INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (the "**Agreement**"), effective as of August 30, 2014 (the "**Effective Date**"), is by and between MANZEN, LLC, a Nevada limited liability company ("**Seller**") and XYIENCE BEVERAGE COMPANY, LLC, a Texas limited liability company ("**Buyer**").

WHEREAS, Seller and Buyer and, with respect to certain section, certain of their respective Affiliates, have entered into a certain Asset Purchase Agreement of even date herewith (the "**Purchase Agreement**"), pursuant to which, among other things, Seller has agreed to assign to Buyer all of Seller's rights, title and interests in the Purchased IP (as defined in the Purchase Agreement).

NOW, THEREFORE, in consideration of the mutual covenants, terms and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Definitions. All capitalized terms but not defined herein have the meanings set forth in the Purchase Agreement.
2. Assignment. Seller hereby sells, assigns, grants, conveys and transfers to Buyer all of Seller's right, title and interest in and to the Purchased IP and any and all derivatives thereof, together with any and all goodwill associated therewith, and the right to sue and recover damages and profits for past, present, and future infringement, if any, related to the Purchased IP, including, without limitation, to IP listed on **Schedule I** hereto. Assignor shall promptly execute and deliver any specific assignments or other papers and lawful documents that might be necessary to perfect Assignee's right, title and interest in the Trademarks. Assignor irrevocably designates and appoints Assignee and its duly authorized officers, members, assignees, affiliates and employees and agents as its agent and attorney-in-fact to execute and file any and all applications, renewals, assignments and other necessary documents and to do all other lawfully permitted acts to further the recordation, prosecution, issuance or enforcement of the Purchased IP with the same legal force and effect as if Assignor had executed them itself.
3. Terms of the Purchase Agreement. The terms of the Purchase Agreement, including, but not limited to, the representations, warranties, covenants, agreements and indemnities relating to the Purchased IP are incorporated herein by this reference. Buyer acknowledges that Seller makes no representation or warranty with respect to the Purchased IP except as specifically set forth in (and subject to) the Purchase Agreement, and the parties hereto acknowledge and agree that the representations, warranties, covenants, agreements and indemnities contained in the Purchase Agreement shall not be

superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.

4. Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of New York without regard to its conflict of law principles.

5. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, email or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

6. Further Assurances. Each of the parties hereto shall execute and deliver, at the reasonable request of the other party hereto, such additional documents, instruments, conveyances and assurances and take such further actions as such other party may reasonably request to carry out the provisions hereof and give effect to the transactions contemplated by this Agreement.
