INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT is made as of September 3, 2015 (this "IP Security Agreement"), by **THE H COMPANY IP, LLC**, a Delaware limited liability company ("Grantor"), in favor of **BANK HAPOALIM B.M.** ("Lender").

BACKGROUND

Grantor will enter into credit facilities with Lender, evidenced by the various loan documents (each, as amended and in effect from time to time, a "Loan Document" and together, as amended and in effect from time to time, the "Loan Documents"), including an additional separate and distinct credit facility with Lender dated as of this date (as may be amended and in effect from time to time, the "Loan Agreements", which Loan Agreements shall constitute Loan Documents) with Lender pursuant to which Lender, subject to the terms and conditions contained therein, is to make loans or otherwise to extend credit to Grantor.

It is a condition precedent to Lender's making credit available to Grantor under the Loan Agreements and to make any loans or otherwise extend credit to Grantor under the Loan Documents, that Grantor execute and deliver to Lender an intellectual property security agreement in substantially the form hereof.

Grantor wishes to grant a security interest in favor of Lender as herein provided.

AGREEMENT

NOW, THEREFORE, in consideration of the promises contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, Grantor hereby represents, warrants, covenants and agrees with Bank, as follows:

1. **DEFINED TERMS.** When used in this IP Security Agreement the following terms shall have the following meanings (such meanings being equally applicable to both the singular and plural forms of the terms defined):

1.13 “UCC” means the Uniform Commercial Code as the same may, from time to time, be in effect in the State of New York; provided, however, in the event that, by reason of mandatory provisions of law, any or all of the attachment, perfection or priority of Bank’s security interest in any Collateral is governed by the Uniform Commercial Code as in effect in a jurisdiction other than the State of New York, the term “UCC” shall mean the Uniform Commercial Code as in effect in such other jurisdiction for purposes of the provisions hereof relating to such attachment, perfection or priority and for purposes of definitions related to such provisions.

1.14 In addition, the following terms shall be defined terms having the meaning set forth for such terms in the UCC: “accounts,” “account debtor,” “deposit account,” “general intangibles,” and “proceeds”. Each of the foregoing defined terms shall include all of such items now owned or existing, or hereafter arising or acquired by Grantor.

1.15 All capitalized terms used herein and not otherwise defined herein shall have the respective meanings given to them in the Loan Agreements.

2. GRANT OF SECURITY INTEREST. As collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of all the Secured Obligations and in order to induce Bank to enter into the Loan Agreements, Grantor hereby grants to Bank a security interest in all of Grantor’s right, title and interest, if any, in, to and under the following, whether now owned or existing or hereafter arising or acquired and wheresoever located (collectively, the “Collateral”):

2.1 All Copyrights, Patents and Trademarks including, without limitation, the Copyrights, Patents and Trademarks listed in Schedule A, all Licenses including, without limitation, the Licenses listed in Schedule B, and any presently pending Litigation including, without limitation, the Litigation listed in Schedule C;

2.2 All accounts, contract rights and general intangibles arising under or relating to each and every License (including, without limitation, (A) all moneys due and to become due under any License, (B) any damages arising out of or for breach or default in respect of any such License, (C) all other amounts from time to time paid or payable under or in connection with any such License, and (D) the right of Grantor to terminate any such License or to perform and to exercise all remedies thereunder); and

2.3 To the extent not otherwise included, all proceeds of each of the foregoing and all accessions to, substitutions and replacements for and rents, profits and products of each of the foregoing.

Notwithstanding the foregoing, the Collateral shall not include (i) any intent-to-use application for a Trademark to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use application under United States federal law and (ii) any contractual obligation entered into by Grantor that prohibits or requires the consent of any Person other than Grantor and its affiliates which has not been obtained as a condition to the creation by Grantor of a lien on any right, title or interest in such contractual obligation, but only to the extent, and for as long as, such prohibition is not terminated or rendered unenforceable or otherwise deemed ineffective by the UCC; provided, however, any proceeds, products, substitutions or replacements of such items shall constitute Collateral.

