## TRADEMARK ASSIGNMENT

This **TRADEMARK ASSIGNMENT** (the "Assignment"), dated as of February 10, 2016 (the "Effective Date"), is by and between Vitamin World, Inc., a Delaware corporation ("Assignor") and NBTY, Inc., a Delaware corporation, ("Assignee") (each, a "Party" and collectively, the "Parties").

**WHEREAS**, Assignor desires to sell, convey, assign, and transfer to Assignee, which desires to accept, all of Assignor's worldwide right, title, and interest in and to all trademarks, service marks, names, domain names, trade dress, logos, slogans, and other similar designation of source or origin set forth on Schedule A hereto, together with the goodwill associated with and symbolized by any of the foregoing, and all applications, registrations, renewals, and extensions therefor (collectively, the "Assigned Marks").

**NOW, THEREFORE**, for good and valuable consideration, including without limitation the entry of Assignee into the Trademark License Agreement between the Parties of even date herewith, the Parties agree as follows:

1. Conveyance. Assignor does hereby sell, convey, assign and transfer to Assignee all of Assignor's worldwide right, title and interest in and to the Assigned Marks, together with the goodwill associated therewith and symbolized thereby, and all benefits, privileges, causes of action, common law rights, and remedies relating thereto throughout the world, including, without limitation, exclusive rights to: (a) apply for and maintain all registrations, renewals and/or extensions thereof, (b) bring actions and recover damages for past, present and future infringement or other violation thereof and (c) grant licenses or other interests therein. Notwithstanding the foregoing, this Assignment will be construed as an agreement to assign to sell, convey, assign and transfer (and not a present sale, conveyance, assignment and transfer) of any Assigned Mark with respect to a jurisdiction in which this Assignment, were it construed as a present sale, conveyance, assignment and transfer, would impair the subsequent lawful and effective execution and recordation of a necessary jurisdiction-specific form.

2. Recordation. Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks and any other applicable governmental entity or registrar (including without limitation any applicable foreign or international office or registrar), to record Assignee as the owner of the Assigned Marks, and to issue any and all Assigned Marks to Assignee, as assignee of Assignor's entire right, title and interest in, to, and under the same. Assignee shall have the right to record this Assignment with all applicable governmental authorities and registrars so as to perfect its ownership of the Assigned Marks.

3. Further Assurances. Assignor shall provide Assignee, its successors, assigns or other legal representatives, reasonable cooperation and assistance at Assignee's request and expense (including the execution and delivery of any and all affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documentation as may be reasonably required) as are requested by Assignee to effect, perfect, register, maintain, defend, enforce or otherwise exploit the rights assigned herein, including without limitation: (a) the preparation and prosecution of any applications or registrations assigned herein; and (b) the prosecution or defense of any interference, opposition, reexamination, reissue, infringement or other

proceedings that may arise in connection with any of the rights assigned herein, including, but not limited to, testifying as to any facts relating to the rights assigned herein. If Assignee is unable for any reason, after reasonable effort, to secure the Assignor's signature on any document needed in connection with the actions specified above, Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents as its agent and attorney in fact, which appointment is coupled with an interest, to act for and in its behalf to execute, verify and file any such documents and to do all other lawfully permitted acts to further the purposes of this Section 3 with the same legal force and effect as if executed by the Assignor.

4. Successors and Assigns. This Assignment shall inure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns.

5. Counterparts. This Assignment may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. This Assignment shall become effective when each Party shall have received a counterpart hereof signed by the other Party. For the convenience of the Parties, any number of counterparts hereof may be executed, each such executed counterpart shall be deemed an original and all such counterparts together shall constitute one and the same instrument.

6. Descriptive Headings. The descriptive headings herein are inserted for convenience of reference only and are not intended to be part of or to affect the meaning or interpretation of this Agreement.

7. Governing Law. This Assignment shall be governed by and construed in accordance with the laws of the State of New York, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof, and any disputes regarding or arising out of this Assignment will be subject to the exclusive jurisdiction of the federal courts located in New York, New York.
