THIS TRADEMARK AND DOMAIN NAME ASSIGNMENT (“Assignment”), is entered into by and between MegaPath Corporation (formerly known as MegaPath Inc.), a corporation organized and existing under the laws of Delaware having an address of 6800 Koll Center Parkway, Suite 200, Pleasanton, California 94566 (“Assignor”) and MegaPath Cloud Company, LLC., a corporation organized and existing under the laws of Delaware having an address of 6800 Koll Center Parkway, Suite 200, Pleasanton, California 94566 (“Assignee”), and is effective as of March 31, 2015 (“Effective Date”).

WHEREAS, Assignor has adopted, is using and is the owner of all right, title, interest, and goodwill in and to the trademarks and other indicia of origin listed in the attached Schedule A (the “Marks”), and the domain names listed in the attached Schedule B (the “Domain Names”);

WHEREAS, Assignor has entered into a Contribution Agreement dated as of March 31, 2015 in which Assignor agreed to assign the Marks and Domain Names to Assignee; and

WHEREAS, Assignor desires to sell, transfer and assign to Assignee, and Assignee desires to acquire from Assignor, all right, title and interest in and to the Marks and the Domain Names, along with the ongoing business and the goodwill of the business symbolized by the Marks and along with any goodwill symbolized by the Domain Names.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree that:

1. Assignment of Domain Names.

A. Assignor hereby sells, transfers, assigns, conveys and delivers to Assignee, free and clear of all encumbrances and liens, all of Assignor’s right, title and interest in and to the Domain Names, any other rights appurtenant to the Domain Names, all registrations thereof, any goodwill symbolized thereby, and all rights to sue for past, present or future infringement and to receive any recoveries therefor. Concurrently with the execution of this Agreement, Assignor shall provide Assignee with all relevant account information for each Domain Name, including, but not limited to all log-in names, user names, authorization codes and passwords as may be necessary to enable Assignee to update, modify or remove content from the associated websites. Promptly after the Effective Date, Assignor shall unlock the Domain Names and use commercially reasonable efforts to undertake such other acts as may be reasonably required to transfer all right, title and interest in and to the Domain Names to Assignee.

B. Assignor and Assignee will promptly execute all documents and authorizations and take all other actions that may be necessary or desirable for transferring to Assignee all right, title and interest in and to the Domain Names, including, but not limited to, completing, executing or authorizing the transfer of the Domain Names pursuant to the procedures set forth by each of the Domain Name Registrars identified on Schedule B.

C. Assignor authorizes and requests Network Solutions, Inc., or any other registration authority, to transfer the Domain Names and the registrations thereof from the Assignor to the Assignee.

D. Assignor hereby acknowledges that upon transfer of the Domain Names, Assignee shall be the sole and exclusive owner of all right, title and interest in the Domain Names. Assignor agrees that from the date of this Assignment forward, neither it, nor any of its agents, assigns, representatives, affiliates, companies, partners, or employees will assert any interest in, use or register with any agency or administrative body, any trademark, service mark, domain name or business name that is confusingly similar to the Domain Names.

2. Assignment of Marks.
