ASSIGNMENT OF INTELLECTUAL PROPERTY

This ASSIGNMENT OF INTELLECTUAL PROPERTY (this "Assignment"), dated as of July 17, 2015 is made by and between Ancor Information Management LLC, a Michigan limited liability company (the "Company"), and Brian Unlimited Distribution Company, a Michigan corporation (the "Buyer"). Capitalized terms not otherwise defined in this Agreement will have the meanings given to them in the Purchase Agreement (as defined in Recital A below).

RECITALS

A. The Company and the Buyer are parties to an Asset Purchase Agreement, dated as of the date hereof (the "Purchase Agreement"), pursuant to which the Company has agreed to sell, assign, transfer and deliver the Purchased Assets, including all Proprietary Rights owned by the Company that are held for use or used exclusively in connection with the Business (the "Intellectual Property"), to the Buyer.

B. The parties desire to effect the sale, assignment, transfer and delivery of the Intellectual Property to the Buyer, with the Company selling, assigning, transferring and delivering the Intellectual Property to the Buyer, and the Buyer accepting all such Intellectual Property as set forth below.

C. This Agreement is being executed and delivered at the Closing pursuant to the Purchase Agreement.

NOW, THEREFORE, for the consideration described in the Purchase Agreement, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Intellectual Property. The Company hereby irrevocably sells, assigns, transfers and delivers to the Buyer, and its successors and assigns forever, free and clear of all Liens, all of the Company's right, title and interest, of whatever kind, throughout the world, in and to the Intellectual Property, including more specifically, but without limitation, any and all of the Company's trademarks, service marks, trade names, domain names and all applications therefore identified in the attached Exhibit A (the "Marks"), together with all of the goodwill associated with and symbolized by the Marks, including the applications, registrations, renewals and extensions thereof for the Marks and as further detailed in Exhibit A and (b) all other corresponding rights at common law or otherwise that are or may be secured under the laws of the United States of America or any foreign country, now or hereafter in effect.

2. Rights. The foregoing sales, assignments and transfers all include rights to collect royalties, products and proceeds in connection with any of the foregoing and all rights to sue for past, present or future infringement, misappropriation or other violation of the foregoing, and all rights to recover damages or lost profits in connection therewith. In addition, the Company agrees that it shall not oppose any application, seek to cancel any registration or initiate re-examination, object to any use by the Buyer of the Marks and Company's Intellectual Property, or assist any third party in any of the foregoing.

3. Further Assurances. The Company will promptly take such action at the Buyer's expense, including, without limitation, the prompt execution and delivery of documents in recordable form, as may be reasonably requested by the Buyer to vest, secure, and perfect, the rights and interests of the Buyer in, to and under the Marks and Company's Intellectual Property.

4. Conflict with Purchase Agreement. This Assignment is executed and delivered pursuant to the Purchase Agreement and shall be subject to the terms and conditions of, and interpreted in accordance with, the Purchase Agreement. To the extent of any conflict between the terms and conditions of this Assignment and the terms and conditions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall govern, supersede and prevail.

5. Recordation. The Company hereby authorizes the Commissioner of Trademarks of the U.S. Patent and Trademark Office and any other appropriate national, federal and state government officials, to record this Assignment upon request by the Buyer or its representatives and to issue one or more new certificates of registration in the Buyer's name.

6. Amendment. This Assignment may not be amended, modified, waived, or terminated except in a writing signed by the Company and the Buyer.

7. Binding Effect. This Assignment shall be binding upon and inure to the benefit of the parties and their respective successors and assigns.

8. Governing Law. This Agreement shall be construed in accordance with the laws of the State of Michigan, without giving effect to the choice of law principles thereof or of any other jurisdiction.

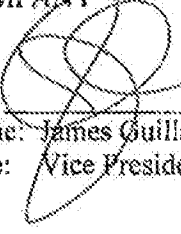

9. Execution. This Agreement may be executed by facsimile, scanned and emailed or other electronic signatures and in counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same agreement.
