WHEREAS, 9027173 Canada Inc. (now known as GL&V Canada Inc.), as borrower (the “*Borrower*”), National Bank of Canada, as Administrative Agent, and the lenders from time to time parties thereto (collectively, the “*Lenders*”) are parties to a credit agreement dated as of November 28, 2014 (as amended, restated, supplemented or otherwise modified from time to time, including by way of any amendment resulting in any increase of the facilities made available thereby, the “*Credit Agreement*”) pursuant to which the Lenders have agreed to make available to the Borrower the Credit Facilities in an aggregate principal amount of CDN \$65,000,000 or the equivalent amount in other currencies;

3. Representations and Warranties Concerning the Intellectual Property. Each Grantor represents and warrants that:

(a) *Schedules A* attached hereto include all Intellectual Property and Other Proprietary Property owned by such Grantor in its own name or as to which such Grantor has any colorable claim of ownership that are material to the business of such Grantor as of the date hereof.

(b) Such Grantor is the sole legal and beneficial owner of the entire right, title and interest in and to the Intellectual Property and the Other Proprietary Property, and/or has the unrestricted right to use all such Intellectual Property and Other Proprietary Property pursuant to a valid license or other agreement.

(c) Such Grantor's rights in and to the Intellectual Property are valid, subsisting, unexpired, enforceable and have not been abandoned.

(d) All licenses, franchise agreements and other agreements conveying rights in and to the Intellectual Property and Other Proprietary Property are identified on *Schedule A* attached hereto.

4. Covenants. Each Grantor covenants and agrees with the Secured Party that, from and after the date of this Agreement until the Obligations are paid in full:

(a) From time to time, upon the written request of the Secured Party, and at the sole expense of the Grantors, such Grantor will promptly and duly execute and

deliver such further instruments and documents and take such further action as the Secured Party may reasonably request for the purpose of obtaining or preserving the full benefits of this Agreement and of the rights and powers herein granted, including, without limitation, the filing of any financing or continuation statements under the UCC in effect in any jurisdiction with respect to the Liens created hereby. Such Grantor also hereby authorizes the Secured Party to file any such financing or continuation statement without the signature of such Grantor to the extent permitted by applicable law, which financing or continuation statements may indicate the Collateral as “all assets of debtor,” “the Collateral described in the Intellectual Property Security Agreement” or words of similar effect, regardless of whether any particular asset comprised in the Collateral falls within the scope of Article 9 of the UCC of the jurisdiction wherein such financing statement or amendment is filed, or as being of an equal or lesser scope or with greater detail, and contain any other information required by Article 9 of the UCC of the jurisdiction wherein such financing statement or amendment is filed regarding the sufficiency or filing office acceptance of any financing statement or amendment. A carbon, photographic or other reproduction of this Agreement shall be sufficient as a financing statement for filing in any jurisdiction.

(b) Upon the request of the Secured Party, such Grantor shall execute and deliver any and all reasonably necessary agreements, instruments, documents, and papers as the Secured Party may request to evidence the Secured Party’s security interest in any newly filed Patent, Copyright or Trademark and the goodwill and general intangibles of such Grantor relating thereto or represented thereby, and such Grantor hereby constitutes the Secured Party its attorney-in-fact to execute and file all such writings for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; such power being coupled with an interest is irrevocable until the Obligations are paid in full.

(c) If requested by the Secured Party, such Grantor will furnish to the Secured Party statements, schedules and an inventory identifying and describing the Collateral, including without limitation, all Intellectual Property acquired subsequent to the date of this Agreement and not identified on *Schedule A* attached hereto, all transfers, assignments, licenses or sub-licenses of the Collateral by such Grantor, and such other information in connection with the Collateral as the Secured Party may reasonably request, all in reasonable detail. Any such Intellectual Property shall automatically become part of the Collateral.

