TRADEMARK ASSIGNMENT AGREEMENT

This TRADEMARK ASSIGNMENT AGREEMENT ("**Trademark Assignment**"), dated as of September 25, 2013, is made by Partners & Simons Holding Company, LLC ("**Assignor**"), a Delaware limited liability company, located at 25 Drydock Avenue, Boston, Massachusetts 02210, in favor of Myelin Health Communications, Inc. ("**Assignee**"), a Delaware corporation, located at 25 Drydock Avenue, Boston, Massachusetts 02210 c/o Partners & Simons, Inc.

Whereas, Assignor desires to convey, transfer and assign to Assignee certain trademarks of Assignor in exchange for the consideration as set forth herein, and has agreed to execute and deliver this Trademark Assignment to memorialize the same and for recording with national, federal and state government authorities including, but not limited to, the US Patent and Trademark Office ("**USPTO**").

NOW THEREFORE, the parties agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably conveys, transfers and assigns to Assignee all of Assignor's right, title and interest in and to the following (the "**Assigned Trademarks**"), together with the goodwill of the business connected with the use of, and symbolized by, the Assigned Trademarks:

(a) the trademarks, trademark registrations and trademark applications set forth on Schedule 1 hereto and all issuances, extensions and renewals thereof; provided that, only with respect to United States intent-to-use trademark applications, the transfer of such applications shall not be effective until the expiration of any period during which the assignment thereof would impair, under applicable federal law, the registrability of such applications or the validity or enforceability of registrations issuing from such applications;

(b) registrations of the internet domain names set forth on Schedule 2 hereto, whether or not incorporating Assignor's trademarks, registered to Assignor in any generic top level domain by any authorized private registrar or governmental authority;

(c) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by any applicable law of any jurisdiction throughout the world; and

(d) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Assignor authorizes the Commissioner for Trademarks of the USPTO and any other national, federal and state government officials to record and register this Trademark Assignment upon request by Assignee. Assignor shall execute any and all documents and take all other further actions as reasonably requested by Assignee to transfer ownership of the Assigned Trademarks including, but not limited to, assignments, transfers and related powers of attorney. Without limiting the foregoing, Assignor shall cooperate with Assignee and with Assignee's reasonable instructions in order to effectuate the transfer of Assignor's domain name registrations set forth on Schedule 2 hereto in a timely manner, including by corresponding with any relevant domain name registry operator or its accredited registrars to authorize the transfer of the domain name registrations and executing any documentation required by such operators or registrars.

3. General.

(a) Entire Agreement. This Trademark Assignment, together with the Trademark License Agreement and all related exhibits and schedules, constitutes the sole and entire agreement of the parties with respect to the subject matter contained herein and therein, and supersedes all prior and contemporaneous understandings and agreements, both written and oral, with respect to such subject matter.

(b) Successors and Assigns. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

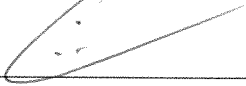

(c) Governing Law. All matters arising out of or relating to this Trademark Assignment shall be governed by and construed in accordance with the laws of the United States and the internal laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction).

(d) Counterparts. This Trademark Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Trademark Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Trademark Assignment.
