INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT is entered into as of February 14, 2014 by and between MACHINIMA, INC., a Delaware corporation ("**Grantor**") to and for the benefit of Redpoint Ventures III, L.P., a Delaware limited partnership, (the "**Collateral Agent**") as collateral agent for itself and the other secured parties listed on the signature pages hereof (each, a "**Secured Party**" and, collectively, the "**Secured Parties**").

RECITALS

A. Each Secured Party and Grantor made certain advances of money and extended certain financial accommodations to Grantor (the "**2013 Loans**") pursuant to that certain Note and Warrant Purchase Agreement dated May 28, 2013 (as amended, the "**2013 Purchase Agreement**") pursuant to which Grantor issued convertible promissory notes (each, a "**2013 Note**," and, collectively, the "**2013 Notes**") to the Secured Parties (such holders of the 2013 Notes, the "**2013 Lenders**").

B. Certain of the Secured Parties (the "**2014 Lenders**") now have agreed to make certain additional advances of money and to extend certain financial accommodations to Grantor as evidenced by those certain Secured Convertible Promissory Notes dated February 14, 2014 executed by Grantor in favor of each such Secured Party (each, a "**2014 Note**" and, collectively, the "**2014 Notes**" and, together with the 2013 Notes, each, a "**Note**" and, collectively, the "**Notes**") and that certain Note Purchase Agreement dated February 14, 2014 by and between Grantor and such Secured Parties (the "**2014 Purchase Agreement**" and together with the 2013 Purchase Agreement, the "**Purchase Agreements**"), such advances, future advances, and financial accommodations being referred to herein as the "**2014 Loans**" and together with the 2013 Loans, the "**Loans**". The Notes and Purchase Agreements are referred to herein collectively as the "**Loan Documents**".

C. The Secured Parties have conditioned the Company's consummation of the 2014 Loans on Grantor granting to Collateral Agent a security interest in certain Copyrights, Trademarks and Patents to secure the obligations of Grantor under the Loans.

D. Pursuant to the terms of that certain Security Agreement, dated of even date herewith, made by Grantor for the benefit of the Collateral Agent (as the same may be amended, modified or supplemented from time to time, the "**Security Agreement**"), Grantor has granted to the Secured Parties a security interest in all of Grantor's right, title and interest in, to or under all of the Grantor's assets. All capitalized terms used but not otherwise defined herein shall have the respective meanings assigned to them in the Security Agreement.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, Grantor hereby represents, warrants, covenants and agrees as follows:

To secure the Secured Obligations, Grantor grants and pledges to the Collateral Agent, on behalf of the Secured Parties, a security interest in all of Grantor's right, title and interest in, to and

under its Intellectual Property (including without limitation those Copyrights, Patents and Trademarks listed on Exhibits A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof.

Notwithstanding the foregoing, the grant, assignment and transfer of a security interest as provided herein shall not include "intent-to-use" trademarks at all times prior to the first use thereof, whether by the actual use thereof in commerce, the recording of a statement of use with the United States Patent and Trademark Office or otherwise.

This security interest is granted in conjunction with the security interest granted to Collateral Agent, on behalf of the Secured Parties, under the Security Agreement. The rights and remedies of Collateral Agent and the Secured Parties with respect to the security interest granted hereby are subject to the terms of the Security Agreement and are in addition to those set forth in the Security Agreement and the other Loan Documents, and those which are now or hereafter available to Collateral Agent and the Secured Parties as a matter of law or equity. Each right, power and remedy of Collateral Agent and the Secured Parties provided for herein or in the Security Agreement or any of the Loan Documents, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by Collateral Agent and the Secured Parties of any one or more of the rights, powers or remedies provided for in this Intellectual Property Security Agreement, the Security Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Collateral Agent or the Secured Parties, of any or all other rights, powers or remedies.

Grantor represents and warrants that Exhibits A, B, and C attached hereto set forth any and all intellectual property rights in connection to which Grantor has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office, as applicable.

In all respects, including all matters of construction, validity and performance, this Security Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware applicable to contracts made and performed in such state, without regard to the principles thereof regarding conflict of laws, except to the extent that the UCC provides for the application of the law of a different jurisdiction.
