**RELEASE OF SECURITY INTEREST IN INTELLECTUAL PROPERTY**

**THIS RELEASE OF SECURITY INTEREST IN INTELLECTUAL PROPERTY** (this “Release”) is made as of November 21, 2014, granted by Credit Suisse AG, Cayman Islands Branch, in its capacity as collateral agent (the “Collateral Agent”) pursuant to that certain Second Lien Security Agreement, dated as of January 15, 2014 (as amended, restated, amended and restated, supplemented and/or otherwise modified from time to time, the “Security Agreement”) among the grantors referred to therein and the Collateral Agent, in favor of Evoqua Water Technologies LLC, a Delaware limited liability company (the “Grantor”). Capitalized terms used herein have the meanings attributed thereto in the Security Agreement unless otherwise defined herein.

**WHEREAS**, the Grantor and the Collateral Agent are party to that certain Intellectual Property Security Agreement, dated as of January 15, 2014 (the “IP Security Agreement”) among the Grantor, the Collateral Agent and the other parties thereto, whereby the Grantor granted to the Collateral Agent a security interest in all of the Grantor’s right, title and interest in the Collateral (as defined in the IP Security Agreement), including the trademark registration and application, the tradename, and the patents and patent applications listed on Schedule A, and its entire right, title and interest, including the right to sue for past infringement, for the United States and all foreign countries, in and to any and all inventions, which are disclosed in any of such patents and patent applications, and all divisional, continuing, substitute, renewal, reissue, reexamination and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said inventions; and in and to all original, reissued, and reexamined patents which have been or shall be issued in the United States and all foreign countries on said inventions including the right to apply for patent rights in each foreign country and all rights to priority (the “Released Collateral”);

**WHEREAS**, the IP Security Agreement was recorded in the United States Patent and Trademark Office on (i) January 27, 2014 at Reel 5201, Frame 0857; and (ii) January 24, 2014 at Reel 032126, Frame 0430;

**WHEREAS**, in accordance with the applicable provisions of the Credit Agreement, the Grantor has requested and the Collateral Agent has agreed to release, discharge, relinquish, terminate and dissolve its security interest in all of the Grantor’s right, title and interest in and to the Released Collateral;

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Collateral Agent hereby agrees as follows:

1. **Release of Security Interest.** Upon the effectiveness of the disposition of the Released Collateral by the Grantor as permitted by Section 7.05(b) of the Credit Agreement, the security interest of the Collateral Agent in the Released Collateral shall be terminated, released and discharged automatically and without any further action of the parties, and any right, title or interest of the Collateral Agent in such Released Collateral shall be void. For the avoidance of any doubt, the termination, release and discharge hereunder shall be limited only and solely to the Released Collateral, and shall not apply in any respect to any other Collateral. The Collateral Agent reserves and retains its security interest (and any other right, title or interest) in and to all such other Collateral.

2. **Further Assurances.** The Collateral Agent agrees, upon written request of the Grantor, to execute and deliver to the Grantor any and all further documents and instruments, and do any and all further acts which the Grantor (or its agents or designees) reasonably requests (at the Grantor’s sole cost and expense) in order to confirm this Release.

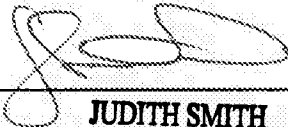

3. Recordation of Release. The Collateral Agent hereby authorizes the Grantor or the Grantor's authorized representative to record this Release with the United States Patent and Trademark Office.

4. Governing Law. This Release shall be governed by, and construed in accordance with, the laws of the State of New York.

5. Electronic Execution. This Release may be executed by facsimile transmission or other electronic transmission.

IN WITNESS WHEREOF, the undersigned has executed this Release by its duly authorized officer as of the date first above written.
