## TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT ("Assignment") is made as of this 7<sup>th</sup> day of Jan., 2011 by XS Worldwide, L.P., a Delaware limited partnership, whose address is 9900 Bell Ranch Drive, Unit 105, Santa Fe Springs, California 90670 ("Assignor"), to Alticor Inc., a Michigan corporation, whose address is 7575 Fulton Street East, Ada, Michigan 49355 ("Assignee").

The Assignor and Assignee are parties (with others) to an Asset Purchase Agreement, dated as of January 10, 2011 (the "Purchase Agreement"), pursuant to which the Assignor has agreed to sell, convey, assign, transfer and deliver to Assignee, and Assignee has agreed to purchase, acquire and accept from the Assignor, the Assets, including without limitation the Seller Intellectual Property.

In furtherance of the transactions contemplated by the Purchase Agreement, the Assignor desires to irrevocably grant, transfer and assign to Assignee, and Assignee desires to accept the grant, transfer and assignment of, all of the Assignor's registered and unregistered domestic and foreign service marks, trademarks, trademark applications and trade names which are Assets, including without limitation those listed on Schedule A annexed hereto and incorporated herein by this reference (the "Transferred Marks").

NOW, THEREFORE, for and in consideration of the mutual covenants contained herein and in the Purchase Agreement, payment of consideration in the amount of \$100, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor hereby irrevocably sells, conveys, assigns, transfers and delivers to Assignee, and Assignee hereby purchases, acquires and accepts the grant, transfer and assignment of, all of the Assignor's worldwide right, title and interest in, to and under the Transferred Marks, all copies and tangible embodiments of the Transferred Marks (in whatever form or medium), all rights in or licenses to or from a third Person in any of the Transferred Marks, and all past, present or future claims or causes of action arising out of or related to any infringements, dilutions or misappropriations of any of the Transferred Marks, together with the goodwill of the business associated with the Transferred Marks, the same to be held and enjoyed by the said Assignee, its successors and assigns from and after the date hereof as fully and entirely as the same would have been held and enjoyed by said Assignor had this Assignment not been made.

Without limiting Section 10.2 of the Purchase Agreement, the Assignor hereby agrees to execute or procure any further necessary assurance of its title to the Transferred Marks and, upon the reasonable request of said Assignee, will execute and deliver any and all papers that may be necessary or desirable to perfect Assignee's rights to the Transferred Marks in Assignee, its successors, assigns or other legal representatives; and upon the reasonable request of said Assignee, will execute any additional applications for registration, or any part or parts thereof; and will make all rightful oaths and do all lawful acts requisite for procuring the same or for aiding therein, without further compensation but at the expense of Assignee or Assignee's successors or other legal representatives.

To the extent that the laws of any country prohibit or restrict assignments of pending trademark or service mark applications, the Assignor will assign and transfer such applications as soon as permitted under such country's laws, and until such assignment, the Assignor will permit Assignee to use and exercise its rights in the Transferred Marks in any such country pursuant to this Assignment. Assignee will be responsible for the prosecution and maintenance of any applicable pending

applications after closing. The Assignor hereby agrees to cooperate with Assignee, at Assignee's sole cost and expense, in connection with obtaining, and maintaining such pending applications including, but not limited to, executing any and all lawful documents that may be necessary or desirable in connection with such pending applications. In order to fulfill the Assignor's obligations under this paragraph, the Assignor shall appoint a representative as the Assignor's true and lawful attorney in fact with full irrevocable power and authority in the place and stead of the Assignor to take any and all appropriate action and to execute any and all documents to prosecute and maintain such pending applications. In the event that the Assignor fails to cooperate with Assignee in fulfilling the Assignor's obligations under this paragraph, the Assignor hereby appoints Assignee as the Assignor's true and lawful attorney in fact with full irrevocable power and authority in the place and stead of the Assignor to take any and all appropriate action and to execute and deliver any and all documents to prosecute and maintain such pending applications.

The Assignor hereby authorizes the Commissioner of Patents and Trademarks of the United States, and any official of any other country empowered to issue trademarks, to record this Assignment, and to issue or transfer all said Transferred Marks to the Assignee as owner of all right, title and interest therein, or otherwise as the Assignee may direct, in accordance with the terms of this Assignment.

Except to the extent that federal law preempts state law with respect to the matters covered hereby, this Assignment shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to its conflicts of law principles.

Capitalized terms used but not defined herein shall have the meanings for such terms that are set forth in the Purchase Agreement.
