TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT (“Assignment”) is entered into as of February 5, 2015, by CSDVRS, LLC, a Delaware limited liability company (the “Contributor”), and Stratus Video, LLC, a Delaware limited liability company (the “Company”).

WHEREAS, Contributor owns all right, title and interest in and to the trademark registrations, trademark applications for registration and internet domain names identified and set forth on Schedule A attached hereto, and all goodwill associated therewith (collectively, the “Marks”);

WHEREAS, Contributor and the Company are parties to the Contribution Agreement dated February 5, 2015 (the “Contribution Agreement”), pursuant to which Contributor has contributed, and the Company has accepted, substantially all assets of Contributor with respect to the Contributed Business (as defined in the Contribution Agreement), including, without limitation, the Marks;

WHEREAS, the Company is the successor to that portion of the assets of the business of the Contributor to which the Marks pertain and such business is ongoing; and

WHEREAS, pursuant to the Contribution Agreement, Contributor wishes to assign to the Company, and the Company wishes to acquire from Contributor, all worldwide right, title and interest in and to the Marks and all goodwill associated with the Marks.

NOW, THEREFORE, for good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, Contributor hereby agrees:

1. Contributor hereby irrevocably contributes, transfers, and assigns to the Company, free and clear of any and all Encumbrances other than Permitted Encumbrances (as such terms are defined in the Contribution Agreement), the Contributor’s entire right, title and interest in, to and under the Marks, together with the goodwill of the business associated therewith, including, without limitation, any renewals and extensions of the registrations and all corresponding rights that are or may be secured under the laws of the United States, now or hereafter arising or in effect, for the Company’s own use and enjoyment, and for the use and enjoyment of the Company’s successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Contributor if this Assignment had not been made, together with all rights to collect royalties, products and proceeds in connection with any of the foregoing and all rights to sue for past, present or future infringement, misappropriation, unfair competition, dilution or other violation of the foregoing, and all rights to recover damages or lost profits in connection therewith, and all rights corresponding thereto throughout the world.
2. Contributor hereby requests the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office to record the Company as the assignee and owner of the Marks and to deliver to the Company, and to the Company’s attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Assignment.

3. Contributor shall provide the Company, its successors and assigns, and their legal representatives such information, documents and assistance as the Company or any such other person or entity may reasonably request (including, without limitation, execution and delivery of any affidavits, declarations, oaths or other documents as may reasonably be required) in connection with: (1) the preparation of any application for registration or any application for renewal of any Mark; (2) the prosecution or defense of any infringement or other proceedings that may arise in connection with any of the Marks including, but not limited to, testifying as to any facts relating to the Marks assigned herein and this Assignment; (3) obtaining any additional protection for the Marks that the Company reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States, foreign countries and multinational authorities; and (4) effectuating and implementing this Assignment.
4. Contributor hereby represents, warrants and covenants that it has all rights necessary to enter into this Assignment, and it has not executed and will not execute any agreement in conflict with this Assignment.
5. This Assignment shall be governed by and construed in accordance with the laws of the State of Delaware.
6. This Assignment may be signed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
7. This Assignment is entered into pursuant to the Contribution Agreement, to which reference is made for a further statement of the rights and obligations of Contributor and the Company with respect to the Marks.
