INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (this "Assignment") is made as of this 6th day of May, 2014, by and between UView Ultraviolet Systems Inc., a corporation existing under the laws of Canada, and TerraClean of Ontario Inc., a corporation existing under the laws of Ontario, (collectively, "Assignor") and CPS Products Canada Ltd., a corporation existing under the laws of Ontario, having an address at 6934 Kinsmen Court, Unit C, Niagara Falls, Ontario L2E 6S5, Canada ("Assignee").

WHEREAS, this Assignment is made pursuant to that certain Asset Purchase Agreement (the "Purchase Agreement"), dated as of the date hereof, by and between Assignor, Phil Trigiani, Tony Ferraro, Assignee, and CPS Products Inc., concerning the sale and purchase of substantially all of the assets of the Business. Assignee is the successor to the ongoing and existing portion of the Business of Assignor. Capitalized terms used but not defined in this Assignment shall have the meanings ascribed to them in the Purchase Agreement.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in further consideration of the mutual covenants and agreements contained in the Purchase Agreement, and pursuant to the terms of the Purchase Agreement, Assignor hereby sells, assigns, conveys, transfers and delivers to Assignee, its successors, legal representatives and assigns, the entire right, title and interest of the Assignor in and to the Intellectual Property, in the United States and all countries throughout the world, including but not limited to the trademark registrations, domain names, patents and patent applications set forth on the Schedule hereto, together with and all inventions described therein and all prior patent applications filed thereon and all non-provisional applications for patent that are converted from or claim priority to said applications, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said applications, and any and all patents in the United States and all foreign countries which may be granted therefor and thereon, and reissues, reexaminations, other rights from administrative proceedings and extensions of said patents, and all rights under the International Convention for the Protection of Industrial Property including all rights of priority, and all revisions thereof, to the full end of the term or terms for which the foregoing may be granted, renewed, adjusted and/or extended, any and all rights of recovery based on past and future infringement of the Intellectual Property, and the goodwill symbolized by the trademarks and service marks included in the Intellectual Property, free and clear of all liens, restrictions, leases, security interests, claims, charges or encumbrances whatsoever.

This Assignment shall be governed by the laws of the Province of Ontario and the laws of Canada applicable in that province, without giving effect to any choice or conflict of law provision or rule (whether of the Province of Ontario or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the Province of Ontario.
