## TRADEMARK, PATENT AND COPYRIGHT SECURITY AGREEMENT

THIS TRADEMARK, PATENT AND COPYRIGHT SECURITY AGREEMENT (this "Agreement") is made as of March 14, 2016 by **BROWN LLC**, a Minnesota limited liability company ("Brown") and **LYLE INDUSTRIES LLC**, a Minnesota limited liability company ("Lyle", and together with Brown and each Person joined hereto from time to time, collectively, the "Grantors" and each a "Grantor"), in favor of **FIDUS INVESTMENT CORPORATION**, a Maryland corporation, as a Lender and in its capacity as collateral agent for the Lenders ("Agent").

WHEREAS, Grantors (together with each Person joined as a borrower to the Loan Agreement from time to time, collectively the "Borrowers" and each a "Borrower") have entered into that certain Senior Subordinated Loan and Security Agreement dated as of the date hereof (as same may be amended, restated, supplemented or modified from time to time, the "Loan Agreement") with the Persons party thereto from time to time as lenders (the "Lenders") and Agent, pursuant to which Agent and Lenders have agreed to make loans and other extensions of credit to Borrowers; and

WHEREAS, Grantors have granted to Agent, for the benefit of Lenders, a security interest in substantially all of the assets of Grantors including all right, title and interest of Grantors in, to and under all now owned and hereafter acquired trademarks, patents and copyrights, together with the goodwill of the business symbolized by Grantors' trademarks and patents and all products and proceeds thereof, to secure the payment of all amounts owing by Borrowers under the Loan Agreement.

NOW, THEREFORE, in consideration of the premises set forth herein and for other good and valuable consideration, receipt and sufficiency of which are hereby acknowledged, Grantors agree with Agent as follows:

1. Incorporation of Loan Agreement. The Loan Agreement and the terms and provisions thereof are hereby incorporated in their entirety by this reference. All terms capitalized but not otherwise defined herein shall have the same meanings ascribed to them in the Loan Agreement.

2. Grant and Reaffirmation of Grant of Security Interests To secure the payment and performance of the Obligations under the Loan Agreement, each Grantor hereby grants to Agent, for the benefit of Lenders, a continuing security interest in such Grantor's entire right, title and interest in and to the following whether now owned or existing or hereafter created, acquired or arising:

(i) (a) all federally registered trademarks, trademark applications (except any intent-to-use trademark applications for which no statement of use has been filed), federally registered patents and patent applications now owned and hereafter developed or acquired by such Grantor, including without limitation those listed on Schedule 1 annexed hereto (such trademarks and trademark applications, the "Trademarks" and such patents and patent applications, the

“Patents”), together with all reissues, continuations or extensions thereof, and all of the goodwill of the business connected with the use of, and symbolized by, each Trademark; (b) all income, royalties, damages and payments now or hereafter due and/or payable under or with respect thereto, including, without limitation, payments under all licenses entered into in connection therewith and damages and payments for past, present or future infringements, dilutions and other violations thereof, (c) the right to sue for past, present and future infringements, dilutions and other violations thereof (including, injury to goodwill), (d) all other rights corresponding thereto throughout the world, and (e) all products and proceeds thereof; and

(ii) (a) all of such Grantor’s now-owned or existing and hereafter acquired or arising, right, title and interest in and to any and all copyrights and copyrightable works (whether statutory or common law, whether established or registered in the United States or any country or any political subdivision thereof), copyright registrations and renewals (“Registrations”), and applications for copyright registrations and renewals (“Applications”, together with the Registrations, the “Copyrights”), including without limitation the Copyrights set forth on Schedule II attached hereto, (b) all income, royalties, damages and payments now or hereafter due and/or payable under or with respect thereto, including, without limitation, payments under all licenses entered into in connection therewith and damages and payments for past, present or future infringements and other violations thereof, (c) the right to sue for past, present and future infringements and other violations thereof, (d) all other rights corresponding thereto throughout the world, and (e) all products and proceeds thereof.

3. Covenants. Each Grantor agrees not to sell, license, grant any option, assign or further encumber its rights and interest in the Trademarks, Patents and Copyrights without the prior written consent of Required Lenders. Each Grantor shall notify the Agent in writing pursuant to the notice provisions of the Loan Agreement and no later than five (5) Business Days after acquiring any rights in, to and/or under any and all Trademarks, Patents, and Copyrights that are not listed on the Schedules hereto, and such written notice shall include such details concerning such Trademarks, Patents and Copyrights as Agent may reasonably request in order to perfect and continue the perfection of Agent’s security interest hereunder, and each Grantor hereby authorizes the Agent to update the Schedules to this Agreement at any time and from time to time to incorporate such information. Each Grantor shall notify the Agent in writing pursuant to the notice provisions of the Loan Agreement and no later than five (5) Business Days after becoming aware of any claim by any Person that such Grantor’s use of any Trademark, Patent and/or Copyright infringes upon and/or violates the intellectual property rights of such Person.

4. Representations and Warranties. Each Grantor hereby represents and warrants to Agent as follows: (A) the Trademarks and Patents listed on Schedule 1 attached hereto constitute all federally registered trademarks, trademark applications, federally registered patents and patent applications owned or registered to such Grantor as of the date of this

Agreement and the Copyrights listed on Schedule 2 are all Registrations and Applications owned by such Grantor as of the date hereof; and (B) other than the Lien granted to Agent hereunder or as otherwise permitted in accordance with the terms of the Loan Agreement and the Other Documents, such Grantor has not granted any Liens on any of its Trademarks, Patents and/or Copyrights to any other Person.

5. Counterparts. In the event of any conflict between the terms of Intercreditor Agreement and the terms of this Agreement, the terms of the Intercreditor Agreement shall govern. Notwithstanding anything that may be contained herein to the contrary, all of the provisions of the Loan Agreement and the Other Documents, including without limitation, the covenants of the Credit Parties contained herein and therein and all of the rights, remedies and powers provided for herein and therein, are subject to the provisions of the Intercreditor Agreement (it being understood that any breach by any Credit Party of its obligations hereunder or thereunder shall nonetheless constitute a default (and to the extent provided herein or therein, an Event of Default) hereunder or thereunder, as applicable, notwithstanding the foregoing).