(d) At any time after the date of this Agreement, one or more additional Persons may become parties hereto by executing and delivering to the Secured Party a Joinder Agreement or a counterpart of this Agreement, together with supplements to the Schedules hereto setting forth all relevant information with respect to such party as of the date of such delivery. Immediately upon such execution and delivery (and without any further action), each such additional Person will become a party to, and will be bound by all the terms of, this Agreement.

5. The Secured Party's Appointment as Attorney-in-Fact.

(a) Each Grantor hereby irrevocably constitutes and appoints the Secured Party and any officer or agent thereof, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the place and stead of such Grantor and in the name of such Grantor or in its own name, for the purpose of carrying out the terms of this Agreement, to take any and all appropriate action and to execute any and all documents and instruments which may be necessary or desirable to accomplish the purposes of this Agreement, and, without limiting the generality of the foregoing, such Grantor hereby grants the Secured Party the power and right, on behalf of such Grantor without notice to or assent by such Grantor, to do the following:

(i) at any time when any Event of Default shall have occurred and is continuing in the name of such Grantor or its own name, or otherwise, to take possession of and endorse and collect any checks, drafts, notes, acceptances or other instruments for the payment of moneys due under, or with respect to, any Collateral and to file any claim or to take any other action or proceeding in any court of law or equity or otherwise deemed appropriate by the Secured Party for the purpose of collecting any and all such moneys due with respect to such Collateral whenever payable;

(ii) to pay or discharge taxes and Liens levied or placed on or threatened against the Collateral, to effect any repairs or any insurance called for by the terms of this Agreement and to pay all or part of the premiums therefor and the costs thereof; and

(iii) at any time when any Event of Default shall have occurred and is continuing, (A) to direct any party liable for any payment under any of the Collateral to make payment of any and all moneys due or to become due thereunder directly to the Secured Party or as the Secured Party shall direct, (B) to ask or demand for, collect, receive payment of and receipt for, any and all moneys, claims and other amounts due or to become due at any time in respect of or arising out of any Collateral, (C) to sign and endorse any invoices, freight or express bills, bills of lading, storage or warehouse receipts, drafts against debtors, assignments, verifications, notices and other documents in connection with any of the Collateral, (D) to commence and prosecute any suits, actions or proceedings at law or in equity in any court of competent jurisdiction to collect the Collateral or any portion thereof and to enforce any other right in respect of any Collateral, (E) to defend any suit, action or proceeding brought against such Grantor with respect to any Collateral, (F) to settle, compromise or adjust any suit, action or proceeding described in the preceding clause and, in connection therewith, to give such discharges or releases as the Secured Party may deem appropriate, (G) to assign any Trademark or Copyright (along with goodwill of the business to which such Trademark or Copyright pertains), throughout the world for such term or terms, on such conditions, and in such manner, as the Secured Party shall in its sole discretion determine, and (H) generally, to sell, transfer, pledge and make any agreement with respect to or otherwise deal with any of the Collateral as fully

and completely as though the Secured Party were the absolute owner thereof for all purposes, and to do, at the Secured Party's option and such Grantor's expense, at any time, or from time to time, all acts and things which the Secured Party deems necessary to protect, preserve or realize upon the Collateral and the Liens of the Secured Party thereon and to effect the intent of this Agreement, all as fully and effectively as such Grantor might do. Such Grantor hereby ratifies all that said attorneys shall lawfully do or cause to be done by virtue hereof. This power of attorney is a power coupled with an interest and shall be irrevocable.

(b) Each Grantor also authorizes the Secured Party, at any time and from time to time, to execute, in connection with the sale provided for in Section 8 hereof, any endorsements, assignments or other instruments of conveyance or transfer with respect to the Collateral.

