SHORT FORM TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time (this “Agreement”), dated as of April 29, 2015, is made by and among Techniplas, LLC, a Delaware limited liability company (the “Issuer”), Nyloncraft, Inc., an Indiana corporation (together with the Issuer, the “Grantors”), and U.S. Bank National Association, as Collateral Agent (in such capacity, together with its successors and assigns, the “Collateral Agent”) for the Notes Secured Parties (as defined in the Intercreditor Agreement (as defined below)). Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Indenture and the Intellectual Property Security Agreement, as applicable.

WHEREAS, the Issuer, Techniplas Finance Corp., a Delaware corporation (the “Co-Issuer” and, together with the Issuer, the “Issuers”), Nyloncraft, Inc., an Indiana corporation, certain other subsidiaries of the Issuer from time to time party thereto, the Collateral Agent and U.S. Bank National Association, as Trustee (in such capacity, together with any successor thereto, the “Trustee”), have entered into the Indenture, dated as of April 29, 2015 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Indenture”), pursuant to which the Issuers issued \$175,000,000 10.000% Senior Secured Notes due 2020 (together with any notes issued in replacement or exchange thereof and any additional notes issued in accordance with the terms of the Indenture, the “Notes”);

WHEREAS, in connection with the Indenture, the Grantors have entered into the Intellectual Property Security Agreement, dated as of April 29, 2015 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Intellectual Property Security Agreement”) in order to secure their obligations under the Indenture, the Notes and the other Indenture Documents; and

WHEREAS, under the terms of the Intellectual Property Security Agreement, the Grantors have granted to the Collateral Agent, for the ratable benefit of the Notes Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this Agreement for recording with the United States Patent and Trademark Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. Each Grantor hereby grants to the Collateral Agent for the ratable benefit of the Notes Secured Parties a security interest in all of such Grantor’s right, title and interest in and to the (“Collateral” (as defined in the Intellectual Property Security Agreement)), including, but not limited to:

- (a) the Trademarks (as defined in the Intellectual Property Security Agreement) set forth on Schedule A hereto;
- (b) all Licenses pertaining to Trademarks set forth on Schedule A hereto;

(c) all proceeds and products of any and all of the Trademarks and all supporting obligations, collateral security and guarantees given by any Person with respect to any Trademarks and all Licenses pertaining to Trademarks, respectively; and

(d) all causes of action arising prior to or after the date hereof for infringement of any of the Trademarks or unfair competition regarding the same.

SECTION 2. Security for Obligations. The grant of a security interest in the Collateral by each Grantor under this Agreement secures the payment of all Indenture Obligations of such Grantor now or hereafter existing under or in respect of the Indenture Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Obligations and that would be owed by such Grantor to any Notes Secured Party under the Indenture Documents but for the fact that such Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Grantor.

SECTION 3. Recordation. This Agreement has been executed and delivered by the Grantors for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office. Each Grantor authorizes and requests that the Commissioner for Patents and the Commissioner for Trademarks record this Agreement.

SECTION 4. Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed signature page to this Agreement by facsimile transmission or other electronic communication shall be as effective as delivery of a manually signed counterpart of this Agreement.

SECTION 5. Grants Rights and Remedies. This Agreement has been entered into in conjunction with the provisions of the Intellectual Property Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Intellectual Property Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Intellectual Property Security Agreement, the terms of the Intellectual Property Security Agreement shall govern.

SECTION 6. Governing Law. This Agreement shall be governed by, and construed in accordance with the laws of the State of New York.

SECTION 7. Severability. In case any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and in the Intellectual Property Security Agreement shall not in any way be affected or impaired thereby (it being understood that the invalidity of a particular provision in a particular jurisdiction shall not in and of itself affect the validity of such provision in any other jurisdiction). The parties hereto shall endeavor

in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. Intercreditor Agreement. Notwithstanding anything herein to the contrary, the lien and security interest granted to the Collateral Agent pursuant to this Agreement and the Indenture Documents (as defined in the Intercreditor Agreement (as defined herein)) and the exercise of any right or remedy by the Collateral Agent hereunder and thereunder are subject to the provisions of that certain Intercreditor Agreement dated as of April 29, 2015, by and between (x) U.S. Bank National Association, as Collateral Agent (and its successors and assigns), for the benefit of Notes Secured Parties, and (y) Bank of America, N.A., as Credit Facility Agent (as defined therein) (and its successors and assigns), for the benefit of the holders from time to time of the Credit Facility Obligations (as defined therein) (as may be amended, restated, amended and restated, modified or supplemented or replaced, from time to time in accordance therewith, the “Intercreditor Agreement”). In the event of any conflict between the terms of this Agreement and the Intercreditor Agreement with respect to lien priority or rights and remedies in connection with the Collateral, the terms of the Intercreditor Agreement shall govern.
