries foreign to the United States of America and (d) for the implementation or perfection of the provisions of this Assignment.

4. Recordation. Assignor hereby authorizes and requests the U.S. Patent and Trademark Office, or any foreign equivalent thereof, to record Assignee as the owner of the Marks, and as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee, its successors, assigns or other legal representatives.

5. Miscellaneous.
