LICENSE AGREEMENT

This LICENSE AGREEMENT (hereinafter, as it may be from time to time amended, modified, extended, renewed, substituted, and/or supplemented, referred to as this "Agreement") is entered into this 9th day of October, 2015 by

MASTER CUTLERY, LLC, a Delaware limited liability company, having an address located at 700 Penhorn Avenue, Secaucus, New Jersey 07094 (hereinafter referred to as "Licensor"),

IN FAVOR OF

TD BANK, N.A., a national banking association, having an address located at 1068 Stelton Road, Piscataway, New Jersey 08854 (hereinafter referred to as "Licensee", and hereinafter Licensor and Licensee shall be sometimes individually referred to as a "Party" and collectively referred to as the "Parties").

WITNESSETH:

WHEREAS, pursuant to the terms, conditions, and provisions of that certain Loan and Security Agreement dated of even date herewith executed by and between Licensee, as lender, and Licensor, as Borrower (hereinafter, as it may be from time to time amended, modified, extended, renewed, substituted, and/or supplemented, referred to as the "Loan Agreement"), Licensee has made available to Licensor a revolving credit loan facility for the purpose of financing the working capital needs of the Licensor, in the maximum principal amount of up to Six Million and 00/100 (\$6,000,000.00) Dollars (hereinafter, as it may be from time to time amended, modified, extended, renewed, substituted, and/or supplemented, referred to as the "Revolving Credit Loan Facility"); and

WHEREAS, the Revolving Credit Loan Facility is evidenced by that certain Revolving Credit Note dated of even date herewith executed by Licensor, as maker, in favor of Licensee, as payee, in the maximum principal amount of up to \$6,000,000.00 (hereinafter, as it may be from time to time amended, modified, extended, renewed, substituted, and/or supplemented, referred to as the "Revolving Credit Note"); and

WHEREAS, Licensor is the sole and exclusive owner of the patents, trademarks, service marks, and copyrights which are described on Schedule "A" attached hereto and made a part hereof and may from time to time acquire additional patents, trademarks, service marks, copyrights, or other intellectual property rights (hereinafter all of the foregoing (including those described on said Schedule "A") shall be sometimes individually referred to as an "IP Right" and collectively referred to as the "IP Rights"); and

WHEREAS, as required under Section 3.1(b) of the Loan Agreement, and as consideration for Licensee's willingness to make the Revolving Credit Loan Facility available to Licensor, Licensee has required that Licensor execute and deliver this Agreement in favor of Licensee for the purpose of granting to Licensee a non-exclusive royalty-free license with respect to the IP Rights in connection with the enforcement of Licensee's rights and remedies under the Loan Agreement and the other "Loan Documents", including, without limitation, the sale and liquidation of any of the tangible "Collateral" in the form of "Inventory" (as such quoted terms are defined in the Loan Agreement); and

WHEREAS, all capitalized terms which are used herein but are not expressly defined herein shall have the same meanings as assigned and ascribed thereto in the Loan Agreement; and

WHEREAS, Licensor and Licensee hereby wish to establish the terms, conditions, and provisions upon which the license is granted from Licensor to Licensee with respect to the IP Rights.

NOW, THEREFORE, in consideration of the foregoing and of the covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto do hereby agree as follows:

1. Grant of License. Subject to the terms and conditions of this Agreement, Licensor hereby grants to Licensee a non-exclusive, royalty-free license to use the IP Rights (hereinafter, said non-exclusive, royalty-free license shall be referred to as the "License"), provided that such License may be exercised by Licensee only in connection with the sale and liquidation of any of the tangible Collateral in the form of Inventory as contemplated under the Loan Agreement.

2. Ownership Rights; Indemnification; No Obligation of Licensee; License to Other Persons.

(a) Licensor is the sole and exclusive owner of the IP Rights and has the full and unfettered legal right to grant the License to Licensee pursuant to the terms, conditions, and provisions of this Agreement. Licensor shall not at any time do or cause to be done any act or omission contesting or in any way impairing or tending to impair the License or the grant thereof to Licensee.

(b) Subject to the License, Licensor shall retain all right, title and interest in and to the IP Rights.

(c) Licensor agrees that it will not contest, oppose or challenge the License or the grant thereof to Licensee. In addition, Licensor shall, and does hereby agree to, defend and indemnify Licensee, and to hold Licensee harmless from any and all liability, loss or damage which may or might be incurred by Licensee with respect to the License or the IP Rights, or under or by reason of this Agreement and from any and all claims and demands whatsoever which may be asserted against Licensee by reason of any alleged obligations or undertakings on its part to perform or discharge any obligation relating to the License or the IP Rights, except for any claims or demands which arise from Licensee's own willful misconduct or gross negligence.

(d) It is understood that this Agreement shall not operate to place any responsibility on Licensee for the carrying out of any of the obligations relating to the IP Rights.

(e) Licensor shall not grant to any other Person (other than Licensee as set forth herein) a license in the IP Rights or any other ownership, collateral interest, or other rights in said IP Rights without obtaining the prior express written consent of Licensee; provided that Licensor may, without obtaining the prior express written consent of Licensee, grant, subject in each case to the License and Licensee's rights thereunder, (i) licenses in the IP Rights or (ii) any other ownership, collateral interest, or other rights in said IP Rights, provided that, in the case of each of the foregoing clauses (i) and (ii), any such grant shall be made only in the normal course of business consistent with Licensor's past business practices.

