ASSIGNMENT OF TRANSFERRED INTELLECTUAL PROPERTY

April 9, 2015

This Assignment of Transferred Intellectual Property (the "Assignment") is delivered pursuant to the Asset Purchase Agreement (the "Purchase Agreement"), dated as of April 9, 2015, by and among DataStream Content Solutions, LLC, a limited liability company organized under the laws of Maryland ("Seller"), Dolan LLC, a limited liability company organized under the laws of Delaware and the ultimate non-holding company parent of Seller ("Seller Parent"), and DSCS, LLC, a limited liability company organized under the laws of Delaware ("Buyer"). Capitalized terms used in this Assignment without definition have the respective meanings given to them in the Purchase Agreement.

A. Pursuant to the Purchase Agreement, Buyer has agreed to acquire the Purchased Assets, including the Transferred Intellectual Property. Buyer and Seller now seek to consummate the assignment, conveyance and transfer of the Transferred Intellectual Property owned by Seller or, in the case of certain trademarks, Seller Parent.

NOW, THEREFORE, intending to be legally bound and in consideration of the mutual provisions set forth in this Assignment and in the Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignment of Transferred Intellectual Property. Seller or, in the case of certain trademarks, Seller Parent, does hereby irrevocably assign, sell, transfer, convey and deliver to Buyer, in perpetuity, all of Seller's and Seller Parent's right, title and interest in and to the Transferred Intellectual Property, to be held and enjoyed by Buyer for its own use and on its own behalf, and to inure to the benefit of Buyer, its successors and assigns, for the full extent of Seller's and Seller Parent's right, title and interest in the Transferred Intellectual Property, including any renewals or extensions thereof, and thereafter, as fully and entirely as the same would have been held by Seller or Seller Parent had this Assignment not been executed and such assignment, sale and transfer not been made. Buyer hereby accepts and assumes the foregoing assignment, sale, transfer, conveyance and delivery of the Transferred Intellectual Property upon the terms and conditions herein contained.

2. Further Assurances. Seller or, in the case of certain trademarks, Seller Parent, hereby covenants to and agrees with Buyer, its successors and assigns, to execute, acknowledge and deliver to, or to cause to be executed, acknowledged and delivered to, Buyer, its successors and assigns, all such further deeds, assignments, transfers, conveyances and assurances that may be reasonably necessary for the assigning, transferring, conveying, delivering, assuring and confirming to Buyer, its successors or assigns, or for aiding and assisting in collecting or reducing to Buyer's possession, any or all of the Transferred Intellectual Property.

3. Transfer of Registration Authority. Seller hereby authorizes and requests the applicable registration authority in each jurisdiction to transfer all applicable portions of the Transferred Intellectual Property (including, without limitation, the items listed on Schedule A hereto) from Seller to Buyer and to otherwise issue any and all patents, certificates of invention, registrations or similar items which may be issued or granted upon any of the Transferred Intellectual Property in the name of Buyer, as the assignee to the entire interest therein.

4. General. This Assignment (a) is irrevocable and effective upon the parties' signatures to and delivery of a manually signed copy of this Agreement or facsimile or email transmission of the signature to this Assignment in connection with the Closing, if and only if the Closing is completed, (b) benefits and binds the parties to the Purchase Agreement and their respective successors and assigns,

(c) does not modify or affect, and is subject to, the provisions of the Purchase Agreement, and (d) may be signed in counterparts as provided in Section 10.4 of the Purchase Agreement. In the event of any conflict or inconsistency between the provisions of the Purchase Agreement and the provisions of this Assignment, the provisions of the Purchase Agreement will control.