3. RIGHTS OF SECURED PARTY; COLLECTION OF ACCOUNTS.

3.1 Notwithstanding anything contained in this IP Security Agreement to the contrary, Grantor expressly agrees that it shall remain liable under each of its Licenses to observe and perform in all material respects all the conditions and obligations to be observed and performed by it thereunder and that it shall perform all of its duties and obligations thereunder,

all in accordance with and pursuant to the terms and provisions of each such License. Bank shall not have any obligation or liability under any License by reason of or arising out of this IP Security Agreement or the granting to Bank of a Lien therein or the receipt by Bank of any payment relating to any License pursuant hereto, nor shall Bank be required or obligated in any manner to perform or fulfill any of the obligations of Grantor under or pursuant to any License, or to make any payment, or to make any inquiry as to the nature or the sufficiency of any payment received by it or the sufficiency of any performance by any party under any License, or to present or file any claim, or to take any action to collect or enforce any performance or the payment of any amounts which may have been assigned to it or to which it may be entitled at any time or times. Grantor agrees that any rights granted under this IP Security Agreement to Bank with respect to all of the Collateral shall be worldwide and without any liability for royalties or other related charges from Bank to Grantor.

3.2 Bank authorizes Grantor to, at any time no Event of Default exists, collect its accounts related to the sale, license, settlement, judgment or other disposition of, or otherwise arising from, any of the Collateral, provided that such collection is performed in a commercially reasonable manner, and Bank may, upon the occurrence and during the continuation of any Event of Default and with prior written notice to Grantor, limit or terminate said authority at any time. Upon the occurrence and during the continuation of any Event of Default (beyond any applicable cure period), at the request of Bank, Grantor shall deliver all original and other documents evidencing and relating to such accounts, including, without limitation, all original orders, invoices and shipping receipts.

3.3 Bank may at any time, upon the occurrence and during the continuation of any Event of Default, without prior written notice to Grantor of its intention to do so, notify any account debtors of Grantor or any parties to the Licenses of Grantor that the accounts and the right, title and interest of Grantor in and under such Licenses have been assigned to Bank and that payments shall be made directly to Bank. Upon the request of Bank at any time after the occurrence and during the continuation of an Event of Default, Grantor shall so notify such account debtors and parties to such Licenses. Upon the occurrence and during the continuation of any Event of Default, Bank may, in its name or in the name of others, communicate with such account debtors and parties to such Licenses to verify with such parties, to Bank's reasonable satisfaction, the existence, amount and terms of any such accounts or Licenses.

4. REPRESENTATIONS AND WARRANTIES. Grantor hereby represents and warrants to Bank that:

4.1 Except for the Liens disclosed on Schedule 4.1 and the security interest granted to Bank under this IP Security Agreement, Grantor is the legal and equitable owner of all right, title and interest in and to each item of the Collateral in which it purports to grant a security interest hereunder, having good and marketable title thereto, free and clear of any and all Liens, and will continue to be the legal and equitable owner of all right, title and interest in and to each item of the Collateral, so long as the Copyrights, Patents, Trademarks and Licenses shall continue in force, except to the extent that dispositions are permitted pursuant to the Letter Agreement.

4.2 Except for this IP Security Agreement and for the Liens disclosed on Schedule 4.1, (i) no effective security agreement, financing statement, equivalent security or lien instrument or continuation statement covering all or any part of the Collateral exists, and (ii) Grantor has made no previous assignment, transfer or agreements in conflict herewith or constituting a present or future assignment, transfer or encumbrance on any of the Collateral.

4.3 This IP Security Agreement creates a legal and valid security interest on and in all of the Collateral in which Grantor now has rights. Upon the filing of appropriate financing statements and the filing of a copy of this IP Security Agreement with the United States Copyright Office and the United States Patent and Trademark Office, Bank will have a fully perfected security interest in all of the Collateral in which a security interest can be perfected by the filing of financing statements and the filing of a copy of this IP Security Agreement with the United States Copyright Office and the United States Patent and Trademark Office.

4.4 Except as set forth on Schedule 4.1, so long as any Secured Obligation remains outstanding, Grantor will not execute, and there will not be on file in any public office, any effective financing statement or other document or instrument covering the Collateral.

4.5 Grantor has the full right and power to grant the security interest in the Collateral made hereby.

4.6 All information furnished to Bank concerning the Collateral and proceeds thereof, for the purpose of inducing Bank to enter into the Loan Agreements and the transactions contemplated thereby, is or will be at the time the information is furnished, accurate and correct in all material respects.

