This Partial Termination and Release of Security Interest in Intellectual Property ("IP Release") is made as of February 26, 2016, by IKB DEUTSCHE INDUSTRIEBANK AG, a German corporation with an address at Wilhelm-Bötzkens-Straße 1, D-40474 Düsseldorf, Germany (the "Security Agent"). Capitalized terms used but not defined herein shall have the same meanings assigned to such terms in the IP Security Agreement (as defined below).

WITNESSETH:

WHEREAS DSI UNDERGROUND SYSTEMS, INC., a Delaware corporation with an address at 2711 Centerville Road, Suite 400, Wilmington, Delaware 19808 (the "Grantor"), entered into a certain intellectual property security agreement dated August 30, 2011 (the "IP Security Agreement") with the Security Agent, notice of which was recorded on September 14, 2011 at the United States Patent and Trademark Office at Reel 4622, Frame 0837, and at Reel 026907, Frame 0253.

WHEREAS, Grantor granted the Security Agent, under the terms of the IP Security Agreement, a continuing security interest (the "Security Interest") in favor of the Security Agent, in and to Grantor's Intellectual Property Collateral, including without limitation the Patents and Patent Licenses listed in Schedule A, and the Trademarks and Trademark Licenses listed in Schedule B, and all of the goodwill of the business connected with the use of, and symbolized by the Trademarks and Trademark Licenses, as well as all Proceeds and claims based on past, present, or future infringement.

WHEREAS, the Security Agent has agreed to terminate and release its Security Interest in all such Intellectual Property Collateral as herein provided.

NOW, THEREFORE, in consideration of the foregoing and intending to be legally bound, the Security Agent, for itself and on behalf of the lenders in association with the Security Interest, hereby releases, terminates and discharges any and all of its interest in the Intellectual Property Collateral of the Grantor, and all of the goodwill of the business connected with the use of, and symbolized by the Trademarks and Trademark Licenses, and assigns, transfers and conveys to Grantor any interest in the Intellectual Property Collateral, including the Security Interest and any other liens.
