This GRANT OF SECURITY INTEREST IN TRADEMARK AND PATENT RIGHTS ("Agreement"), effective as of June 26, 2014 is made by Brunswick Corporation, a Delaware corporation (the "Borrower") and the subsidiaries of the Borrower listed on the signature pages hereof (together with the Borrower, the "Grantors", and each a "Grantor"), in favor of JPMorgan Chase Bank, N.A., a national banking association, with an address at 10 S. Dearborn, 7th Floor Chicago, IL 60603, as Administrative Agent (the "Agent") under the Amended and Restated Credit Agreement dated as of June 26, 2014 (as amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), among the Borrower, certain subsidiaries of the Borrower, the Agent and the Lenders.

W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement, the Lenders have severally agreed to make loans and other extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein; and

WHEREAS, in connection with the Credit Agreement, the Grantors have executed and delivered an Amended and Restated Security Agreement, dated as of June 26, 2014 in favor of the Agent (together with all amendments and modifications, if any, from time to time thereafter made thereto, the "Security Agreement");

WHEREAS, pursuant to the Security Agreement, in order to induce the Lenders to enter into and extend credit to the Borrower, each Grantor pledged and granted to the Agent for the ratable benefit of the Secured Parties a security interest in all right, title and interest in, to and under all Intellectual Property, including the Trademarks and Patents of each Grantor; and

WHEREAS, each Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Credit Agreement and the Security Agreement, as applicable.

SECTION 2. Grant of Security Interest. Each Grantor hereby pledges and grants to the Agent, for the ratable benefit of the Secured Parties, a security interest in all right, title and interest in and to the Trademarks and Patents (including, without limitation, those items listed on Schedule I hereto) of such Grantor, for the benefit of Secured Parties to secure the prompt and complete payment and performance of the Secured Obligations.

SECTION 3. Purpose. This Agreement has been executed and delivered by each Grantor for the purpose of recording the grant of security interests herein with the United States Patent and Trademark Office. The security interest granted hereby has been granted to the Secured Parties in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security Agreement (and all rights and remedies of the Secured Parties thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Acknowledgment. Each Grantor does hereby further acknowledge and affirm that the rights and remedies of the Secured Parties with respect to the security interest in the Collateral granted hereby are more fully set forth in the Credit Agreement and the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.