4.7 To the best of Grantor's knowledge and belief following diligent inquiry, no infringement, breach or unauthorized use presently is being made of any of the Collateral which has or may reasonably be expected to have, alone or in the aggregate, a material adverse effect on the value or enforceability of, or any rights of Grantor or Bank in, any Collateral. Grantor has advised Bank of the existence of all contractual restrictions on the use of the Collateral, including, without limitation, those set forth on Schedule 4.8 hereto.

4.8 Except as set forth on Schedule 4.8, to the best of Grantor's knowledge and belief following diligent inquiry, (i) there are no obligations to, covenants to or restrictions (other than those disclosed pursuant to Section 4.7) from third parties affecting Grantor's use, disclosure, enforcement, transfer or licensing of the Collateral (other than this IP Security Agreement); (ii) Grantor has taken all actions necessary to maintain and protect all Collateral and no loss of such Collateral is pending, reasonably foreseeable or threatened; (iii) there has been no claim made or threatened by or against Grantor asserting the invalidity, misuse or unenforceability of any item of Collateral or challenging Grantor's right to use or ownership of any item of Collateral, and there are no grounds for any such claim or challenge; (iv) there is not and has not been any actual or threatened infringement, misappropriation, breach or other violation of any Collateral, and there are no facts raising a likelihood of infringement, misappropriation, breach or other violation; (v) the consummation of the transactions contemplated by (A) this IP Security Agreement and (B) the Loan Agreements will not alter,

impair or extinguish any rights of Grantor in the Collateral; (vi) Grantor has not infringed, misappropriated or otherwise violated, and Grantor does not infringe, misappropriate, or otherwise violate, any intellectual property or proprietary right of any other person or entity; and (vii) there has been no claim made or, to Grantor's knowledge, threatened against Grantor alleging infringement, misappropriation or other violation of intellectual property.

5. COVENANTS. Grantor covenants and agrees with Bank that from and after the date of this IP Security Agreement and until the Secured Obligations have been performed and paid in full:

5.1 Grantor shall not sell, lease, assign, transfer or otherwise dispose of any of the Collateral, or contract to do so, except as permitted by the Letter Agreement.

5.2 Except as disclosed on Schedules 4.1 and 4.8, Grantor shall not, directly or indirectly, create, permit or suffer to exist, and shall defend the Collateral against and take such other action as is necessary to remove, any Lien on the Collateral.

5.3 Grantor shall keep and maintain at its own cost and expense records of the Collateral that are complete in all material respects.

5.4 Except as would not have a materially adverse effect on the value or enforceability of, or any rights of Grantor or Bank in, any Collateral, Grantor shall (i) use commercially reasonable efforts to prosecute any Patent, Trademark or Copyright pending as of the date hereof or thereafter, (ii) promptly make applications for, register or cause to be registered (to the extent not already registered and consistent with good faith business judgment) any Copyright, Copyright License, any Patent, Patent License, any Trademark or Trademark License, which is (a) set forth in Schedule A or Schedule B or (b) is individually or in the aggregate, material to the conduct of Grantor's business, with the United States Copyright Office or Patent and Trademark Office, as applicable, including, without limitation, in all such cases the filing and payment of maintenance, registration and/or renewal fees, the filing of applications for renewal, affidavits of use, affidavits of noncontestability, the filing and diligent prosecution of opposition, interference and cancellation proceedings, and promptly responding to all United States Copyright Office or Patent and Trademark Office requests and inquiries. Except as would not have a material adverse effect on the value or enforceability of, or any rights of Grantor or Bank in, any Collateral, Grantor also agrees to take commercially reasonable steps to preserve and maintain all rights in the Collateral. Any expenses incurred in connection with prosecution, registration and maintenance shall be borne by Grantor. Grantor further agrees to retain experienced patent, trademark and copyright attorneys for the filing and prosecution of all such applications and other proceedings when and if applicable. Except as would not have a material adverse effect on the value or enforceability of, or any rights of Grantor or Bank in, any Collateral, no Grantor shall, without Bank's prior written consent, abandon any rights in or fail to pay any maintenance or renewal fee for any Patent, Trademark or Copyright listed in Schedule A or breach, terminate, fail to renew or extend, or fail to perform any duties or obligations for any License listed in Schedule B. Grantor further agrees that it will not take any action, or permit any action to be taken by any person or entity to the extent that such person or entity is subject to its control, including licensees, or fail to take any action, which would affect the validity, priority, perfection or enforcement of the rights granted to Bank under this IP Security

