Schedule 3

**TRADEMARK ASSIGNMENT AGREEMENT**

This Trademark Assignment Agreement (this “**Trademark Assignment**”), dated as of August 1, 2015, is entered into between J&L Group International, LLC, a Delaware limited liability company (“**Assignor**”), having a principal place of business at 3090 Stagecoach Rd., Keithville, LA 71047, and Alliance Machine Systems International, LLC (formerly BWP Acquisition LLC), a Missouri limited liability company (“**Assignee**”), having a principal place of business at 8020 Forsyth Blvd., St. Louis, MO 63105.

WHEREAS, Assignor and Assignee are parties to an Intellectual Property Assignment Agreement entered into on August 1, 2015, pursuant to which Assignor agreed to transfer to Assignee all right, title, and interest in and to the trademarks identified on the attached Exhibit A-TM, (the “**Marks**”); and

WHEREAS, Assignee is desirous of acquiring all of Assignor’s rights in the Marks, including the applications and registrations identified on Exhibit A-TM.

NOW, THEREFORE, for good and valuable consideration received by Assignor from Assignee, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignment of Marks. Assignor hereby sells, assigns, transfers, and conveys to Assignee all rights, title, and interest in and to the Marks, and any applications and registrations therefor, including the applications and registrations identified on the attached Exhibit A-TM, together with that part of the good will of the business associated with the use of and symbolized by the Marks, to be held and enjoyed by Assignee as fully and entirely as said interest could have been held and enjoyed by Assignor if this sale, assignment, and transfer had not been made. Assignor hereby authorizes the appropriate empowered officials at the United States Patent and Trademark Office to transfer all registrations and pending applications for the Marks to Assignee as assignee of the entire right, title and interest therein or otherwise as Assignee may direct, in accordance with this instrument of assignment.

2. Counterparts. This Trademark Assignment may be signed in counterparts, which together shall constitute one agreement. If this Trademark Assignment is signed in counterparts, no party shall be bound until both parties have duly executed, or caused to be duly executed, a counterpart of this Trademark Assignment.