(c) The powers conferred on the Secured Party hereunder are solely to protect the interests of the Secured Party in the Collateral and shall not impose any duty upon the Secured Party to exercise any such powers. The Secured Party shall be accountable only for amounts that it actually receives as a result of the exercise of such powers, and neither it nor any of its partners, officers, directors, employees or agents shall be responsible to the Grantors for any act or failure to act hereunder, except for their own gross negligence or willful misconduct (**REGARDLESS OF WHETHER CAUSED IN WHOLE OR IN PART BY THE NEGLIGENCE (WHETHER SOLE, CONTRIBUTORY, JOINT, OR CONCURRENT) OF ANY OF THE INDEMNIFIED PARTIES**) or failure to comply with mandatory provisions of applicable law.

6. Performance by the Secured Party of Grantors' Obligations. If any Grantor fails to perform or comply with any of its agreements contained herein and if the Secured Party, as provided for by the terms of this Agreement, shall itself perform or comply, or otherwise cause performance or compliance, with such agreement, then the expenses of the Secured Party incurred in connection with such performance or compliance, together with interest thereon at the interest rate provided for in the Credit Agreement, shall be payable by Grantors to the Secured Party on demand and shall constitute Obligations secured hereby.

7. Proceeds. It is agreed that if an Event of Default shall occur and be continuing, then (a) all Proceeds received by the Grantors consisting of cash, checks and other cash equivalents shall be held by the Grantors in trust for the Secured Party, segregated from other funds of the Grantors, and shall, forthwith upon receipt by any Grantor, be turned over to the Secured Party in the exact form received by such Grantor (duly endorsed by such Grantor to the Secured Party, if required), and (b) any and all such Proceeds received by the Secured Party (whether from a Grantor or otherwise) shall promptly be applied by the Secured Party against, the Obligations (whether matured or unmatured).

8. Remedies Upon Default. Upon the occurrence of an Event of Default which is continuing, the Secured Party may pursue any or all of the following remedies, without any notice to any Grantor except as required below:

(a) The Secured Party may give written notice of default to any Grantor, following which no Grantor shall dispose of, conceal, transfer, sell or encumber any of the Collateral (including, but not limited to, cash proceeds) without the Secured Party's prior written consent, even if such disposition is otherwise permitted hereunder or under any other Operative Document in the ordinary course of business. Any such disposition, concealment, transfer or sale after the giving of such notice shall constitute a wrongful conversion of the Collateral. The Secured Party may obtain a temporary restraining order or other equitable relief to enforce any Grantor's obligation to refrain from so impairing the Secured Party's Collateral.

(b) The Secured Party may take possession of any or all of the Collateral. Each Grantor hereby consents to the Secured Party's entry into any of such Grantor's premises to repossess Collateral, and specifically consents to the Secured Party's forcible entry thereto as long as the Secured Party causes no significant damage to the premises in the process of entry (drilling of locks, cutting of chains and the like do not in themselves cause "significant" damage for the purposes hereof) and provided that the Secured Party accomplishes such entry without a breach of the peace.

(c) The Secured Party may dispose of the Collateral at private or public sale. Any required notice of sale shall be deemed commercially reasonable if given at least ten (10) days prior to sale. The Secured Party may adjourn any public or private sale to a different time or place without notice or publication of such adjournment, and may adjourn any sale either before or after offers are received. The Collateral may be sold in such lots as the Secured Party may elect, in its sole discretion. The Secured Party may take such action as it may deem necessary to repair, protect, or maintain the Collateral pending its disposition.

(d) The Secured Party may exercise its Lien upon and right of setoff against any monies, items, credits, deposits or instruments that the Secured Party may have in its possession and that belong to any Grantor or to any other person or entity liable for the payment of any or all of the Obligations.

(e) The Secured Party may exercise any right that it may have under any other Operative Document or otherwise available to the Secured Party at law or equity.

9. Limitation on Duties Regarding Preservation of Collateral. The Secured Party's sole duty with respect to the custody, safekeeping and physical preservation of the Collateral in its possession, under Section 9-207 of the UCC or otherwise, shall be to deal with it in the same manner as the Secured Party would deal with similar property for its own account. Neither the Secured Party nor any of its partners, directors, officers, employees or agents shall be liable for failure to demand, collect or realize upon all or any part of the Collateral or for any delay in doing so or shall be under any obligation to sell or otherwise dispose of any Collateral upon the request of any Grantor or otherwise.