Agreement, and any such action if it shall take place shall be null and void and of no effect whatsoever. If Grantor fails to comply with any of the foregoing provisions of this Section 5.4, Bank shall have the right (but shall not be obligated) to do so on behalf of Grantor to the extent permitted by law, but at Grantor's expense, and Grantor hereby agrees to reimburse Bank in full for all reasonable documented expenses, including the reasonable fees and disbursements of counsel incurred by Bank in procuring, protecting, defending and maintaining the Collateral. In the event that Grantor shall fail to pay when due any fees required to be paid by it hereunder, or shall fail to comply with any other duty under this IP Security Agreement, Bank may, but shall not be required to, pay, satisfy, discharge or bond the same for the account of Grantor, and all monies so paid out shall be Secured Obligations of Grantor repayable on demand, together with interest at the rate in effect pursuant to the Loan Agreements at such time.

5.5 Grantor shall, not less frequently than on a quarterly basis as provided below, advise Bank of any right, title or interest of Grantor obtained after the date hereof in or to any Copyright, Patent, Trademark or License not specified on Schedule A or Schedule B hereto, the provisions of Section 2 above shall automatically apply thereto, and Grantor hereby authorizes and appoints Bank as Grantor's attorney-in-fact solely to the extent necessary to modify or amend such Schedule, as necessary, to reflect any addition or deletion to such ownership rights, and pursuant to Schedule D, to make any additional filings. In addition to any requirements in this IP Security Agreement for notification, Grantor shall also provide Bank with quarterly reports within sixty (60) days of the end of each of the first three (3) calendar quarters and within ninety (90) days of the end of the fourth calendar quarter that identify the status of any new Copyrights, Patents, Trademarks and/or Licenses, any newly filed applications, the status of any pending applications, the status of Litigation and licensing, any threats of Litigation, the identification of any known or suspected infringers and the discovery of any prior art or any other information that may affect the validity or enforceability of the Collateral.

5.6 Grantor shall (i) protect, defend and maintain the validity and enforceability of all current and future Copyrights, Patents and Trademarks, (ii) use its commercially reasonable efforts to detect infringements of such Copyrights, Patents and Trademarks and promptly advise Bank in writing of infringements detected and (iii) not allow any Copyrights, Patents or Trademarks that are material to the conduct of Grantor's business or are related to the maintenance of the value of the brand name of Grantor to be abandoned, forfeited or dedicated to the public.

5.7 At any time and from time to time, upon the written request of Bank, and at the sole expense of Grantor, Grantor shall promptly and duly execute and deliver any and all such further instruments and documents and take such further action as Bank may reasonably deem necessary or desirable to obtain the full benefits of this IP Security Agreement, including, without limitation, facilitating the filing of UCC-1 Financing Statements in all applicable jurisdictions and this IP Security Agreement (and any amendment hereto) or any other document that Bank may reasonably deem necessary, including, without limitation, any filing described in Schedule D or any other collateral assignment, (and any amendments thereto) with the United States Copyright Office, Patent and Trademark Office and/or, to the extent commercially reasonable, the state or foreign equivalents of these offices, as applicable.

