Capitalized terms used, but not otherwise defined, herein shall have the meaning ascribed to such terms in the Purchase Agreement (as defined below).

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement, dated as of March 19, 2014 (the "*Purchase Agreement*"), pursuant to which Assignee has agreed to acquire all of the Assignor's right, title and interest in and to all of the trademarks, service marks, and trade names, together with the goodwill associated with and symbolized by them, including, without limitation, those trademarks, service marks, and trade names listed in Schedule I hereto (all such trademarks, service marks, and trade names referred to collectively as the "*Assigned Trademarks*").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor and the Assignee each hereby agree as follows:

1. Assignment. Assignor hereby sells, assigns, transfers, conveys and delivers to the Assignee and its successors and assigns, and the Assignee hereby purchases and accepts from the Assignor, all of Assignor's right, title and interest in, to and under the Assigned Trademarks, including, without limitation, all common law rights for which no applications or registrations exist, all applications to register any of the Assigned Trademarks, and all registrations that have been or may be granted for any of the Assigned Trademarks, together with all common law rights, and all goodwill associated with the Assigned Trademarks and symbolized thereby, together with all claims that it might have, at law or in equity, including the right to sue and recover damages, for future, present and past infringements of the Assigned Trademarks and to fully and entirely stand in the place of the Assignor in all matters related to the Assigned Trademarks.

2. Further Assurances.

a. The Assignor agrees to cooperate fully with the Assignee and to execute such further instruments, documents and agreements and to give such further written assurances as may be reasonably requested by Assignee to evidence and reflect the assignments described herein and to carry into effect the intents and purposes of the Purchase Agreement and this Assignment.

b. Assignor grants the attorney of record the power to insert on this Assignment any further identifying information describing the parties or the marks listed in Schedule I hereto, that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, or rules of other entities including but not limited to United States or foreign governments or patent and trademark offices, for recordation of this document.

3. No Warranties. Assignee hereby acknowledges that Assignor is not making any representation or warranty with respect to the Assigned Trademarks being conveyed hereby except as specifically set forth in the Purchase Agreement.

4. Miscellaneous. This Assignment shall be construed and interpreted in accordance with the Purchase Agreement. Nothing in this Assignment shall, or shall be deemed to, modify or otherwise affect any provisions of the Purchase Agreement or affect or modify any of the rights or obligations of the parties under the Purchase Agreement. In the event of any conflict between the provisions hereof and the provisions of the Purchase Agreement, the provisions of the Purchase Agreement shall govern and control. This Assignment may not be supplemented, altered or modified in any manner except by a writing signed by all parties hereto. The failure of any party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Assignment shall bind and inure to the benefit of the respective parties and their assigns, transferees and successors.

This Assignment and any amendments hereto may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument.
