**ASSIGNMENT OF INTELLECTUAL PROPERTY
(Registered Patents and Trademarks)**

THIS ASSIGNMENT OF INTELLECTUAL PROPERTY (the “Assignment”) is made and entered into as of March 31, 2104, by and between Nilfisk-Advance, Inc., a Minnesota corporation (“Assignor”), and Amano Pioneer Eclipse Corporation, a North Carolina corporation (“Assignee”). Assignor and Assignee may be referred to in this Assignment individually as “Party” and collectively as “Parties.”

RECITALS

WHEREAS, Assignor is the owner of certain intellectual property as described on Schedule 1 attached hereto (the “Intellectual Property”); and

WHEREAS, Assignee desires to acquire the entire right, title and interest in and to the Intellectual Property and Assignor desires to assign the entire right, title and interest in and to the Intellectual Property.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties mutually agree as follows:

ASSIGNMENT AND AGREEMENT

1. Assignment. Assignor hereby assigns and transfers to Assignee, and Assignee hereby accepts, the entire right, title and interest in and to the Intellectual Property; the same to be held and enjoyed by Assignee for its own use and on its own behalf, and for its legal representatives, successors, assigns and designees, as fully and entirely as the same would have been held by Assignor had this Assignment and sale not been made, for the United States and all foreign countries.

2. Protection and Enforcement. Assignor irrevocably designates and appoints each of the officers of Assignee as Assignee’s agent and attorney-in-fact, to act for and in Assignee’s behalf and stead to execute, register and file any such applications, and to do all other lawfully permitted acts to further the registration, prosecution and issuance of intellectual property rights associated with the Intellectual Property with the same legal force and effect as if executed by Assignor. Assignor shall do all acts reasonably necessary to promptly assist Assignee in obtaining, transferring and/or assigning the Intellectual Property, including without limitation, executing such documents as Assignee may reasonably request. To the extent any court, administrative tribunal or agency with appropriate jurisdiction determines any of the rights granted hereunder may be inalienable or invalid, Assignor shall agree not to exercise such rights, and to grant to Assignee the exclusive, perpetual, irrevocable, worldwide, transferable, assignable, sub-licensable and royalty free right to exercise all intellectual property rights in the Intellectual Property without any obligation of attribution, royalty, fee or consent. Assignor represents and warrants that Assignor will not take any action that jeopardizes Assignee’s intellectual property rights or that is acquiring or retaining any right in or to the Intellectual Property.

3. Miscellaneous. This Assignment shall be binding upon the Parties hereto and their successors. This Assignment will be governed by and construed under the laws of the State of Minnesota, United States, without regard to conflicts-of-law principles that would require the application of any other law. The provisions of this Assignment are severable. If any provision of this Assignment is held to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions will in no way be affected or impaired thereby. The Parties agree that the Recitals contained herein are specifically incorporated into the Assignment by this reference. The undersigned further agree to cause any and all entities or otherwise, which are directly or indirectly controlled or influenced by the undersigned, to transfer the Intellectual Property. This Assignment may be executed in counterparts, each of which shall constitute an original, and all of which shall constitute one and the same agreement.