5.8 Grantor hereby irrevocably appoints Bank (and any of Bank's designated officers or employees) as Grantor's true and lawful attorney to in accordance with the terms hereof: (a) send requests for verification of accounts and Licenses or notify account debtors or licensees of Bank's security interest in the accounts and Licenses; (b) sign Grantor's name on any notices to licensees; (c) settle and adjust disputes and claims respecting the accounts and Licenses directly with account debtors and licensees, for amounts and upon terms which Bank determines to be reasonable; (d) modify, in its sole discretion, any intellectual property security agreement entered into between Grantor and Bank without first obtaining Grantor's approval of or signature to such modification by amending reference to any right, title or interest in any Copyright, Patent, Trademark or License, acquired by Grantor after the execution hereof or to delete any reference to any right, title or interest in any Copyright, Patent, Trademark or License, in which Grantor no longer has or claims any right, title or interest; (e) endorse Grantor's name on all applications, documents, papers and instruments necessary or desirable for Bank in the use of the Collateral, (f) take any other actions with respect to the Collateral as Bank deems in the best interest of Bank (consistent with any enforceable restrictions in Licenses to Grantor); (g) grant or issue any exclusive or non-exclusive license under the Collateral to anyone (consistent with any enforceable restrictions in Licenses to Grantor) or (h) assign, pledge, convey or transfer title in or dispose of the Collateral to anyone, including Bank or a third party to the extent permitted under the UCC, free and clear of any encumbrance upon title thereof (other than any encumbrance created by this IP Security Agreement and consistent with any enforceable restrictions in Licenses to Grantor). Grantor hereby irrevocably appoints Bank (and any of Bank's designated officers or employees) as Grantor's true and lawful attorney to and in accordance with the terms hereof: (x) file, in its sole discretion, one or more financing or continuation statements and amendments thereto, relative to any of the Collateral without the signature of Grantor where permitted by law; and (y) with respect to the Trademarks, file a copy of this IP Security Agreement with the U.S. Patent and Trademark Office. The appointment of Bank as Grantor's attorney in fact, and each and every one of Bank's rights and powers, being coupled with an interest, is irrevocable until all of the Secured Obligations have been fully repaid and performed and Bank's obligation to provide advances hereunder is terminated. Grantor hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue of this IP Security Agreement. Notwithstanding the foregoing, Bank agrees not to exercise its rights under the foregoing powers (other than as respects clauses (x) and (y) above) unless an Event of Default has occurred and is continuing.

5.9 To the extent that any of the Trademarks consist of intent-to-use based trademark applications, if at any time Grantor commences using such Trademark in its business, Grantor shall take such actions as may be reasonably requested by Bank to convert, within the time provided by the United States Patent and Trademark Office, such intent-to-use trademark application to a use-based application.

6. RIGHTS AND REMEDIES UPON DEFAULT.

6.1 If any Event of Default shall occur and be continuing, Bank may exercise in addition to all other rights and remedies granted to it under this IP Security Agreement and under any other instrument or agreement securing, evidencing or relating to the Secured Obligations, all rights and remedies of a secured party under the UCC. Without limiting the generality of the foregoing, Grantor expressly agrees that in any such event, and during the

existence and continuation of an Event of Default, Bank, without demand of performance or other demand, advertisement or notice of any kind (except the notice specified below of time and place of public or private sale) to or upon Grantor or any other Person (all and each of which demands, advertisements and notices are hereby expressly waived to the maximum extent permitted by the UCC and other applicable law), may forthwith maintain, collect, receive, appropriate and realize upon the Collateral, or any part thereof, and may forthwith sell, lease, license, assign, give an option or options to purchase or sell or otherwise dispose of and deliver said Collateral (or contract to do so), or any part thereof (consistent with any enforceable restrictions in Licenses to Grantor), in one or more parcels at public or private sale or sales, at any exchange or broker's board or at any of Bank's offices or elsewhere at such prices as it may deem best, for cash or on credit or for future delivery without assumption of any credit risk. Bank shall have the right upon any such public sale or sales, and, to the extent permitted by law, upon any such private sale or sales, to purchase the whole or any part of said Collateral so sold, free of any right or equity of redemption, which equity of redemption Grantor hereby releases. During the period of any Event of Default, all use of the Trademarks by Grantor shall inure to the benefit of Bank. Bank shall apply the net proceeds of any such collection, recovery, receipt, appropriation, realization or sale as provided in Section 6.4 hereof, Grantor remaining liable for any deficiency remaining unpaid after such application, and to the extent required by the UCC, only after so paying over such net proceeds and after the payment by Bank of any other amount required by any provision of law, need Bank account for the surplus, if any, to Grantor. To the maximum extent permitted by applicable law, Grantor waives all claims, damages, and demands against Bank arising out of the repossession, retention or sale of the Collateral except such as arise out of the gross negligence or willful misconduct of Bank. Grantor agrees that Bank need not give more than ten (10) days' notice (which notification shall be deemed given when mailed or delivered on an overnight basis, postage prepaid, addressed to Grantor at its address set forth on the signature page hereof) of the time and place of any public sale or of the time after which a private sale may take place and that such notice is reasonable notification of such matters. Grantor shall remain liable for any deficiency if the proceeds of any sale or disposition of the Collateral are insufficient to pay all amounts to which Bank is entitled, Grantor also being liable for the reasonable fees of any attorneys employed by Bank to collect such deficiency.

