**WHEREAS**, on December 3, 2013, Assignee changed its name and domiciliation from Chemical Specialists and Development, Inc., a Texas corporation to Chemical Specialists and Development, LLC, a Delaware limited liability company;

**WHEREAS**, pursuant to the terms hereof, and as part of the consolidation of operations of Assignee and Assignor, Assignor desires to transfer and assign to Assignee all of its rights, title and interests in and to any intangible assets of Assignor, including the trademark(s) and/or service mark(s) applications and registrations (collectively, the "**Trademarks**"), the Internet domain names (collectively, the "**Domain Names**"), and other such intellectual property rights used, held for use, or otherwise necessary for the ownership, operation or maintenance of the business of Assignor (all of the foregoing, collectively, the "**Business Intellectual Property**") inclusive of those set forth on the attached Schedule 1, and the Assignee has agreed to acquire all rights, title and interests in the Business Intellectual Property.

**NOW, THEREFORE**, in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignment. The Assignor hereby, absolutely and unconditionally, conveys, assigns, transfers, grants and sets over unto the Assignee, all of the Assignor's worldwide rights, title and interests and benefit in and to the Business Intellectual Property, together with all rights of action, both at law and in equity with respect thereto, including all rights to sue, settle any claim, and collect all damages for any past, present, or future infringement or misappropriation of the Business Intellectual Property, including the goodwill of the business connected to the use of any of the Business Intellectual Property, the same to be held and enjoyed by the Assignee, its successors and assigns forever, as fully and entirely as the same could have been held and enjoyed by the Assignor if this assignment had not been made and the Assignee does hereby accept such assignment, transfer, grant, conveyance and set over. 3. Cooperation. The Assignor hereby covenants and agrees that it will communicate to the Assignee, its successors, legal representatives and assigns, any material facts (including, but not limited to, information relating to use or non-use, enforceability, or infringement of the Business Intellectual Property) known to it with respect to the Business Intellectual Property and testify in any legal proceeding, sign all lawful papers, execute all applications (including, but not limited to, powers of attorney, specific assignments, transfers and assurances), make all rightful oaths and use its reasonable best efforts at the request of the Assignee to aid the Assignee, its successors, legal representatives and assigns in obtaining and enforcing protection for the Business Intellectual Property and in enjoying the full benefits thereof.
