ASSIGNMENT OF PATENTS AND TRADEMARKS

This Assignment is made as of May 31, 2013 by and between Key Safety Systems, Inc., a Delaware corporation having a principal place of business at 7000 19 Mile Road, Sterling Heights, Michigan 48314 (“Assignor”), and Littelfuse, Inc., a Delaware corporation having a principal place of business at 8755 West Higgins Road Suite 500, Chicago, IL, 60631 (“Assignee”).

WHEREAS, Assignor and Assignee are parties to a Stock Purchase Agreement dated April 15, 2013 (the “Stock Purchase Agreement”) in which Assignor has agreed to assign to Assignee certain Intellectual Property (as defined in the Stock Purchase Agreement) related to the operation of the Business (as defined in the Stock Purchase Agreement), including, without limitation, the patents, patent applications, trademark registrations, and applications for registration listed on Schedule 3.23 thereof and reproduced as Schedule A attached hereto (“Seller Intellectual Property”); and

WHEREAS, Assignor and Assignee desired to memorialize their agreement to sell the Seller Intellectual Property in a form suitable for recording with various government offices;

NOW THEREFORE, in consideration of the promises and covenants contained herein and in the Stock Purchase Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignor hereby sells, conveys, transfers, assigns and delivers unto Assignee, its successors and assigns, Assignor’s entire right, title, and interest in and to the Seller Intellectual Property listed on Schedule A and which is related to the Business of the Assignor’s Hamlin Companies, as defined in the above Stock Purchase Agreement including, but not limited to all reissues, divisionals, continuations, continuations-in-part, inventor's certificates, utility models, utility certificates, patents of importation, registration of patents, industrial design registrations and all renewals and extensions of the foregoing for all countries, jurisdictions, and political entities of the world, as applicable, and all the goodwill associated with any trademarks and service marks, along with the right to sue and recover for past infringement, as well as the right to invoke and claim the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by a convention which may henceforth be substituted for it.

2. Assignor hereby consents that a copy of this assignment shall be deemed a full and formal equivalent of any assignment, consent to file, or like document, which may be required in any country or region for recordation purposes for any of the foregoing rights conveyed herein. Notwithstanding the foregoing, Assignor hereby covenants and agrees that the Assignor will at any time upon the reasonable request of the Assignee, and at the expense of Assignee, execute and deliver any and all papers and do all lawful acts that may be necessary or desirable to perfect the rights, titles, and interests conveyed to Assignee herein and Assignee’s successors and assigns and to permit Assignee and Assignee’s successors and assigns to record this agreement against the Seller Intellectual Property with any government office.

3. Assignor hereby covenants that it has the full right to convey the entire right, title, and interest herein assigned and that it has not executed and will not execute any agreement in conflict herewith.

4. In the event of any conflict between this assignment and the Stock Purchase Agreement, the Stock Purchase Agreement shall control. Nothing in this assignment should be deemed to amend or modify in any way any of the terms and conditions of the Stock Purchase Agreement or any rights or obligations of the parties thereto.
