ASSIGNMENT OF INTANGIBLE PROPERTY

This ASSIGNMENT OF INTANGIBLE PROPERTY, dated December 1, 2012 (this "Assignment"), is entered into by and between Newport Television LLC, a Delaware limited liability company ("Newport"), Newport Television License LLC, a Delaware limited liability company ("Newport License" and together with Newport, "Assignor"), and Nexstar Broadcasting, Inc., a Delaware corporation ("Assignee"). Each of Assignor and Assignee are collectively referred to herein as the "Parties."

WHEREAS, Assignor and Assignee have entered into an Asset Purchase Agreement dated July 18, 2012, (the "Purchase Agreement");

WHEREAS, pursuant to the Purchase Agreement, Assignor has agreed to assign to Assignee all right, title and interest in and to the Intangible Property, including, without limitation, the Intangible Property listed on Schedule A hereto (the "Assigned Intangible Property"); and

WHEREAS, Assignor wishes to confirm Assignee's ownership of the Assigned Intangible Property and to assign to Assignee all right, title and interest that Assignor may have in and to the Assigned Intangible Property.

NOW, THEREFORE, for good and valuable consideration, the receipt, adequacy and sufficiency of which is hereby acknowledged:

1. Assignor hereby sells, transfers, conveys, assigns and delivers to Assignee, free and clear of all liens and encumbrances (other than Permitted Liens), any and all worldwide right, title and interest Assignor holds, or may at any time hold, in and to the Assigned Intangible Property, together with all the goodwill connected therewith and symbolized thereby; the same to be used and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its successors and assigns to the end of the term or terms for which the Assigned Intangible Property are granted or reissued or extended as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, and in and to all income, together with all rights to collect royalties, damages, products, proceeds and payments now or hereafter due or payable with respect thereto, and the right to sue, counterclaim, and recover for past, present and future infringement, or misappropriations of, or other conflicts with the Assigned Intangible Property, together with all rights to recover damages or lost profits in connection therewith, and other rights to recover damages (including attorneys' fees and expenses) or lost profits in connection therewith, and otherwise to seek protection or enforcement of interests therein under the Laws of all jurisdictions.
2. As of the date set forth above, the Assignee has succeeded to all right, title and standing of the Assignor to (a) receive all rights and benefits pertaining to the rights described above and (b) commence, prosecute, defend and settle all claims and take all actions that the Assignee, in its sole discretion, may elect in relation to the rights described above.

3. This Assignment is, in all events, subject to the Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Assignor and Assignee with respect to the Assigned Intangible Property.
4. All capitalized terms not otherwise defined in this Assignment, as used in this Assignment, will have the respective meanings set forth in the Purchase Agreement.
5. The Parties hereby request and authorize the relevant authority at the United States Patent and Trademark Office, the United States Copyright Office, applicable domain name registrars and/or the applicable foreign authorities to record Assignee as the assignee and owner of the Assigned Intangible Property.
6. Assignor shall provide Assignee, its successors and assigns, and their legal representatives such information, documents and assistance (including, without limitation, execution and delivery of any affidavits, declarations, oaths or other documents) as may be reasonably required of Assignor if in order for Assignee or any such other person or entity to: (1) prepare any application for registration or any application for renewal of any of the Assigned Intangible Property; (2) prosecute or defend any infringement or other proceedings that may arise in connection with any of the Assigned Intangible Property; (3) obtain any additional protection for the Assigned Intangible Property that Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States, foreign countries and multinational authorities; and (4) otherwise effectuate and implement this Assignment.
7. This Assignment is binding upon and inures to the benefit of the Parties hereto and their respective successors and assigns. This Assignment and the rights and obligations of the Parties hereunder shall be governed by, and construed in accordance with the laws of the State of Delaware. This Assignment may be executed in one or more counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.