6.2 Grantor also agrees, to pay all documented fees, costs and expenses of Bank, including, without limitation, reasonable attorneys' fees, reasonably incurred in connection with the enforcement of any of its rights and remedies hereunder.

6.3 Grantor hereby waives presentment, demand, protest or any notice (to the maximum extent permitted by applicable law) of any kind in connection with this IP Security Agreement or any Collateral.

6.4 The proceeds of any sale, disposition or other realization upon all or any part of the Collateral shall be distributed by Bank in the following order of priorities:

FIRST, to Bank in an amount sufficient to pay in full the reasonable costs of Bank in connection with such sale, disposition or other realization, including all fees, costs, expenses, liabilities and advances reasonably incurred or made by Bank in connection therewith, including, without limitation, reasonable attorneys' fees;

SECOND, to Bank in an amount equal to the then unpaid Secured Obligations;
and

FINALLY, upon payment in full of the Secured Obligations, to Grantor or its representatives, in accordance with the UCC or as a court of competent jurisdiction may direct.

7. **BANK'S RIGHT TO SUE.** From and after the occurrence and during continuation of an Event of Default, Bank shall have a right, but shall in no way be obligated, to bring suit for past, present and future damages in its own name and for its own benefit to enforce the Copyrights, Patents, Trademarks and Licenses, and if Bank commence any such suit, Grantor shall, at the request of Bank, use commercially reasonable efforts to do any and all lawful acts and execute any and all proper documents required by Bank in aid of such enforcement.

8. **LIMITATION ON BANK'S DUTY IN RESPECT OF COLLATERAL.** Bank shall deal with the Collateral in the same manner as it deals with similar property for its own account. Bank shall be deemed to have acted reasonably in the custody, preservation and disposition of any of the Collateral if it takes such action as Grantor requests in writing, but failure of Bank to comply with any such request shall not in itself be deemed a failure to act reasonably and no failure of Bank to do any act not so requested shall be deemed a failure to act reasonably.

9. **MISCELLANEOUS.**

9.1 Bank shall not by any act, delay, omission or otherwise be deemed to have waived any of its rights or remedies hereunder, nor shall any single or partial exercise of any right or remedy hereunder on any one occasion preclude the further exercise thereof or the exercise of any other right or remedy. The rights and remedies hereunder provided are cumulative and may be exercised singly or concurrently and are not exclusive of any rights and remedies provided by law. Grantor acknowledges and agrees that this IP Security Agreement is not intended to limit or restrict in any way the rights and remedies of Bank but rather is intended to facilitate the exercise of such rights and remedies. Bank shall have, in addition to all other rights and remedies given it by the terms of the Loan Agreements, all rights and remedies allowed by law and the rights and remedies of a secured party under the UCC. Recourse to security will not be required at any time. None of the terms or provisions of this IP Security Agreement may be waived, altered, modified or amended except by an instrument in writing, duly executed by Grantor and Bank.

9.2 This IP Security Agreement is made for collateral purposes only. Subject to Section 9.3, at such time as the Secured Obligations shall have been paid and performed in full and Grantor has no further obligations under or with respect to the Loan Agreements, the Collateral shall be automatically released from the Liens created hereby, and this IP Security Agreement and all obligations of Bank and Grantor hereunder shall automatically terminate, all without delivery of any instrument or performance of any act by any party, and all rights to the Collateral shall revert to Grantor. At the request and sole expense of Grantor following any such termination, Bank shall deliver to Grantor all termination statements, releases or other instruments as may be necessary or proper to revest in Grantor (without recourse to or warranty by Bank, except for encumbrances created by Bank, provided that no such recourse or warranty

shall apply to any Collateral sold or otherwise disposed of by Bank pursuant to this IP Security Agreement) full title to the Collateral granted in this IP Security Agreement, subject to any acceptance or disposition of Collateral which may have been made by Bank pursuant to this IP Security Agreement.

