INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT
(“Assignment Agreement”)

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Raytheon Oakley Systems, LLC (“Assignor”) and Raytheon Cyber Products, Inc. (“Assignee”) agree as follows:

1. Assignment. Except as otherwise provided below, Assignor hereby assigns and transfers unto Assignee, effective as of the date of last signature below, all of Assignor’s right, title and interest in and to the intellectual property listed on the attached Schedule 1 (the “Intellectual Property”), which also includes (a) the right to any registrations of such Intellectual Property, and (b) all claims and causes of action with respect to any of such Intellectual Property, all royalties and other payments now or hereafter due or payable with respect to any of such Intellectual Property, and all other rights of any kind of Assignor accruing under any of such Intellectual Property except for such claims, causes of action, royalties, payments, or other rights which accrue or have accrued to the benefit of Assignor or any of its affiliates (other than Assignee) as a result of or in connection with the activities described in or licensed pursuant to Section 3 of the attached Schedule 2. Notwithstanding anything herein to the contrary, this assignment and the Intellectual Property is and shall remain subject to the prior rights, licenses, and covenants set forth in the attached Schedule 2. Schedules 1 and 2 are made part hereof.
2. Further Assurances. Assignor will execute any and all additional documents that may be reasonably necessary in the reasonable option of counsel for Assignee to perfect the transfer of rights set forth herein.
3. No Representations and Warranties or Indemnification Obligations in this Agreement. No representations, warranties, indemnification agreements or obligations with respect to the Intellectual Property assigned hereunder are made by Assignor in this Agreement, and Assignee assumes all risk and liability howsoever arising out of its election to use or rely on the Intellectual Property.
4. Governing Law. All questions concerning the construction, validity and interpretation of this Agreement and the performance of the obligations imposed by this Agreement shall be governed by the internal law, not the law of conflicts, of the State of Delaware.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective authorized representatives as set forth below.

SCHEDULE 2

ATTACHMENT TO ASSIGNMENT OF INTELLECTUAL PROPERTY TO RAYTHEON CYBER PRODUCTS, INC.

1. Prior rights in the assigned Intellectual Property include:

(a) Rights in the assigned Intellectual Property are subject to third party rights arising by operation of law such as, by way of example, 28 USC Section 1498 and applicable government procurement regulations.

(b) Rights or licenses in or under the assigned Intellectual Property granted in the normal course of business prior to the final execution of the Intellectual Property Assignment Agreement to which this Schedule is attached ("Assignment Agreement"); including, by way of example, such rights which are of the type normally acquired by customers and distributors.

(c) Any patent, patent application, or invention which is based on a "Subject Invention" as that term is defined in the Federal Acquisition Regulations is subject to the rights of, and obligations to, the United States Government (the "Government") with respect thereto as defined in the applicable Federal Acquisition Regulations, including FAR 52.227-11, DFARs 252.227-7038, or any equivalent or comparable regulation.

(d) Such rights and licenses as may be evidenced by the recorded assignment records of the United States Patent and Trademark Office applicable to any of the assigned Intellectual Property.

2. As to any Subject Invention, any patents or patent applications based thereon, Assignee agrees to comply with the Federal Acquisition Regulations referred to in Section 1(c) above and, in particular agrees, to the extent that the following FAR and DFAR provisions, or any successor provisions, apply, (i) to comply with the Preference for United States Industry provision of FAR 52.227-11(g) and equivalent provisions of the DFARs, (ii) to provide such information required to comply with any requests by the U.S. Government to provide reports pursuant to FAR 52.227-11(f) and equivalent provisions of the DFARs, (iii) to assign title to the U.S. Government upon request by the U.S. Government pursuant to FAR 52.227-11(d) and (e) and equivalent provisions of the DFARs, and (iv) to advise the U.S. Government of any decision not to pay maintenance fees as required by FAR 52.227-11(e) and equivalent provisions of the DFARs. The provisions of this Section 2 shall be binding on Assignee's successors and assigns.
3. Assignor and its affiliates (other than Assignee) retain a non-exclusive, worldwide, paid-up and royalty-free license, including the right to grant sublicenses, under the Intellectual Property that is assigned to Assignee pursuant to the Assignment Agreement, to use such Intellectual Property as necessary to enable Assignor to perform and complete any bids, proposals or contracts that are outstanding on the effective date of the Assignment Agreement and that are not transferred by Assignor to Assignee.
