**ASSIGNMENT OF PATENTS AND REGISTERED TRADEMARKS**

THIS ASSIGNMENT OF PATENTS AND REGISTERED TRADEMARKS (this “Assignment”) is made and entered into as of November 4, 2014 by Adams USA, Inc., a Tennessee corporation (“Assignor”), in favor of and for the benefit of Kranos IP III Corporation, a Delaware corporation (“Assignee”).

WHEREAS, Assignor is the owner of the United States patents and registered United States trademarks set forth in Schedule A attached hereto (collectively, the “**Patents and Trademarks**”); and

WHEREAS, Assignor and Assignee are parties to an agreement pursuant to which, among other things, Assignor has agreed to sell, transfer and assign to Assignee as of the date hereof, among other rights and assets, all of Assignor’s right, title and interest in and to the Patents and Trademarks; and

WHEREAS, Assignor desires to execute this Assignment to memorialize the sale, transfer and assignment to Assignee of all of Assignor’s right, title and interest in and to the Patents and Trademarks.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, Assignor does hereby sell, transfer and assign unto Assignee, its successors and assigns, all of Assignor's right, title, and interest in and to the Patents and Trademarks and the registrations thereof, together with the goodwill associated therewith in connection with the businesses in which the Patents and Trademarks are used and the full right to sue for past, present or future infringement of any of the Patents and Trademarks, these rights to be held and enjoyed by the assignee, its successors and assigns, as fully as the same would have been held and enjoyed by the Assignor had this assignment not been made. Assignor hereby authorizes and requests the United States Patent and Trademark Office to issue all registrations related to the Patents and Trademarks registered in the United States to Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument. Assignor hereby covenants and agrees to execute and deliver to Assignee such other and further instruments of transfer, assignment and conveyance and all such notices, releases, acquittances and other documents and to use its best efforts to secure all such consents and waivers as may be necessary more fully to transfer, assign and convey to and vest in Assignee the Patents and Trademarks.

*[Signature pages follow]*

IN WITNESS WHEREOF, Assignor has caused this Assignment of Patents and Registered Trademarks to be executed as of the date first above written.