3. Additional Representations, Warranties and Covenants. Licensor hereby represents, warrants and covenants to Licensee that:

(a) Licensor has the full power, legal right, capacity or authority, as the case may be, to execute and deliver this Agreement and to perform its obligations hereunder without obtaining the consent of any other Person;

(b) The execution and delivery of this Agreement, and the performance of its terms, will not result in any violation of any provision of Licensor's certificate of formation or operating agreement or violate or constitute a default under the terms of any loan agreement, note, mortgage, indenture,

agreement, document, instrument, license, judgment, decree, order, law, statute, ordinance or other governmental rule or regulation, applicable to Licensor or any of its property;

(c) Licensor has not previously granted a license of its rights to the IP Rights to any other Person;

(d) [intentionally omitted];

(e) This Agreement creates a legal, valid and enforceable license of the IP Rights and there are no restrictions upon the licensing of the IP Rights as described and effected herein;

(f) Licensor will defend Licensee's rights under the License granted herein against the claims and demands of all Persons whomsoever;

(g) Licensor shall not, except in the ordinary course of business consistent with Licensor's past business practices, amend, modify, supplement or terminate the IP Rights in any material respect without the prior express written consent of Licensee;

(h) Licensor is not in default with respect to any of its obligations relating to the IP Rights;

(i) Licensor shall observe and perform all of the obligations imposed by law or contract upon Licensor as owner of the IP Rights;

(j) From time to time Licensor shall promptly execute, assign, endorse and deliver any and all documents necessary to maintain the License, including any renewals, replacements, additions, extensions and substitutions of original documents, and Licensor shall perform all other acts or things as Licensee may reasonably request in order to carry out the purpose of this Agreement;

(k) Licensor shall promptly notify Licensee of any material change in any facts or circumstances warranted or represented by Licensor in this Agreement or in connection with the IP Rights;

(l) Licensor shall promptly notify Licensee of any claim, action or proceeding affecting in any material way this Agreement or the License granted herein, and at the request of Licensee, shall appear in and defend, at Licensor's own cost and expense, any such action or proceedings; and

(m) Licensor shall promptly pay to Licensee the amount of all court costs and reasonable attorneys' fees incurred by Licensee in connection with Licensee enforcing against Licensor its rights hereunder, except for any court costs and attorneys' fees which arise from Licensee's own gross negligence or willful misconduct.

4. Term. This Agreement and the License granted herein shall remain in full force and effect for so long as any of the Obligations shall remain unpaid and/or outstanding.

5. Termination. Licensor shall not have the right to terminate this Agreement or the License granted herein for any reason whatsoever, and, by its execution hereof, Licensor hereby knowingly and voluntarily waives any such right to which it would otherwise be entitled, whether under applicable law or otherwise.

6. Rights in Bankruptcy. All rights and licenses granted under or pursuant to this Agreement are, and will otherwise be deemed to be, for purposes of Section 365(n) of the U.S. Bankruptcy Code, licenses

of right to "intellectual property" as defined under Section 101 of the U.S. Bankruptcy Code. The Parties agree that Licensee, as the licensee of such rights under this Agreement, will retain and may fully exercise all of its rights and elections under the U.S. Bankruptcy Code and further agree that Licensee's rights under this Agreement are irrevocable and shall be binding upon any of Licensor's successors, assigns, creditors, and beneficiaries. The Parties further agree that, in the event of the commencement of a bankruptcy proceeding by or against Licensor under the U.S. Bankruptcy Code, Licensee will be entitled to a complete duplicate of (or complete access to, as appropriate) any such intellectual property and all embodiments of such intellectual property, which, if not already in Licensee's possession, must be promptly delivered to it (a) upon any such commencement of a bankruptcy proceeding upon Licensee's written request therefor, unless Licensor elects to continue to perform all of its obligations under this Agreement, or (b) if not delivered under clause (a) above, following the rejection of this Agreement by or on behalf of Licensor upon written request therefor by Licensee.

7. Miscellaneous.

(a) Amendment. This Agreement may be amended, modified or supplemented by a written instrument signed by the Parties.

(b) Entire Agreement. This Agreement embodies the entire agreement and understanding of the Parties in respect of the subject matter contained herein or therein. There are no agreements, representations, warranties or covenants other than those expressly set forth herein or therein. This Agreement supersedes all prior agreements and understandings between the Parties with respect to such subject matter.

(c) Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction.

(d) Binding Effect. This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

(e) Governing Law; Consent to Jurisdiction. This Agreement, and all matters arising out of or relating to this Agreement, shall be governed by and construed in accordance with the substantive laws of the State of New Jersey. Licensor and Licensee each hereby irrevocably consents to the non-exclusive jurisdiction of the Courts of the State of New Jersey or the United States District Court for the District of New Jersey in any and all actions and proceedings whether arising hereunder or under any other agreement or undertaking. Licensor waives any objection which Licensor may have based upon lack of personal jurisdiction, improper venue or *forum non conveniens*. Licensor irrevocably agrees to service of process by certified mail, return receipt requested to the address of the appropriate party set forth herein.

(f) Headings. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

(g) Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same instrument.
