TRADEMARK ASSIGNMENT

This Trademark Assignment (this "Assignment"), made effective as of November 25, 2014, transfers and assigns from BioOriGyn, LLC, a Washington limited liability company (the "Assignor"), to Fairhaven Health, LLC, a Washington limited liability company (the "Assignee"), for the United States, its territories and possessions, and worldwide, all of the Assignor's right, title, and interest in and to each of the trademarks, tradenames and service marks identified on Schedule A hereto (collectively, the "Marks").

WHEREAS, the Assignor has agreed to sell and Assignee has agreed to purchase certain assets of the Assignor pursuant to an Asset Purchase Agreement by and between the Assignor and the Assignee dated as of November 25, 2014 (the "Asset Purchase Agreement"); and

WHEREAS, Assignor has adopted or intends to adopt and use, and is the owner of the Marks, and has agreed pursuant to the Asset Purchase Agreement to transfer and assign the Marks to the Assignee as provided herein; and

WHEREAS, Assignee, as successor to the portion of Assignor's business to which said mark pertains, is desirous of acquiring any and all rights that Assignor may have in and to the said mark, together with the goodwill of the business in connection with which said mark is and will be used and which is symbolized by said mark, along with the right to recover for damages and profits for past infringements thereof.

NOW, THEREFORE, for good and valuable consideration received pursuant to the Asset Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, the Assignor does hereby assign unto the Assignee, all of its right, title, and interest in the United States of America and worldwide in and to the Marks, free and clear of all liens and encumbrances, together with all of the goodwill associated with and symbolized by such Marks, the applications and registrations thereof and therefor, and any rights of the Assignor to sue any third parties for any past infringement of or to the Marks, for the use and benefit of Assignee and its successors, assigns or other legal representatives and to prosecute such applications and registrations in the United States Patent and Trademark Office and other foreign trademark offices.

After the execution of this Assignment, at the request of the Assignee and without additional consideration to the Assignor, the Assignor will execute and deliver to the Assignee from time to time such further instruments of conveyance, transfer, and assignment and other documents, and will take such other actions, as the Assignee may reasonably require to convey and deliver more effectively to the Assignee the Marks, to perfect the Assignee's title thereto, and otherwise to accomplish the orderly transfer to the Assignee of the Marks and to give full effect to this Assignment.

This Assignment is binding on the Assignor and its successors and assigns, and inures to the benefit of the Assignee and its successors and assigns.
