SECTION 4. Grantors' Representations and Warranties. In addition to any representations and warranties contained in any of the other Loan Documents, each Grantor represents and warrants that:

(a) **EXHIBIT A** is a true, correct and complete list as of the Closing Date of all registered United States Copyrights owned by such Grantor, applications of such Grantor for registered United States Copyrights and all Copyright Licenses to which such Grantor is a party as of the date hereof (other than commercially available off the shelf computer programs, products or applications).

(b) **EXHIBIT B** is a true, correct and complete list as of the Closing Date of all registered United States Patents owned by such Grantor, applications of such Grantor for registered United States Patents and all Patent Licenses to which such Grantor is a party as of the date hereof.

(c) **EXHIBIT C** is a true, correct and complete list as of the Closing Date of all registered United States Trademarks owned by such Grantor, applications of such Grantor for registered United States Trademarks and all Trademark Licenses to which such Grantor is a party as of the date hereof.

(d) Except as set forth in **EXHIBITS A, B and C**, as of the Closing Date none of the Intellectual Property owned by such Grantor is the subject of any licensing or franchise agreement pursuant to which such Grantor is the licensor or franchisor as of the date hereof.

(e) All IP Collateral owned by such Grantor is, and shall remain, free and clear of all Liens, encumbrances, or security interests in favor of any Person, other than Permitted Liens.

(f) Such Grantor owns, or is licensed to use, all Intellectual Property reasonably necessary for the conduct of its business as currently conducted. No claim has been asserted and is pending by any Person challenging or questioning the use by such Grantor of any of its Intellectual Property, or the validity or effectiveness of any of its Intellectual Property, that could reasonably be expected to result in a Material Adverse Change. The use by such Grantor of the Intellectual Property does not infringe the rights of any Person in any respect that could reasonably be expected to result in a Material Adverse Change. No holding, decision or judgment has been rendered by any Governmental Authority which would limit, cancel or question the validity of, or such Grantor's rights in, any Intellectual Property in any respect that could reasonably be expected to result in a Material Adverse Change.

(g) Such Grantor shall give the Agent prompt written notice, with reasonable detail, following the occurrence of any of the following:

(i) Such Grantor's obtaining rights to, or acquiring ownership of, any new Intellectual Property or filing applications for registration of any new Intellectual Property (other than the acquisition by such Grantor of the right to sell products containing the trademarks of others in the ordinary course of such Grantor's business).

(ii) Such Grantor's becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor (other than commercially available off the shelf computer programs, products or applications and such Grantor's right to sell products containing the trademarks of others in the ordinary course of such Grantor's business).

(iii) Such Grantor's entering into any new Licenses with respect to the Intellectual Property (other than commercially available off the shelf computer programs, products or applications and such Grantor's right to sell products containing the trademarks of others in the ordinary course of such Grantor's business).

(iv) Such Grantor's knowing, or having reason to know, that any application or registration relating to any Intellectual Property may, other than as provided in Section 3 above, become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the PTO, the Copyright Office or any court or tribunal) regarding such Grantor's ownership of, or the validity or enforceability of, any Intellectual Property or such Grantor's right to register the same or to own and maintain the same.

SECTION 5. Agreement Applies to Future Intellectual Property.

(a) The provisions of this Agreement shall automatically apply to any such additional property or rights described in subsections (i), (ii), (iii) and (iv) of Section 4(g), above, all of which shall be deemed to be and treated as "Intellectual Property" within the meaning of this Agreement. Upon the acquisition by any Grantor of any additional Intellectual Property, such Grantor shall promptly deliver to the Agent an updated **EXHIBIT A, B, and/or C** (as applicable) to this Agreement and hereby authorizes the Agent to file, at such Grantor's expense, such updated Exhibit as set forth in Section 5(b); provided, however, that absent the occurrence and continuance of any Event of Default, Grantor shall only be required to provide such updates on a monthly basis in connection with delivery of a Compliance Certificate with respect to the applicable month.

(b) Each of the Grantors shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as the Agent may reasonably request to evidence the Agent's security interest in any Intellectual Property (including, without limitation, filings with the PTO, the Copyright Office or any similar office), and each of the Grantors hereby constitutes the Agent as its attorney-in-fact to execute and file all such writings for the foregoing purposes, all such acts of such attorney being hereby ratified and confirmed; provided, however, that the Agent's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

SECTION 6. Grantors' Rights To Enforce Intellectual Property. So long as no Event of Default exists, the Grantors shall have the exclusive right, in their commercially reasonable business judgment, to sue for past, present and future infringement of the Intellectual Property, including the right to seek injunctions and/or money damages in an effort by the Grantors to protect the Intellectual Property against encroachment by third parties, provided, however, that:

(a) The Grantors provide the Agent with written notice of the Grantors' institution of any legal proceedings for enforcement of any Intellectual Property, the infringement of which could reasonably be expected to result in a Material Adverse Change.

