INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment dated November ^{30th}, 2015 is by **Yeti Pipeline Equipment, LLC**, a Montana limited liability corporation having a post office address of 3031 Grand Avenue, Suite 100, Box 178, Billings, Montana 59102 (the "Assignor") and **ISCO Industries, Inc.**, a Kentucky Corporation having post office address 100 Witherspoon Street, 2West, Louisville, KY 40202 ("the Assignee");

WHEREAS, the Assignor owns right, title and interest in and to U.S. Patent number 9,080,693, titled Automated System for Laying Pipe, (the "Invention"), issued on July 14, 2015, (the "Patent") having an assignment found at USPTO Reel/Frame No. 033068/167, as well as the U.S. Provisional Patent Application serial number 61/562,295 (the "Provisional Patent Application") having assignment found at USPTO Reel/Frame No. 033067/0541, from which the Patent claims priority;

AND WHEREAS, Assignor also owns right, title and interest in and to U.S. Continuation Patent Application No. 14/708,798, also titled Automated System for Laying Pipe, (the "Continuation Application") having assignment found at USPTO Reel/Frame No. 036656/0626 (to be inserted upon receipt) and which claims priority to the Patent;

AND WHEREAS, Assignor also owns right, title and interest in and to PCT Application No. PCT/US14/038632 which is also titled Automated System for Laying Pipe (the "PCT Application"), having assignment found at USPTO Reel/Frame No. 033350/0885;

AND WHEREAS, Assignor also owns the trademark YETI (the "Trademark"), whether registered or unregistered, and whether used in standard character form, stylized form, with or without a design component, or otherwise; all right, title and interest in and to the Trademark, including, without limitation, common law rights, rights arising under U.S. law or the laws of another country or jurisdiction, and all causes of action, claims, demands, and other rights for, or arising from, any infringements, including those that occurred prior to the date of this Intellectual Property Assignment; and the pending U.S. trademark applications for the Trademark identified by Serial No. 86/590,432 and Serial No. 86/591,180 (the "Trademark Applications");

AND WHEREAS, in addition to the Asset Purchase Agreement, and any other documents executed by the Assignor and the Assignee (collectively the "Parties"), the Assignee desires to acquire the entire right, title, and interest in and to the Intellectual Property (defined below), and any United States and foreign patents to be obtained therefor;

NOW THEREFORE, the Assignor hereby assigns, conveys, and transfers unto Assignee, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged,

the entire right, title, and interest in and to:

said Invention;

said Trademark, whether registered or unregistered, and whether used in standard character form, stylized form, with or without a design component, or otherwise; all right, title and interest Assignor has in and to the Trademark, including, without limitation, common law rights, rights arising under U.S. laws or the laws of another country or jurisdiction, and all causes of action, claims, demands, and other rights for, or arising from, any infringements, including those that occurred prior to the date of this Intellectual Property Assignment; and the Trademark Applications; together with all of the goodwill of Assignor's business that is associated with or symbolized by the Trademark;

said Provisional Application;

said Patent including any and all divisions, continuations, continuations-in-part, provisionals or non-provisionals claiming priority to or having any relationship to any of the aforesaid, reissues thereof, and reexaminations thereof;

said Continuation Application;

said PCT Application;

any and all foreign and PCT applications claiming priority to any of the aforesaid;

any and all Letters Patent of the United States and all countries foreign thereto, which may be granted or have been granted for any of the aforesaid, and any and all reissues and reexaminations thereof;

any and all priority rights, convention rights, and other benefits accruing or to accrue to the Assignors with respect to the filing of applications for patents or the securing of patents in the United States and countries foreign thereto; and

any and all rights to recover damages for past infringement of any and all said Letters Patent (collectively, all of the aforesaid the "Intellectual Property");

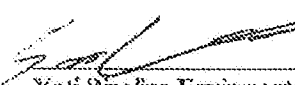

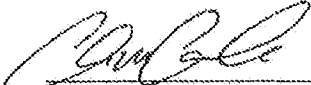

AND THE ASSIGNORS HEREBY AGREE to sign and execute all necessary and lawful future documents, including additional applications related to the Intellectual Property, and/or any applications for reissue or reexamination of any Letters Patent which may be granted for said Intellectual Property, which the Assignee may from time to time require and prepare at Assignee's expense;

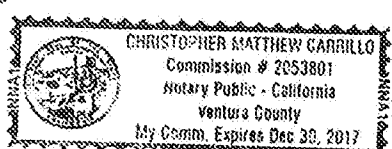

AND THE ASSIGNORS HEREBY AUTHORIZE AND REQUEST the United States Patent and Trademark Office, and any offices of foreign countries whose duty it is to issue patents, to issue any Letters Patent granted upon said Continuation Application, said PCT Application and for said Invention to Assignee.
