**WHEREAS**, Assignee is desirous of acquiring (and Assignor is desirous of assigning to Assignee) the entire right, title and interest in and to the Purchased Trademarks and in and to any and all trademark rights worldwide which may be obtained therefor; and

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. The following definitions are used in this Assignment:

held and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor, if this assignment and sale had not been made, as assignee of its entire right, title and interest therein and in and to all income, royalties, damages and payments now or hereafter due or payable with respect thereto in and to all causes of action (either in law or in equity) and the right to sue, counterclaim, and recover for past, present and future infringement of the rights assigned or to be assigned under this Assignment.

3. Assignor hereby covenants and agrees that Assignor will not execute any writing or do any act whatsoever conflicting with this Assignment, and that Assignor will, at any time upon request, without further or additional consideration but at the expense of Assignee, execute such additional assignments and other writings and do such additional acts as Assignee may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary or desirable assistance in making application for and obtaining registrations of trademarks of Purchased Trademarks, and in enforcing any rights or causes of action accruing as a result of such applications for trademarks or registration of trademarks under Purchased Trademarks, by giving testimony in any proceedings or transactions involving such Purchased Trademarks, and/or by executing preliminary statements and other affidavits.
4. The parties authorize and request that the Commissioner of Patents and Trademarks of the United States, and the corresponding entities or agencies in any applicable foreign countries, record Assignee as the owner of record for the Purchased Trademarks and register the trademark for the pending Purchased Trademarks to the Assignee.
5. All disputes, claims or controversies arising out of this Assignment, or the negotiation, validity or performance of this Assignment, or the transactions contemplated hereby shall be governed by and construed in accordance with the laws of the State of California, U.S.A. without regard to its rules of conflict of laws.
