NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. *Grant of Security*. As security for the payment or performance, as the case may be, in full of the Obligations, each Grantor hereby assigns and pledges to the Agent, its successors and permitted assigns, for the benefit of the Secured Parties, and hereby grants to the Agent, its successors and permitted assigns, for the benefit of the Secured Parties, a security interest in all right, title and interest in or to any and all of the following now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire or develop any right, title or interest (collectively, the “*Collateral*”):

SECTION 2. Certain Limited Exclusions. Notwithstanding anything to the contrary in this IP Security Agreement, this IP Security Agreement shall not constitute a grant of a security interest in (and the Collateral shall not include) any “intent-to-use” application for registration of a Trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant to Section 1(c) of the Lanham Act with respect thereto, solely to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer record this IP Security Agreement.

SECTION 4. Termination. As more fully set forth in Section 7.15 of the Second Lien Guarantee and Collateral Agreement, this IP Security Agreement and the security interests granted hereby shall terminate as of the date when all the Obligations have been paid in full, and in connection with such termination, the Agent shall execute and deliver to the Grantors, at such Grantors’ expense, all documents that such Grantors shall reasonably request to evidence such termination or release.

SECTION 5. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 6. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Second Lien Guarantee and Collateral Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Agent with respect to the Collateral are more fully set forth in the Second Lien Guarantee and Collateral Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event that any provision of this IP Security Agreement is deemed to conflict with the Second Lien Guarantee and Collateral Agreement, the provisions of the Second Lien Guarantee and Collateral Agreement shall control unless the Agent shall otherwise determine.

SECTION 7. Governing Law. This IP Security Agreement and the rights and obligations of the parties under this IP Security Agreement shall be construed in accordance with and governed by the laws of the State of New York.

SECTION 8. Subject to Intercreditor Agreement. Notwithstanding anything herein to the contrary, (i) the liens and security interests granted to the Agent pursuant to this Agreement will be subject to the Intercreditor Agreement and (ii) the exercise of any right or remedy by the Agent hereunder will be subject to the limitations and provisions of the Intercreditor Agreement. In the event of any conflict between the terms of Intercreditor Agreement and the terms of this Agreement, the terms of the Intercreditor Agreement shall govern.
