ASSIGNMENT OF SECURITY INTEREST IN UNITED STATES PATENTS AND  
TRADEMARKS

THIS ASSIGNMENT OF SECURITY INTEREST IN UNITED STATES PATENTS AND TRADEMARKS (this “**Agreement**”), dated as of March 16, 2016, is made between BINSWANGER ENTERPRISES, LLC, a Colorado limited liability company (the “**Borrower**”), and KEYBANK NATIONAL ASSOCIATION, a national banking association (the “**Lender**”).

A. The Borrower and Lender have entered into a Credit and Security Agreement dated as of the date hereof (as at any time amended, restated, modified or supplemented, the “**Credit Agreement**”) pursuant to which Lender agreed to provide financing to Borrower.

B. Pursuant to the Credit Agreement, the Borrower has granted to Lender a security interest in substantially all of the Borrower’s present and future assets, including the Collateral identified below. To secure the Obligations and to supplement Lender’s security interest in such intellectual property pursuant to the Credit Agreement, the Borrower is executing and delivering this Agreement.

Accordingly, the parties hereto agree as follows:

1. Definitions. All capitalized terms used in this Agreement (including in the recitals hereof) and not otherwise defined herein shall have the meanings given in the Credit Agreement.

2. Security Interest.

(a) Grant of Security Interest. As security for the payment and performance of the Obligations when due, the Borrower hereby pledges, assigns and grants to the Lender a security interest in the following Collateral of Borrower:

(i) all patents and patent applications, domestic or foreign, all licenses relating to any of the foregoing and all income and royalties with respect to any licenses (including such patents and patent applications as described in Schedule A), all rights to sue for past, present or future infringement thereof, all rights arising therefrom and pertaining thereto and all reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof;

(ii) all state (including common law), federal and foreign trademarks, service marks and trade names, and applications for registration of such trademarks, service marks and trade names, all licenses relating to any of the foregoing and all income and royalties with respect to any licenses (including such trademark registrations and applications as described in Schedule B), whether registered or unregistered and wherever registered, all rights to sue for past, present or future infringement or unconsented use thereof, all rights arising therefrom and pertaining thereto and all reissues, extensions and renewals thereof;

(iii) the entire goodwill of or associated with the businesses now or hereafter conducted by the Borrower connected with the use of and symbolized by any of the aforementioned properties and assets;

(iv) all products, proceeds and supporting obligations of or with respect to any of the foregoing Collateral.

(b) Continuing Security Interest. The Borrower agrees that this Agreement shall create a continuing security interest in the Collateral which shall remain in effect until terminated in accordance with the Credit Agreement.

3. Supplement to Credit Agreement. The terms and provisions of this Agreement are intended as a supplement to the terms and provisions of the Credit Agreement. The rights and remedies of the Lender with respect to the security interests granted herein are without prejudice to, and are in addition to those set forth in the Credit Agreement, all terms and provisions of which are incorporated herein by reference.

4. Authorization to Supplement. If the Borrower shall obtain rights to any new trademarks, any new patentable inventions or become entitled to the benefit of any patent application or patent for any reissue, division, or continuation, of any patent, in each case other than with respect to Excluded Property, the provisions of this Agreement shall automatically apply thereto. Without limiting the Borrower's obligation under this Section 4, the Borrower authorizes the Lender to modify this Agreement by amending Schedules A or B to include any new patent or trademark rights other than with respect to Excluded Property. No failure to so amend Schedules A or B shall in any way affect, invalidate or detract from the Lender's continuing security interest in all Collateral, whether or not listed on Schedule A or B.

5. Further Acts. On a continuing basis, at the written request of the Lender, the Borrower shall make, execute, acknowledge and deliver, and file and record in the proper filing and recording places, all such instruments and documents, and take all such action as may be reasonably necessary or advisable or may be reasonably requested by the Lender to carry out the intent and purposes of this Agreement, or for assuring, confirming or protecting the grant or perfection of the security interest granted or purported to be granted hereby, to ensure the Borrower's compliance with this Agreement or to enable the Lender to exercise and enforce its rights and remedies hereunder with respect to the Collateral, including any documents for filing with United States Patent and Trademark Office (the "PTO") and/or any applicable state office. The Lender may record this Agreement, an abstract thereof, or any other document describing the Lender's interest in the Collateral with the PTO, including any modification hereof as provided above, at the expense of the Borrower.

6. Binding Effect. This Agreement shall be binding upon, inure to the benefit of and be enforceable by the Borrower and the Lender and their respective successors and assigns and shall bind any Person who becomes bound as a grantor under this Agreement.

7. Applicable Law. This Agreement, and the transactions evidenced hereby, shall be governed by, and construed under, the internal laws of the State of Colorado, without regard to principles of conflicts of law, as the same may from time to time be in effect, including, without limitation, the UCC.

8. Entire Agreement; Amendment. This Agreement, together with the terms of the Credit Agreement, contains the entire agreement of the parties with respect to the subject matter hereof and shall not be amended except by the parties as provided in the Credit Agreement.

9. Severability. The provisions of this Agreement are independent of, and separable from, each other, and no such provision shall be affected or rendered invalid or unenforceable by virtue of the fact that for any reason any other such provision may be invalid or unenforceable in whole or in part. If any provision of this Agreement is prohibited or unenforceable in any jurisdiction, such provision shall be ineffective in such jurisdiction only to the extent of such prohibition or unenforceability, and such prohibition or unenforceability shall not invalidate the balance of such provision to the extent it is not prohibited or unenforceable nor render prohibited or unenforceable such provision in any other jurisdiction.

10. Counterparts; Facsimiles. This Agreement may be executed in any number of counterparts, and by the Lender and the Borrower on separate counterparts, each of which, when so executed and delivered, shall be an original, but all of which shall together constitute one and the same Agreement. A counterpart hereof executed and delivered by facsimile or PDF shall be effective as an original for all applicable purposes.

11. Conflict of Terms. Except as otherwise explicitly provided in this Agreement, if any provision contained in this Agreement is in conflict with or inconsistent with any provision in the Credit Agreement, the provision contained in the Credit Agreement shall govern and control, to the extent of such conflict or inconsistency.