(b) Any money damages awarded or received by the Grantors on account of such suit (or the threat of such suit) shall constitute IP Collateral.

(c) Upon the occurrence and during the continuance of any Event of Default, the Agent, by notice to the Grantors, may terminate or limit the Grantor's rights under this Section 6.

SECTION 7. Agent's Actions To Protect Intellectual Property. In the event of

(a) any Grantor's failure to perform or observe any of such Grantor's covenants, agreements or other obligations hereunder; and/or

(b) the occurrence and continuance of any other Event of Default,

the Agent, acting in its own name or in that of any Grantor, may (but shall not be required to) act in any Grantor's place and stead and/or in the Agent's own right in connection therewith.

SECTION 8. Rights Upon Default. Upon the occurrence and during the continuance of an Event of Default, in addition to all other rights and remedies under this Agreement and the other Loan Documents, the Agent may exercise all rights and remedies of a secured party under the Uniform Commercial Code as adopted in the Commonwealth of Pennsylvania with respect to the Intellectual Property, in addition to which the Agent may sell, license, assign, transfer, or otherwise dispose of the Intellectual Property, subject to those restrictions to which such Grantor is subject under applicable law and by contract. Any person may conclusively rely upon an affidavit of an officer of the Agent that an Event of Default has occurred and that the Agent is authorized to exercise such rights and remedies. Upon the occurrence and during the continuance of an Event of Default, the use by the Agent of all Patents, Trademarks, Copyrights, Licenses and other Intellectual Property shall be worldwide and without any liability for royalties or other related charges from the Agent to the Grantors.

SECTION 9. Agent As Attorney-In-Fact.

(a) Each of the Grantors hereby irrevocably makes, constitutes and appoints the Agent (and all officers, employees or agents designated by the Agent) as and for such Grantor's true and lawful agent and attorney-in-fact, and in such capacity the Agent shall have

the right, with power of substitution for each Grantor and in each Grantor's name or otherwise, for the use and benefit of the Agent:

(i) To supplement and amend from time to time **EXHIBITS A, B and C** of this Agreement to include any newly developed, applied for, registered, or acquired Intellectual Property of such Grantor and any intent-to-use Trademark applications for which a statement of use or an amendment to allege use has been filed and accepted by the PTO.

(ii) Following the occurrence and during the continuance of an Event of Default, to exercise any of the rights and powers referenced herein.

(iii) Following the occurrence and during the continuance of an Event of Default, to execute all such instruments, documents, and papers as the Agent reasonably determines to be necessary or desirable in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Intellectual Property, subject to those restrictions to which such Grantor is subject under applicable law and by contract.

(b) The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated in writing by a duly authorized officer of the Agent.

(c) The Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by Section 9(a), but if the Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to any Grantor for any act or omission to act, except where a court of competent jurisdiction determines by final and nonappealable judgment that the subject act or omission to act has resulted from the gross negligence or willful misconduct of the Agent.

SECTION 10. Agent's Rights. Any use by the Agent of the Intellectual Property, as authorized hereunder in connection with the exercise of the Agent's rights and remedies under this Agreement and the Credit Agreement, shall be coextensive with the Grantor's rights thereunder and with respect thereto and without any liability for royalties or other related charges.

SECTION 11. Intent. This Agreement is being executed and delivered by the Grantors for the purpose of registering and confirming the grant of the security interest of the Agent in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of, the Security Interest (as defined in the Credit Agreement) granted to the Agent under the Credit Agreement. All provisions of the Credit Agreement (including, without limitation, the rights, remedies, powers, privileges and discretions of the Agent thereunder) shall apply to the IP Collateral. In the event of a conflict between this Agreement and the Credit Agreement, the

terms of this Agreement shall control with respect to the IP Collateral and the terms of the Credit Agreement shall control with respect to all other Collateral.

SECTION 12. Further Assurances. Each Grantor agrees, at its own expense, to execute, acknowledge, deliver and cause to be duly filed all such further documents, financing statements, agreements and instruments and take all such further actions as the Agent may from time to time reasonably request to better assure, preserve, protect and perfect the security interest in the IP Collateral granted pursuant to this Agreement and the rights and remedies created hereby or the validity or priority of such security interest, including the payment of any fees and taxes required in connection with the execution and delivery of this Agreement, the granting of the security interest and the filing of any financing statements or other documents in connection herewith or therewith.

SECTION 13. Continuing Agreement. This Agreement is a continuing agreement and shall continue in effect and be binding upon each of the Grantors until payment and performance in full, in cash, of the Obligations.

SECTION 14. Choice of Laws. It is intended that all rights and obligations under this Agreement, including matters of construction, validity, and performance, shall be governed by the laws of the Commonwealth of Pennsylvania.

SECTION 15. Counterparts. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Agreement by telecopy or e-mail shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 16. Headings. Section headings used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.
