## TRADEMARK ASSIGNMENT

This Trademark Assignment ("Trademark Assignment") is made and entered into as of October 7, 2015, by and between Crane 1 Services, Inc., an Ohio corporation ("Assignor"), and Crane 1 Services, Inc., a Delaware corporation ("Assignee" and, together with Assignor, the "Parties").

WHEREAS, pursuant to that certain Contribution and Asset Purchase Agreement, dated as of October 7, 2015, by and among the Parties, Crane 1 Holdco, Inc., each person that signed as a Shareholder (as defined therein), and Matthew C. Milton as the sellers' representative (the "Agreement"), Assignor has assigned, and Assignee has acquired, all rights, title and interests in and to the Purchased Proprietary Rights (as defined in the Agreement), which include all rights, titles and interests in and to all trademarks, trade names, service names, service marks, brands, logos, designs, trade dress, corporate names and other source or business identifiers, rights of privacy and publicity, and all goodwill and activities associated with any of the foregoing, together with all applications, registrations, renewals and extensions related thereto owned by, or licensed to Assignor, along with all income, royalties, damages and payments accrued, due or payable as of the Closing Date (as defined in the Agreement) or thereafter (including damages and payments for past, present or future infringements or misappropriations thereof or other conflicts therewith, the right to sue and recover for past, present or future infringements or misappropriations thereof or other conflicts therewith, and any and all corresponding rights that, now or hereafter, may be secured throughout the world), and all other intangible properties and rights, in each case, free and clear of all Liens (other than Permitted Liens) (each as defined in the Agreement), and further includes the registered trademark listed on Schedule 1 attached hereto (hereinafter referred to as the "Assigned Marks");

WHEREAS, Assignor is assigning the Assigned Marks as part of the entire business or portion thereof to which the mark pertains;

WHEREAS, Assignee, the successor of the ongoing and existing business of Assignor to which the Assigned Marks pertain, is desirous of acquiring said Assigned Marks; and

WHEREAS, the Parties wish to record assignment of the Assigned Marks in all applicable intellectual property offices;

NOW, THEREFORE, for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Pursuant to the Agreement, which is incorporated by reference as if fully set forth herein, Assignor hereby assigns, sells, transfers and sets over unto Assignee (1) the entire right, title, and interest in all countries throughout the world in and to the Assigned Marks; (2) the entire right to file trademark applications in the name of Assignee or its designee on the aforesaid Assigned Marks in all countries of the world; (3) the entire right, title, and interest in and to any registration of the Assigned Marks which issued and may issue in any country, and any renewals and extensions thereof; (4) the right to sue and recover for, and the right to profits or damages due or accrued in connection with, any and all past, present, or future infringement or dilution of

the Assigned Marks; and (5) the entire right, title, and interest in all convention and treaty rights of all kinds, including without limitation all rights of priority in any country of the world, in and to the Assigned Marks.

2. Assignor hereby authorizes and requests the competent authorities to grant and to issue any and all registrations of the Assigned Marks throughout the world to Assignee, its successors, or assigns, whose rights, title, and interests in such registrations are the same as would have been held and enjoyed by Assignor had this assignment, sale and transfer not been made.

3. Notwithstanding anything to the contrary contained herein, the Assigned Marks shall not include any trademark application that would be deemed invalidated, canceled, or abandoned due to the contribution, assignment and/or conveyance of the Assigned Marks hereunder, including, without limitation, any trademark applications that are based on an intent-to-use, unless and until such time that the contribution, assignment and/or conveyance will not cause the invalidation, cancellation, or abandonment of such trademark application.

4. This Trademark Assignment is subject to all the terms and conditions of the Agreement. Assignor intends that this Trademark Assignment and its terms shall not modify the applicable terms and conditions of the Agreement, which govern the Parties' rights and interests in and to the Purchased Proprietary Rights.

[The remainder of this page has intentionally been left blank.]

IN WITNESS WHEREOF, the undersigned has caused this Trademark Assignment to be duly executed and delivered as of the date first written above.
