## ASSIGNMENT OF INTELLECTUAL PROPERTY

This ASSIGNMENT OF INTELLECTUAL PROPERTY is made as of September 11, 2015 (this "IP Assignment"), by and between **SIERRAPINE**, a California limited partnership ("Assignor"), and **ROSEBURG FOREST PRODUCTS CO.**, an Oregon corporation ("Assignee"). Terms used but not defined herein have the meanings given to such terms in that certain Asset Purchase Agreement, dated as of August 5, 2015 (the "Purchase Agreement"), by and between Assignor and Assignee.

### RECITALS

WHEREAS, Assignor and Assignee have entered into the Purchase Agreement, pursuant to which Assignee has agreed to purchase and accept from Assignor, and Assignor has agreed to sell, assign, transfer and convey to Assignee or its designee, all of Assignor's right, title and interest, in, to and under the Assets, upon the terms and subject to the conditions of the Purchase Agreement;

WHEREAS, pursuant to the Purchase Agreement and in connection with Assignee's acquisition of the Assets, Assignee has agreed to acquire, and Assignor has agreed to convey, Assignor's entire right, title and interest in, to and under all Intellectual Property included in the Assets, including, without limitation, all Intellectual Property set forth on Schedule A hereto (collectively, the "Intellectual Property Assets"); and

WHEREAS, Assignor and Assignee desire to carry out the intent and purpose of the Purchase Agreement by the execution and delivery of this IP Assignment, subject to the provisions of the Purchase Agreement.

NOW, THEREFORE, in consideration of the premises contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignment. In accordance with the provisions of the Purchase Agreement, Assignor hereby sells, assigns, transfers and conveys to Assignee all of Assignor's right, title and interest in, to and under the Intellectual Property Assets, together with any goodwill associated therewith, for Assignee's own use and behalf, and for the use and behalf of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this IP Assignment and sale had not been made; and the right to file any action and recover damages by reason of past, present or future infringement, misappropriation, dilution or other unauthorized use of said Intellectual Property Assets, with the right to sue for, and collect same for its own use and behalf, and for the use and behalf of its successors, assigns, or other legal representatives; and Assignee hereby purchases and accepts the Intellectual Property Assets.

2. Documentation. Assignor hereby agrees to execute, acknowledge and deliver to Assignee all documents, instruments and agreements as may be necessary to make a record with any Governmental Entities (both foreign and domestic) or third parties of, and to otherwise more

fully confirm, Assignee's ownership of all right, title and interest in, to and under the Intellectual Property Assets, to have and to hold for its proper benefit forever, free and clear of all monetary liens or encumbrances or liens or encumbrances that would not result in a Material Adverse Effect.

3. Construction. This IP Assignment is subject in all events to the terms and conditions of the Purchase Agreement and shall not in any way alter any of the rights, obligations and responsibilities of any of the parties to the Purchase Agreement. In the event of a conflict between the terms of this IP Assignment and the Purchase Agreement, the terms of the Purchase Agreement shall prevail.

4. Governing Law. This IP Assignment shall be governed by, and construed in accordance with, the laws of the State of Oregon regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof. The parties hereto agree that any disputes which may arise out of this IP Assignment which relate to either party's rights and/or obligations hereunder shall be resolved in accordance with the provisions of the Purchase Agreement.

5. Interpretation. Titles and headings contained in this IP Assignment are for reference purposes only and shall not affect the meaning or interpretation of this IP Assignment. Whenever the words "include," "includes" or "including" are used in this IP Assignment, they shall be deemed to be followed by the words "without limitation."

6. Amendment. This IP Assignment may not be amended except by an instrument in writing signed on behalf of each of Assignee and Assignor.

7. Severability. Whenever possible, each provision or portion of any provision of this IP Assignment will be interpreted in such manner as to be effective and valid under applicable Law but if any provision or portion of any provision of this IP Assignment is held to be invalid, illegal or unenforceable in any respect under any applicable Law or rule in any jurisdiction, such invalidity, illegality or unenforceability will not affect any other provision or portion of any provision in such jurisdiction, and this IP Assignment will be reformed, construed and enforced in such jurisdiction as if such invalid, illegal or unenforceable provision or portion of any provision had never been contained herein, so long as the economic and legal substance of the transactions contemplated hereby are not affected in a manner materially adverse to any party hereto.

8. Counterparts. This IP Assignment may be executed in multiple counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each party and delivered to the other party. The exchange of a fully executed IP Assignment (in counterparts or otherwise) by facsimile or by electronic delivery in *.pdf* format shall be sufficient to bind the parties to the terms and conditions of this IP Assignment.

IN WITNESS WHEREOF, Assignor and Assignee have caused this IP Assignment to be duly executed on as of the first date above written to be effective as of such date.
