II**, a Delaware corporation ("Skechers II"), **SKECHERS BY MAIL, INC.**, a Delaware corporation ("Skechers By Mail" and, together with Skechers and Skechers II, collectively, the "Borrowers" and, individually, each a "Borrower"), the other Persons party thereto from time to time as Guarantors, the financial institutions party thereto from time to time as Lenders (the "Lenders"), and Agent, the Lenders have agreed to make certain financial accommodations available to Borrowers from time to time pursuant to the terms and conditions thereof;

WHEREAS, the Lenders are willing to make the financial accommodations to Borrowers as provided for in the Loan Agreement and the other Loan Documents, but only upon the condition, that Grantors shall have executed and delivered to Agent, for the benefit of the Secured Parties, this Trademark Security Agreement; and

WHEREAS, this Trademark Security Agreement is made to secure the Obligations and in consideration of advances, credit or other financial accommodations now or hereafter being afforded to Grantors and the other Obligors by the Lenders.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

DEFINED TERMS. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Loan Agreement, and this Trademark Security Agreement shall be subject to the rules of construction set forth in Section 1.4 of the Loan Agreement, which rules of construction are incorporated herein by this reference, *mutatis mutandis*. As used herein, the following terms have the meanings set forth below:

Marks: any trademarks, trade names, corporate names, company names, business names, trade styles, trade dress, service marks, logos, other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations and recordings thereof and any applications in connection therewith, including registrations, recordings and applications in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof or any other country.

Trademarks: any of the following in which any Grantor now holds or hereafter acquires any right, title or interest: (a) all Marks; (b) any reissues, extensions or renewals of any Marks, (c) the goodwill of the business symbolized by or associated with the Marks, (d) all domain names, (e) all means of manufacturing goods or offering services covered by the Marks, including trade secrets, formulas, recipes, customer lists, manufacturing processes, molds, designs, plans and prototypes, (f) any income,

royalties, damages, claims and payments now and hereafter due and/or payable with respect to the Marks, including payments under all licenses entered into in connection with the Marks and damages, claims, payments and recoveries for past, present or future infringement and (g) any rights to sue for past, present and future infringements of the Marks.

GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL. Each Grantor hereby unconditionally grants, assigns, and pledges to Agent, for the benefit of the Secured Parties, to secure the Obligations, a continuing security interest (referred to in this Trademark Security Agreement as the “Security Interest”) in all of such Grantor’s right, title and interest in and to the following, whether now owned or hereafter acquired or arising (collectively, the “Trademark Collateral”):

all of its Trademarks to which it is a party including those referred to on Schedule I;

all goodwill of the business connected with the use of, and symbolized by, each Trademark; and

all products and proceeds (as that term is defined in the UCC) of the foregoing, including any claim by such Grantor against third parties for past, present or future (i) infringement or dilution of any Trademark, including right to receive any damages, or (ii) injury to the goodwill associated with any Trademark;

provided, that, notwithstanding the foregoing, Trademark Collateral shall not include (x) any United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law, provided, that upon submission and acceptance by the United States Patent and Trademark Office of an amendment to allege use pursuant to 15 U.S.C § 1051 (or any other applicable or successor provision), such intent-to-use trademark application shall be considered Trademark Collateral; or (y) any other Excluded Assets.

SECURITY FOR OBLIGATIONS. This Trademark Security Agreement and the Security Interest created hereby secures the payment and performance of the Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of the Obligations and would be owed by Grantors, or any of them, to Agent, the Secured Parties or any of them, whether or not they are unenforceable or not allowable due to the existence of an Insolvency Proceeding involving any Grantor.

SECURITY AGREEMENT. The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interests granted to Agent, for the benefit of the Secured Parties, pursuant to the Loan Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the Security Interest in the Trademark Collateral made and granted hereby are more fully set forth in the Loan Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Loan Agreement, the Loan Agreement shall control.