9.3 This IP Security Agreement and the security interests granted herein shall remain in full force and effect and continue to be effective if at any time payment and performance of the Secured Obligations, or any part thereof, is, pursuant to applicable law, avoided, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee of the Secured Obligations, whether as a “voidable preference,” “fraudulent conveyance” or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is avoided, rescinded, reduced, restored or returned, the Secured Obligations and the security interests granted herein shall be reinstated and the Secured Obligations shall be deemed reduced only by such amount paid and not so avoided, rescinded, reduced, restored or returned. The provisions of this Section 9.3 shall survive repayment of all of the Secured Obligations, and the termination of this IP Security Agreement in any manner.

9.4 This IP Security Agreement and all obligations of Grantor hereunder shall be binding upon the successors and permitted assigns of Grantor, and shall, together with the rights and remedies of Bank hereunder, inure to the benefit of Bank, any future holder of any of the Secured Obligations and their respective successors and assigns. Bank may, without cost or expense to Grantor, assign all or any part of, or any interest (undivided or divided) in, Bank’s rights and benefits under this IP Security Agreement including, without limitation, the right, title or interest in and to the Collateral. To the extent of any assignment by Bank, the assignee shall have the same rights and benefits against Grantor hereunder as it would have had if such assignee were Bank. Grantor may not assign this IP Security Agreement without the prior written consent of Bank, which consent may be granted or withheld at the sole discretion of Bank. No sales of participations, other sales, assignments, transfers or other dispositions of any agreement governing or instrument evidencing the Secured Obligations or any portion thereof or interest therein shall in any manner affect the lien granted to Bank hereunder.

9.5 All notifications and other communications permitted or required under this Agreement shall be in writing and shall be delivered in accordance with the terms of the Loan Agreements.

9.6 This IP Security Agreement may be executed in any number of separate counterparts, each of which, when so executed, shall be deemed an original, and all of said counterparts taken together shall be deemed to constitute but one and the same instrument.

9.7 If any provision of this IP Security Agreement is held to be unenforceable under applicable law for any reason, it shall be adjusted, if possible, rather than voided in order to achieve the intent of the parties to the extent possible. In any event, all other provisions of this IP Security Agreement shall be deemed valid and enforceable to the fullest extent possible under applicable law.

9.8 THIS IP SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

Grantor agrees that any suit for the enforcement of this IP Security Agreement may be brought in the courts of the State of New York sitting in New York County, or any federal court sitting therein, and consents to the non-exclusive jurisdiction of such courts and to service of process in any such suit being made upon Grantor, by mail, at the address specified on the signature page of this IP Security Agreement, or at any address specified for Grantor in any Loan Document. Grantor hereby waives any objection that it may now or hereafter have to the venue of any such suit or any such court or that such suit is brought in an inconvenient court.

9.9 EACH PARTY HERETO WAIVES ITS RIGHT TO A JURY TRIAL WITH RESPECT TO ANY ACTION OR CLAIM ARISING OUT OF ANY DISPUTE IN CONNECTION WITH THIS IP SECURITY AGREEMENT, ANY RIGHTS OR OBLIGATIONS HEREUNDER OR THE PERFORMANCE OF ANY SUCH RIGHTS OR OBLIGATIONS. Except as prohibited by law, Grantor waives any right which it may have to claim or recover in any litigation referred to in the preceding sentence any special, exemplary, punitive or consequential damages or any damages other than, or in addition to, actual damages. Grantor (i) certifies that neither Lender nor any representative, agent or attorney of Lender has represented expressly or otherwise, that Lender would not, in the event of litigation, seek to enforce the foregoing waivers and (ii) acknowledges that, in entering into the Loan Agreement and the other Loan Documents to which Lender is a party, Lender is relying upon, among other things, the waivers and certifications contained in this Section 9.9.

9.10 Grantor represents to Bank that Grantor's attorneys have reviewed this IP Security Agreement and that it has discussed this IP Security Agreement with its attorneys.

9.11 The section and heading titles are for convenience and reference only and shall not affect in any way the interpretation of any of the provisions of this IP Security Agreement.
