INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT (this "IP Security Agreement Supplement") dated March 26, 2015, is made by the Person listed on the signature page hereof (the "Grantor") in favor of Credit Suisse AG, Cayman Islands Branch, as collateral agent (the "Collateral Agent") for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, Duff & Phelps Corporation, a Delaware corporation (the "Borrower") and Dakota Holding Corporation, a Delaware corporation ("Holdings") have entered into the Credit Agreement dated as of April 23, 2013 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), with each lender from time to time party thereto (collectively, the "Lenders" and individually, each a "Lender") and Credit Suisse AG, Cayman Islands Branch as administrative agent (in such capacity, together with any successor administrative agent, the "Administrative Agent") and collateral agent (in such capacity, together with any successor collateral agent, the "Collateral Agent"). Terms defined in the Credit Agreement or in the Security Agreement (as defined below) and not otherwise defined herein are used herein as defined in the Credit Agreement or the Security Agreement, as the case may be (and in the event of a conflict, the applicable definition shall be the one given to such term in the Security Agreement).

WHEREAS, pursuant to the Credit Agreement, the Grantors have executed and delivered or otherwise become bound by that certain Security Agreement dated April 23, 2013 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement") and that certain Intellectual Property Security Agreement dated April 23, 2013 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "IP Security Agreement").

WHEREAS, under the terms of the Security Agreement, the Grantor has agreed to grant to the Collateral Agent, for the benefit of the Secured Parties, a security interest in any after-acquired intellectual property collateral of the Grantor and has agreed in connection therewith to execute this IP Security Agreement Supplement for recording with the U.S. Patent and Trademark Office, the United States Copyright Office and other domestic governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

SECTION 1. Grant of Security. As security for the prompt and complete payment or performance, as the case may be, in full of all of the Secured Obligations (as defined below) when due, each Grantor hereby unconditionally grants, pledges, and collaterally assigns to the Collateral Agent and, its successors and assigns, for the benefit of the Secured Parties, a continuing security interest in, and liens on, such Grantor's right, title and interest in and to the Collateral (as defined in the IP Security Agreement), whether now owned or hereafter acquired by the undersigned, wherever located, and whether now or hereafter existing or arising.

SECTION 2. Supplement to Security Agreement. The undersigned has attached hereto a supplemental Schedule III to the Security Agreement, and the undersigned hereby certifies, as of the date first above written, that such supplemental schedules have been prepared by the undersigned in substantially the form of the equivalent Schedules to the Security Agreement and are complete and correct in all material respects.

SECTION 3. Security for Obligations. The grant of a security interest in the Collateral by the Grantor under this IP Security Agreement Supplement secures the payment of all Secured Obligations of the Grantor now or hereafter existing under or in respect of the Secured Documents (as such Secured Documents may be amended, amended and restated, supplemented, replaced, refinanced or otherwise modified from time to time (including any increases of the principal amount outstanding thereunder)), whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement Supplement secures the payment of all amounts that constitute part of the Secured Obligations that would be owed by the Grantor to any Secured Party under the Secured Documents subject to the effects of bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium and other similar laws relating to or affecting creditors' rights generally or general equitable principles (whether considered in a proceeding in equity or at law).

SECTION 4. Recordation. The Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer to record this IP Security Agreement Supplement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement Supplement has been entered into in conjunction with the provisions of the Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.
