ASSIGNMENT OF INTELLECTUAL PROPERTY

This Assignment of Intellectual Property (the “**Assignment**”) dated as of September 21, 2015 (the “**Effective Date**”) is by and between Apttus Corporation, a Delaware corporation with principal offices at 1400 Fashion Island Blvd. Suite 100, San Mateo, California 94404 (the “**Assignor**”) and Apttex Corporation, a Delaware corporation with principal offices at 1400 Fashion Island Blvd. Suite 100, San Mateo, California 94404 (the “**Assignee**”).

WHEREAS, Assignor and Assignee are parties to that certain Corporation Stock Purchase Agreement pursuant to which Assignor has agreed to transfer to Assignee, and Assignee has agreed to accept and receive from Assignor: (i) the copyrights and other rights in works of authorship in and to the works set forth on Exhibit C, to the extent such rights are owned by Assignor, (ii) the patents set forth on Exhibit A; and (iii) the trademark rights, and all goodwill appurtenant thereto, in and to the trademarks or trade names set forth on Exhibit B (collectively, the “**Transferred IP Rights**”).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

Assignment of Intellectual Property. Assignor hereby irrevocably assigns, transfers, and conveys to Assignee, in perpetuity and in every jurisdiction throughout the world, the entire right, title, and interest in and to the Transferred IP Rights, including without limitation (i) all registrations and applications thereof, (ii) the right to apply for, register, maintain, and defend all intellectual property rights protections thereon; (iii) the right to receive all royalties, income, payments, damages, and proceeds now or hereafter due or payable therefrom; and (iv) the right to sue, counterclaim, and recover damages for any past, present or future infringement thereof. The Transferred IP Rights will be held and enjoyed by Assignee as entirely as the same would have been held and enjoyed by the Assignor had this assignment not been made. Assignee agrees that it will be solely responsible for the payment of any and all maintenance fees, annuities, taxes, and similar obligations in respect of the Transferred IP Rights.

Further Assurances. Assignor will execute and deliver such documents and instruments, provide such information, cooperation, assistance and do such other acts as Assignee or its legal representatives may reasonably request, at Assignee’s cost and expense, to evidence and perfect the assignment, transfer, and conveyance to Assignee of the Transferred IP Rights. Assignor hereby constitutes and appoints Assignee as Assignor’s attorney in fact, with full power of substitution in Assignor’s name and stead, to execute, acknowledge and deliver any and all instruments and assurances reasonably necessary or expedient to vest and perfect the Transferred IP Rights in Assignee, or to protect and enforce the same. Assignor acknowledges and intends that the power of attorney described in the foregoing sentence is coupled with an interest and as such is irrevocable.

Governing Law. This Assignment will be governed and construed in accordance with the laws of the State of California, without regard to its provisions respecting conflict of laws.

Counterparts. This Assignment may be executed in counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

(Signature page follows)

IN WITNESS WHEREOF the parties, intending to be legally bound, have each caused this Assignment to be executed by their duly authorized representatives named below, effective as of the Effective Date.