10. Powers Coupled with an Interest. All authorizations and agencies herein contained with respect to the Collateral are irrevocable and powers coupled with an interest.

11. Severability. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

12. Section Headings. The section headings used in this Agreement are for convenience of reference only and are not to affect the construction hereof or be taken into consideration in the interpretation hereof.

13. No Waiver: Cumulative Remedies. The Secured Party shall not by any act (except by a written instrument pursuant to Section 14 hereof), delay, indulgence, omission or otherwise be deemed to have waived any right or remedy hereunder or to have acquiesced in any default or Event of Default or in any breach of any of the terms and conditions hereof. No failure to exercise, nor any delay in exercising, on the part of the Secured Party, any right, power or privilege hereunder shall operate as a waiver thereof. No single or partial exercise of any right, power or privilege hereunder shall preclude any other or further exercise thereof or the exercise of any other right, power or privilege. A waiver by the Secured Party of any right or remedy hereunder on any occasion shall not be construed as a bar to any right or remedy which the Secured Party would otherwise have on any future occasion. The rights and remedies herein provided are cumulative, may be exercised singly or concurrently and are not exclusive of any rights or remedies provided by law.

14. Waivers and Amendments; Successors and Assigns; Interpretation. None of the terms or provisions of this Agreement may be waived, amended, supplemented or otherwise modified except by a written instrument executed by each Grantor and the Secured Party, provided that any provision of this Agreement may be waived by the Secured Party in a written letter or agreement executed by the Secured Party or by facsimile transmission from the Secured Party. This Agreement shall be binding upon the successors and assigns of the Grantors and shall inure to the benefit of the Secured Party and its successors and assigns. When used herein, the singular shall include the plural, and vice versa, and the use of any gender shall include all other genders, as appropriate.

15. Notices. Any and all notices, elections or demands permitted or required to be made under this Agreement must be in writing, signed by the party giving such notice, election or demand, to be effective and shall be deemed to have been given (a) if by telecopy, when transmitted to the appropriate telecopy number, (b) if by mail, on the third Business Day after it is enclosed in an envelope and properly addressed, stamped, sealed, certified return receipt requested, and deposited in the appropriate official postal service, or (c) if by electronic mail or any other means, when actually received or delivered (with respect to electronic mail, each party giving such notice shall be responsible for keeping records acceptable to the Secured Party regarding all such notices). For notices under this Agreement, the parties hereto shall use the addresses and information set forth in the Credit Agreement for the Secured Party. The address and other contact information of each Grantor for the purposes of this Section 15 is set out on the signature page(s) to this Agreement.

16. Governing Law. This Agreement will be governed by, and construed and enforced in accordance with, the law of the State of New York (including Sections 5-1401 and 5-1402 of the General Obligations Law of the State of New York).

17. Counterparts. This Agreement may be executed in any number of counterparts and by different parties to this Agreement in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same Agreement. Facsimile and other electronic copies of manually-signed originals shall have the same effect as manually-signed originals and shall be binding on Grantors and the Secured Party.

18. Submission to Jurisdiction. Each Grantor submits to the nonexclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York state court sitting in New York City for the purposes of all legal proceedings arising out of or relating to the Operative Documents. Each Grantor irrevocably waives, to the fullest extent permitted by Applicable Law, any objection which it may now or hereafter have to the laying of the venue of any such proceeding brought in such a court and any claim that any such proceeding brought in such a court has been brought in an inconvenient forum.

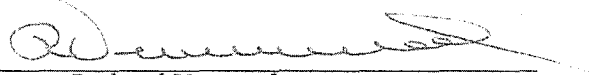

19. Waiver of Trial by Jury. EACH GRANTOR AND THE SECURED PARTY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE OTHER OPERATIVE DOCUMENTS.
