**TRADEMARK ASSIGNMENT AGREEMENT**

This TRADEMARK ASSIGNMENT AGREEMENT (the "Assignment"), effective as of August 28, 2015 (the "Effective Date"), is entered into by and between:

**CommScope EMEA Limited**, a company organized and existing under the laws of Ireland with its principal office at Corke Abbey Avenue, Bray, County Wicklow, Ireland ("Assignor"), and

**CommScope Technologies LLC**, a company organized and existing under the laws of the State of Delaware having its principal office at 1100 CommScope Place SE, Hickory, North Carolina 28602, United States of America ("Assignee").

(Assignor and Assignee are collectively referred to as the "Parties" and individually referred to as "Party"). Capitalized terms used but not defined herein shall have the meaning set forth in the Purchase Agreement (defined below).

**RECITALS**

**WHEREAS**, Assignor has acquired intellectual property rights pursuant to a Stock and Asset Purchase Agreement by and between TE Connectivity LTD., CommScope Holding Company, Inc., and CommScope, Inc. dated January 27, 2015 and related agreements, including Trademark Assignment Agreements dated as of August 28, 2015 between Assignor and each of Tyco Electronics Raychem GmbH, The Whitaker LLC, and Tyco Electronics Services GmbH (collectively, the "Purchase Agreement");

**WHEREAS**, Assignor and Assignee entered into an Intellectual Property Assignment Agreement dated as of August 28, 2015 ("IP Agreement");

**WHEREAS**, Assignor owns the Trademarks set forth on Schedule 1 hereto ("Assigned Trademarks") and desires to sell, transfer, convey, and assign to Assignee, and Assignee desires to acquire and accept from Assignor, the Assigned Trademarks, subject to Assignor's reservation of certain rights to the Intellectual Property as defined in the IP Agreement.

**NOW, THEREFORE**, for good and valuable consideration provided for in the IP Agreement, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignment. Subject to the terms and conditions of the IP Agreement, Assignor hereby irrevocably assigns, conveys, transfers and delivers to Assignee, and Assignee hereby accepts, all of Assignor's entire, worldwide (for all jurisdictions throughout the world, including all countries and political entities) right, title and interest in and to the Assigned Trademarks, together with all common law rights thereto and the goodwill of the Business symbolized by, appertaining thereto, and associated with the Assigned Trademarks, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor

TRADEMARK ASSIGNMENT AGREEMENT

if this Assignment had not been made, together with all income, royalties or payments due, accrued, or payable as of the Effective Date or thereafter, including, without limitation, any and all claims or causes of action for profits and damages by reason of past, present or future infringement or other unauthorized use of any of the Assigned Trademarks, with the right to enforce and sue for, and recover and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

2. Governing Law. This Assignment shall be governed by and construed in accordance with the Laws of the State of North Carolina, without regard to the conflicts of law principles of such state.

3. Successors and Assigns. This Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

4. Counterparts. This Assignment may be executed in one or more counterparts and delivered via facsimile, pdf, or other electronic means, each of which shall be deemed an original as against the party that signed it and all of which shall together constitute one and the same agreement, and shall become effective when one or more counterparts have been signed by each of the Parties and delivered to the other Party, it being understood that all Parties need not sign the same counterpart.

5. Further Assurances. Assignor agrees that from time to time, at the reasonable request of Assignee and at Assignee's expense, Assignor shall execute and deliver such other documents and take such other actions as Assignee may reasonably request to effectuate Assignor's assignment, transfer, and conveyance of the Assigned Trademarks of this Assignment and the transactions contemplated by this Assignment (including any documentation to perfect and record the rights granted hereunder in the Assigned Trademarks in any jurisdiction through the world). Assignor acknowledges and agrees that Assignee may perfect and record this Assignment or such other documentation in any jurisdiction throughout the world, and that Assignor shall cooperate therewith. The Assignee hereby requests and the Assignor hereby grants to the Assignee and its legal representatives all rights necessary to record this Assignment or such other documentation with the United States Patent and Trademark Office and any similar intellectual property office or government agency in any jurisdiction throughout the world. Assignor does hereby make, constitute and appoint Assignee (and any officer or agent of Assignee as Assignee may select in its exclusive discretion) as Assignor's true and lawful attorney-in-fact, with the power to endorse Assignor's name on all applications, documents, papers and instruments solely as necessary to implement and effect fully the express intentions, purposes and provisions of this Assignment, including, but not limited to, the filing of any instrument of assignment and documents related thereto to effect such assignment in the United States Patent and Trademark Office and other trademark offices and intellectual property governmental offices in any jurisdiction throughout the world; provided, however, that Assignee shall only be entitled to exercise its rights under this power of attorney with respect to any of the foregoing actions to the extent that Assignor has failed to take such action at the request of Assignee and following ten (10) days prior written notice to Assignor of the exercise of such rights. This power of attorney shall be irrevocable.

IN WITNESS WHEREOF, the Parties have caused this Assignment to be executed by their duly authorized representatives effective as of the Effective Date.