AUTHORIZATION TO SUPPLEMENT. If any Grantor has or obtains rights to any Trademarks which are not Excluded Assets and not listed on Schedule I, the provisions of this Trademark Security Agreement shall automatically apply thereto. Grantors hereby authorize Agent, at any time during the continuance of an Event of Default, to unilaterally modify this Trademark Security Agreement by amending Schedule I to include any such new trademark rights of each Grantor. In addition, Grantors hereby authorize Agent to unilaterally modify Schedule I at any time to include any new trademark rights disclosed by any Grantor to Agent, including rights disclosed in any Compliance Certificate. Notwithstanding the foregoing, no failure to so modify Schedule I shall in any way affect, invalidate or detract from Agent’s continuing security interest in all Collateral, whether or not listed on Schedule I.

COVENANTS.

Prosecution of Applications; Maintenance and Renewal of Trademarks. Except as could not reasonably be expected to have a Material Adverse Effect, each Grantor shall, until Full Payment of all the Obligations (a) use commercially reasonable efforts to prosecute any Trademark pending as of the date hereof or hereafter, and (b) promptly make applications for, register or cause to be registered (to the extent not already registered) with the United States Patent and Trademark Office any Trademark set forth in Schedule I or otherwise, in all such cases including the filing and payment of maintenance, registration and/or renewal fees, the filing of applications for renewal, affidavits of use, affidavits of noncontestability, the filing and diligent prosecution of opposition, interference and cancellation proceedings, and promptly responding to all requests and inquiries from the United States Patent and Trademark Office. Except as could not reasonably be expected to have a Material Adverse Effect, each Grantor also agrees to preserve and maintain all rights in the Trademark Collateral. Except as could not reasonably be expected have a Material Adverse Effect, each Grantor shall not, without Agent's prior written consent (to be given or withheld in Agent's Permitted Discretion), abandon any rights in or fail to pay any maintenance or renewal fee for any Trademark listed in Schedule I. Except to the extent permitted by or not contrary to the Loan Documents, each Grantor further agrees that it will not take any action, or permit any action to be taken by any Person, including licensees, in each case to the extent that such Person is subject to its control, or fail to take any action, that could reasonably be expected to affect the validity, priority, perfection or enforcement of the rights granted to Agent under this Trademark Security Agreement, and any such action if it shall take place shall be null and void and of no effect whatsoever.

Protection of Trademarks. Except as could not reasonably be expected to have a Material Adverse Effect, each Grantor shall (a) protect, defend and maintain the validity and enforceability of all current and future Trademarks, (b) promptly advise Agent in writing of material infringements of such Trademarks of which it becomes aware and (c) not allow any Trademarks to be abandoned, forfeited or dedicated to the public. At any time during the continuance of an Event of Default, no Grantor shall commence, or cause to be commenced, any action, proceeding, lawsuit, mediation or arbitration relating to the Trademark Collateral without the prior written consent of Agent, such consent not to be unreasonably withheld or delayed. At Grantors' sole expense, Agent shall have the right (but shall not be obligated) during the continuance of an Event of Default to participate in the selection of counsel (including the right to reject, in Agent's Permitted Discretion, any counsel selected by Grantors) and/or participate in any action, proceeding, lawsuit, mediation or arbitration that could adversely affect the rights in, validity or enforceability of the Trademark Collateral. In addition, any proposed settlement or compromise of any action, proceeding, lawsuit, mediation or arbitration that could be reasonably expected to affect the validity or enforceability of or any rights of any Grantor or Agent in, any Trademark Collateral must be approved, in writing, by Agent, if an Event of Default has occurred and is continuing or would result therefrom.

Expenses. Any expenses incurred in connection with prosecution, registration and maintenance of Trademarks shall be borne by Grantors. If any Grantor fails to comply with any of the provisions of the foregoing clause (a) or (b), Agent shall have the right (but shall not be obligated) to do so on behalf of such Grantor to the extent permitted by Applicable Law, but at Grantors' expense in accordance with Section 3.4 of the Loan Agreement.

COUNTERPARTS. This Trademark Security Agreement is a Loan Document. This Trademark Security Agreement may be executed in counterparts, each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Trademark Security Agreement shall become effective when Agent has received counterparts bearing the signatures of all parties hereto. Agent may (but shall have no obligation to) accept any signature, contract formation or record-keeping through electronic means, which shall have the same legal validity and enforceability as manual or paper-based

methods, to the fullest extent permitted by Applicable Law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any similar state law based on the Uniform Electronic Transactions Act.
