INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This **INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT** ("IP Assignment"), is effective as of April 22, 2015, and entered into by and between **Camcaddy, LLC**, a South Carolina limited liability company ("Seller"), and **Stinger Tees, Inc.**, an Ohio corporation ("Buyer"). Capitalized terms used but not otherwise defined herein shall have the meaning ascribed to them in the Purchase Agreement (as hereinafter defined).

WHEREAS, under the terms of that certain Asset Purchase Agreement, dated as of April 22, 2015, between Seller and Buyer (the "Purchase Agreement"), Seller has agreed to sell and assign to Buyer, among other assets, the Intellectual Property, and has agreed to execute and deliver this IP Assignment, for recording with the United States Patent and Trademark Office and corresponding entities or agencies in any applicable jurisdictions; and

WHEREAS, the parties desire to execute this IP Assignment to evidence the assignment by Seller, and the assumption by Buyer, of the Intellectual Property at the Closing.

NOW THEREFORE, in consideration of the mutual covenants, terms and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignment. Seller hereby irrevocably conveys, transfers and assigns to Buyer, and Buyer hereby accepts, all of Seller's right, title and interest in and to: (a) the Intellectual Property as set forth on Exhibit A attached hereto and made a part hereof; (b) all rights of any kind whatsoever of Seller accruing under any of the Intellectual Property provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world; (c) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the Intellectual Property; and (d) any and all claims and causes of action, with respect to any of the Intellectual Property, whether accruing before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Seller hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office, and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this IP Assignment upon request by Buyer. Following the date hereof, from time to time after the execution of this IP Assignment,

Seller shall execute and deliver to Buyer such other instruments of conveyance and transfer and such other documents as Buyer may reasonably request or as may be otherwise necessary to more effectively convey and transfer to, and vest in, Buyer and to put Buyer in possession of the Intellectual Property and each part thereof.

3. Terms of the Purchase Agreement. The Intellectual Property is being conveyed hereunder subject to the qualifications, representations and warranties set forth in the Purchase Agreement, and Buyer acknowledges that Seller makes no representation or warranty with respect to the Intellectual Property except as specifically set forth in the Purchase Agreement. Nothing contained herein shall in any way supersede, modify, replace, amend, change, rescind, waive or otherwise affect any such provisions set forth in the Purchase Agreement.

4. Execution in Counterparts. This IP Assignment may be executed in one or more counterparts, each of which shall be considered an original counterpart, and shall become a binding agreement when Buyer and Seller shall have each executed one counterpart and delivered it to the other party hereto.

5. Governing Law. This IP Assignment shall be interpreted exclusively in accordance with the laws of the State of Ohio as if this IP Assignment was made and to be wholly performed within the State of Ohio. The parties hereby consent to the exclusive jurisdiction of the state or federal courts located in the State of South Carolina and hereby waive any objection they may now or hereafter have to venue in such courts, whether such objection(s) shall be on the basis of convenience or otherwise. The parties desire, intend and so agree that any and all claims in respect of the transactions herein shall be heard and determined only in the state or federal courts located in State of South Carolina.
