## AGREEMENT

Now, Therefore, for the mutual covenants herein and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. **PATENTS.** Assignor does hereby irrevocably sell, convey, assign and transfer to Assignee, its successors, legal representatives and assigns, as of the date hereof, all of Assignor's right, title and interest in and to the Assigned Patents, together with all business goodwill associated therewith, and all right, title and interest to all Patent Registrations. Assignor hereby agrees to cooperate with Assignee in the sustaining of any and all Patent Registrations and in confirming the Assignee's exclusive ownership of the Assigned Patents. Assignor shall take such steps as are reasonably necessary to satisfy Assignee that the transfer by Assignor to Assignee of Assignor's common law rights in the Assigned Patents has been fully effected and is effective.
2. **COPYRIGHTS.** Assignor does hereby irrevocably sell, convey, assign and transfer to Assignee, its successors, legal representatives and assigns, as of the date hereof, all of Assignor's right, title and interest in and to the Assigned Copyrights, together with all business goodwill associated therewith, and all right, title and interest to all Copyright Registrations. Assignor hereby agrees to cooperate with Assignee in the sustaining of any and all Copyright Registrations and in confirming the Assignee's exclusive ownership of the Assigned Copyrights. Assignor shall take such steps as are reasonably necessary to satisfy Assignee that the transfer by Assignor to Assignee of Assignor's common law rights in the Assigned Copyrights has been fully effected and is effective.
3. **TRADEMARKS.** Assignor does hereby irrevocably sell, convey, assign and transfer to Assignee, its successors, legal representatives and assigns, as of the date hereof, all of Assignor's right, title and interest in and to the Assigned Trademarks, together with all business goodwill associated therewith, and all right, title and interest to all Trademark Registrations. Assignor hereby agrees to cooperate with the Assignee in the sustaining of any and all Trademark Registrations and in confirming Assignee's exclusive ownership of the Trademarks. Assignor shall take such steps as are reasonably necessary to satisfy Assignee that the transfer by Assignor to Assignee of Assignor's common law rights in the Trademarks has been fully effected and is effective.
4. **DOMAIN NAMES.** Assignor does hereby irrevocably sell, convey, assign and transfer to Assignee, its successors, legal representatives and assigns, as of the date hereof, all of Assignor's right, title and interest in and to the Assigned Domains and the domain name services agreement with the relevant registrar relating thereto. Immediately upon the execution and delivery of this Agreement, Assignor shall deliver to Assignee all relevant user IDs, passwords, and all other information that may be necessary to enable Assignee to access Assignor's account with the relevant registrar for the Assigned Domains and to take effective control of the Assigned Domains. Assignor shall take all other steps reasonably necessary to effect the transfer of the Assigned Domains to Assignee, including, without limitation, executing any additional documents or agreements as may be reasonably necessary to satisfy Assignee that the transfer of

the Assigned Domains was effective and providing to Assignee and the relevant registrar all information necessary to effect such transfer.

5. **OTHER ASSIGNED IP.** Assignor does hereby irrevocably sell, convey, assign and transfer to Assignee, its successors, legal representatives and assigns, as of the date hereof, all of Assignor's right, title and interest in and to all other Assigned IP, together with all business goodwill associated therewith, and all applications and registrations for any and all Intellectual Property rights pertaining thereto. Assignor hereby agrees to cooperate with Assignee in the preparation, submission, and sustaining of any and all applications and registrations for any and all Intellectual Property rights pertaining thereto and in confirming the Assignee's exclusive ownership of the Assigned IP. To the extent Assignor retains any such Moral Rights under applicable law, Assignor hereby ratifies and consents to, and provides all necessary ratifications of and consents to, any action that may be taken with respect to such Moral Rights by, or authorized by, the Assignee; Assignor agrees not to assert any Moral Rights with respect thereto.

7. **RESTRICTIVE COVENANTS.**

(a) Assignor shall cease any and all use of and shall not disclose to any third party the Assigned IP, except as may be expressly authorized by Assignee.

(b) Assignor hereby acknowledges that any unauthorized use of any of the Assigned IP by Assignor, by any third party under Assignor's control or by any third party with Assignor's express authorization constitutes a breach of this Agreement and an infringement of Assignee's intellectual property rights.

(c) Assignor shall not register, license, transfer, own or otherwise use any Assigned Trademark (whether as a domain name or otherwise) confusingly similar to any of the Assigned IP.

(d) After granting access to Assignor's account with the relevant registrar for the Assigned Domains to Assignee, Assignor shall not take any action to interfere with Assignee's access to such account or to access or otherwise exert control over such account.

Assignor recognizes and agrees that there is no adequate remedy at law for a breach of this Section, that such a breach would irreparably harm the Assignee and that the Assignee is entitled to equitable relief (including, without limitation, injunctive relief) with respect to any such breach or potential breach in addition to any other remedies and without any requirement to post bond.

8. **FURTHER ASSURANCES.** Assignor and Assignee each hereby covenant that, from time to time after delivery of this Agreement, at the other party's request and without further

consideration, it will do, execute, acknowledge and deliver, or cause to be done, executed, acknowledged and delivered, any and all such further acts, instruments and other things or writings reasonably requested by the other party in order to evidence and effectuate the consummation of any of the transactions contemplated by this Agreement and the assignment of the Assigned IP in accordance herewith and with the Asset Purchase Agreement. Assignor hereby irrevocably designates and appoints the Assignee and its duly authorized officers and agents as Assignor's agents and attorneys-in-fact, coupled with an interest and with full power of substitution, to act for and on Assignor's behalf and instead of Assignor, to execute and file any such document or documents and to do all other lawfully permitted acts to further the purposes of the foregoing with the same legal force and effect as if executed by Assignor.

9. **WARRANTY.** Unless otherwise reduced to writing in the Asset Purchase Agreement, this Agreement or other ancillary agreements, Assignor represents and warrants to the Assignee that the Assignor (i) was the sole owner (other than the Assignee) of all rights, title and interest in the Assigned IP, (ii) has not assigned, transferred, licensed, pledged or otherwise encumbered any Assigned IP or agreed to do so, (iii) has full power and authority to enter into this Agreement and to make the assignment as provided in this Agreement, (iv) is not aware of any violation, infringement or misappropriation of any third party's rights (or any claim thereof) by or in connection with the Assigned IP, (v) was not acting within the scope of providing services to any third party when conceiving, creating or otherwise performing any activity with respect to anything purportedly assigned in this Agreement and (iv) is not aware of any questions or challenges with respect to the patentability or validity of any claims of any existing patents or patent applications relating to the Assigned IP.

10. **GOVERNING LAW.** This Agreement, and all disputes or controversies arising in connection with or related to this Agreement, will be construed in accordance with, and governed in all respects by, the internal Laws of the State of Florida, without giving effect to principles of conflicts of laws.

11. **COUNTERPARTS.** This Agreement may be signed in any number of counterparts (including by facsimile), each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. This Agreement shall become effective when each party hereto shall have received a counterpart hereof signed by the other party hereto.
