TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT, dated as of February 1, 2016 (as it may be amended, restated, supplemented or otherwise modified or replaced from time to time, this "**Trademark Security Agreement**") is made by the Persons listed on the signature pages hereof (the "**Grantors**") in favor of Bank of America, N.A. as Administrative Agent (in such capacity, together with any successor administrative agent appointed pursuant to Article IX of the Credit Agreement or otherwise, the "**Administrative Agent**") for the ratable benefit of the Secured Parties.

WHEREAS, the Grantors own the Trademark Collateral (as defined below);

WHEREAS, TreeHouse Foods, Inc., as the Borrower, the Lenders from time to time party thereto and Bank of America, N.A., as Administrative Agent, Swingline Lender and L/C Issuer, are parties to that certain Amended and Restated Credit Agreement, dated as of February 1, 2016 (as it may be amended, restated, supplemented or otherwise modified, refinanced or replaced from time to time, the "**Credit Agreement**");

WHEREAS, the Grantors and the Administrative Agent are parties to that certain Security Agreement dated as of February 1, 2016 (as it may be amended, restated, supplemented or otherwise modified or replaced from time to time, the "**Security Agreement**") to, among other things, secure the Secured Obligations of the Grantors under the Loan Documents; and

WHEREAS, pursuant to the Security Agreement, each Grantor has granted a security interest in certain property, including, without limitation, certain Intellectual Property of such Grantor, to the Administrative Agent for the ratable benefit of the Secured Parties, and has agreed as a condition thereof to execute this Trademark Security Agreement for recording with the United States Patent and Trademark Office (the "**USPTO**").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Defined Terms. All capitalized terms used but not otherwise defined herein shall have the meanings given to them in the Security Agreement. As used herein "**Trademarks**" means (a) all trademarks, trade names, corporate names, company names, business names, Internet domain names, fictitious business names, trade dress, trade styles, service marks, certification marks, slogans, logos and other source or business identifiers and all general intangibles of like nature, and the rights in any of the foregoing which arise under applicable Law, and the goodwill associated therewith, all registrations and recordings thereof, and all applications in connection therewith, whether in the United States Patent and Trademark Office or in any similar office or agency of the United States or any state thereof or any other country or any political subdivision thereof, including any thereof referred to in Schedule 1(a) attached hereto, (b) all renewals thereof, (c) all income, fees, royalties, damages, claims and payments now or hereafter due and/or payable with respect to any of the foregoing, including damages or payments for past, present, or future infringements, misappropriations, or other violations of any of the foregoing, (d) the right to sue or otherwise recover for past, present, or

REEL: 005720 FRAME: 0730

future infringements, misappropriations, or other violations of any of the foregoing, and (e) all rights corresponding to any of the foregoing throughout the world.

SECTION 2. Grant of Security. To secure the prompt payment and performance in full when due, whether by lapse of time, acceleration, mandatory prepayment or otherwise, of the Secured Obligations, each Grantor hereby grants to the Administrative Agent, for the ratable benefit of the Secured Parties, a continuing security interest in, any and all right, title and interest of such Grantor in, to and under all of such Grantor's Trademarks, including those referred to on Schedule 1 hereto (all of the foregoing items or types of property being herein collectively referred to as the "**Trademark Collateral**"). Notwithstanding anything to the contrary contained herein, the security interests granted under this Trademark Security Agreement shall not extend to any intent-to-use trademark application prior to the filing, and acceptance by the USPTO, of a "Statement of Use" or "Amendment to Allege Use" with respect thereto, to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark application under applicable federal law.

SECTION 3. Recordation. This Trademark Security Agreement has been executed and delivered by each Grantor for the purpose of, among other things, recording the grant of security interest herein with the USPTO. Each Grantor authorizes and requests that the Commissioner for Trademarks and any other applicable government officer record this Trademark Security Agreement.

SECTION 4. Relationship to Security Agreement. The foregoing security interest is granted in conjunction with the security interests granted by each Grantor to the Administrative Agent pursuant to the Security Agreement. Each Grantor acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

SECTION 5. Miscellaneous. This Trademark Security Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be an original, but all of which shall constitute one and the same instrument. It shall not be necessary in making proof of this Trademark Security Agreement to produce or account for more than one such counterpart. This Trademark Security Agreement and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising under or relating to this Trademark Security Agreement shall be governed by, and construed in accordance with, the Law of the State of New York.
